together with one of the twentieth century's greatest spiritual teachers. One of the most important life events is falling in love yet we never learn about it in school. Societies and religions force us into models and thought forms that are often in opposition to an organic model of love which is instead institutionalized by marriage, religious affiliations and nationalism. This results in love that is for most people a painful challenge in one form or another throughout life. In these modern days where the focus shifts more and more to realizing one's individual potential, Osho's *The Power of Love: What Does It Take for Love to Last a Lifetime* helps us to direct our search for love by widening our view, showing us that love has many manifestations and is not limited to the other. One manifestation of love is meditation, a life-changing experience that allows the flowering of real love within oneself and toward others. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi, Nehru and Buddha who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

The Book of Children Osho, 2013-07-16 Children have a natural authenticity and freedom, a joyfulness and a playfulness and a natural creativity. This book calls for a children's liberation movement to break through the patterns and create the opportunity for an entirely new way of relating as human beings.

Intelligence Osho, 2007-04-01 In *Intelligence: The Creative Response*, Osho reveals a different approach to thinking about our brainpower. Now one of the twentieth century's greatest spiritual teachers reveals a different approach to thinking about our brainpower. In *Intelligence*, Osho challenges the common conception that the best way to promote intelligence is to train the intellect. Intellect is logical; he says, intelligence is paradoxical. Intellect takes things apart to see how they work; intelligence puts things together to see the functioning of the whole. Osho posits that when our education systems put too much emphasis on developing intellect, an imbalance is created and both the individual and the society suffer. It is only through intelligence that we can respond creatively to the challenges of a changing world. By exploring the distinction between intellect and intelligence, *Intelligence* encourages readers to be more aware of how they approach problems, logical, emotional and practical, and how they solve them. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi, Nehru and Buddha who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

EditBuild **Learning to Silence the Mind** Osho, 2012-08-21 The mind says Osho has the potential to be enormously creative in dealing with the challenges of everyday life and the problems of the world in which we live. The difficulty, however, is that instead of using the mind as a helpful servant, we have largely allowed it to become the master of our lives. Meditation is the switch that can silence the mind. A

sharper more relaxed and creative mind one that can function at the peak of its unique intelligence is the potential Osho introduces meditation for contemporary life Back cover

Fear Osho,2012-10-16 One of the greatest spiritual teachers of the twentieth century invites you on a journey through what makes human beings afraid and how confronting fears strengthens us In **Fear Understanding and Accepting the Insecurities of Life** Osho takes the reader step by step over the range of what makes human beings afraid from the reflexive fight or flight response to physical danger to the rational and irrational fears of the mind and its psychology Only by bringing the light of understanding into fear s dark corners he says airing out closets and opening windows and looking under the bed to see if a monster is really living there can we begin to venture outside the boundaries of our comfort zone and learn to live with and even enjoy the fundamental insecurity of being alive **Fear** features a series of meditation experiments designed to help readers experience a new relationship with fear and to begin to see fears not as stumbling blocks but as stepping stones to greater self awareness and trust Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Power, Politics, and Change Osho,2011-04-12 One of the twentieth century s greatest spiritual teachers examines how to maintain your benevolent motivations without falling prey to the controlling tendencies inherent in those seeking to lead others **Power Politics and Change What Can I Do to Help Make the World a Better Place** takes on the conventional wisdom that power corrupts and proposes instead that those who seek power are already corrupt Once they attain their goal their corruption simply has the opportunity to express itself That s why even those who seek power in order to bring about radical change so often fail despite their best intentions Osho looks at where this will to power comes from how it expresses itself not only in political institutions but in our everyday relationships In the process he offers a vision of relationships and society based not on power over others but on a recognition of the uniqueness of every individual Featuring an original talk by Osho on DVD you ll experience his philosophies and values straight from the source Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

The Book of Women Osho,2014-08-05 In **The Book of Women A Celebration of Women and the Female Spirit** one of the twentieth century s greatest spiritual teachers discusses the importance and value of feminine strengths The woman should search into her own soul for her own potential and develop it and she will have a beautiful

future Osho explores the role of women in our society Up until now he says both religious institutions and politics have remained male dominated not only male dominated but male chauvinistic This has created so many of the crises that we see in the world now brought about by excesses of ambition competitiveness and greed In these pages Osho challenges readers to reclaim and assert the feminine qualities of love joy and celebration to bring a reunion of the intellect and the heart that is so desperately needed He looks to the female spirit in all of us as a way to nurture the soul and cultivate a healthy relationship with spirituality Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world *The Journey of Being Human* Osho,2012-04-24 The Osho Life Essentials series focuses on the most important questions in the life of the individual Each volume contains timeless and always contemporary investigations into and discussions of questions vital to our personal search for meaning and purpose focusing on questions specific to our inner life and quality of existence
