Researching with Care Tula Brannelly, Marian Barnes, 2022-10-24 What are the implications of caring about the things we research How does that affect how we research who we research with and what we do with our results Proposing what Joan C Tronto has called a paradigm shift in research thinking this book invites researchers across disciplines and fields of study to do research that thinks and acts with care The authors draw on their own and others experiences of researching the troubles they encounter and the opportunities generated when research is approached as a caring practice Care ethics provides a guide from starting out designing and conducting projects to thinking about research legacies It offers a way in which research can help repair harms and promote justice

Constellations of Reading Carlo Salzani, 2009 How to read Walter Benjamin today This book argues that the proper way is through an approach which recognizes and respects his own peculiar theorization of the act of reading and the politics of interpretation that this entails The approach must be figural that is focused on images and driven by the notion of actualization Figural reading in the very sui generis Benjaminian way understands figures as constellations whereby an image of the past juxtaposes them with an image of the present and is thus actualized To apply this method to Benjamin s own work means first to identify some figures The book singles out the Fl neur the Detective the Prostitute and the Ragpicker and then sets them alongside a contemporary account of the same figure the Fl neur in Juan Goytisolo s *Landscapes after the Battle* 1982 the Detective in Paul Auster s *New York Trilogy* 1987 the Prostitute in Dacia Maraini s *Dialogue between a Prostitute and her Client* 1973 and the Ragpicker in Mudrooroo s *The Mudrooroo M ller Project* 1993 The book thereby on the one hand analyses the politics of reading Benjamin today and on the other sets his work against a variety of contemporary aesthetics and politics of interpretation

Gender and the politics of time Valerie Bryson, 2007-11-21 Women s increased role in the labour market has combined with concerns about the damaging effects of long working hours to push time related issues up the policy agenda in many Western nations This wide ranging and accessible book assesses policy alternatives in the light of feminist theory and factual evidence The book introduces mainstream ideas on the nature and political significance of time and re frames them from a feminist perspective to provide a critical overview of policies in Western welfare states Themes covered include gender differences in time use and the impact of time poverty on women s citizenship the need to value time spent giving and receiving care the social

meanings of time and whether we can talk about women's time and men's time and the role of the past in framing policy options today The book is essential reading for all those interested in gender inequality time use or work rest of life balance It will be an invaluable resource for students and academics throughout the social sciences *Intervening in Northern Ireland* Marysia Zalewski, John Barry, 2014-02-04 The articles in this special issue drawn from a workshop hosted by the Institute of Governance Queen's University Belfast explicitly engage with and challenge conventional academic analyses in order to confront the ways in which the conflict on Northern Ireland has traditionally been represented and understood Part of the reason for adopting this approach is because it is suggested that to a certain extent academic analyses have defined the parameters of the conflict which has necessarily had implications for the shape of ensuing solutions A further claim is that the persistent historical and political search for causes and solutions may be constitutive of the problems that conventional analysts seek to resolve The articles in the first part introduce and problematize traditional analyses of the conflict Additionally these essays explain alternative approaches offering other ways of thinking about how the problem of Northern Ireland has been constituted The second part comprises empirically focused essays each either engaging with or confronting the issue of the liberal hegemony that defines most analyses of the conflict The final essay returns to more explicitly re-consider how the problem of Northern Ireland has been theorized represented and understood This book was previously published as a special issue of Critical Review of International Social and Political Philosophy
