Love In Action A Practical Study Of Christian Ethics:

Love in Action Michael C. Armour, 2000-10-01 Love God and love your neighbor These are the two greatest commands according to Jesus But how do you do that and what does it mean in real life terms This well written study will help your group members see practical ways to carry out these commands and will help them become people that truly love Love and Christian Ethics Frederick V. Simmons, 2016-12-15 At the heart of Christian ethics is the biblical commandment to love God and to love one's neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In Love and Christian Ethics nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research Love and Christian Ethics is sure to become a benchmark resource in the field **The Routledge Handbook of Research**

Stone, 2023-09-26 The Political Crisis and Christian Ethics addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of

2020 Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought. It is developed further in the political theory of Paul Tillich. The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles' work and in the author's critique of just peacemaking in the work of Glen Stassen. Domestically, the issues of race inequality, ecology, and healthcare are addressed from the perspective of prophetic realism. The book concludes in terms of Alfred North Whitehead's philosophy of education and religion and a vision of the good president. In summary, *The Political Crisis and Christian Ethics* is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy. New Dictionary of Christian Ethics & Pastoral Theology David J. Atkinson, David F. Field, Arthur F. Holmes, Oliver O'Donovan, 2013-11-21. Encompassing a wide range of topics from the timely health care and business ethics to the traditional atonement, suffering, and the kingdom of God, this work features an easy-to-use reference system and eighteen articles that introduce readers to key themes in moral, pastoral, and practical theology. Edited by David J. Atkinson and David F. Field with consulting editors Arthur Holmes and Oliver O'Donovan. The Pastor as Friend? Dan Holder, 2025-01-23. Have you ever wondered what it means for pastors to be friends with people in their churches? This is the fascinating question that Dan Holder dives into in this thought-provoking book. He uses in-depth interviews with ordained pastors and their real-life struggles and joys to get close to the essence of what friendship and friendliness mean in the pastoral setting. Reflecting theologically on the findings and grappling with the thought and experience of figures such as Bonhoeffer, Moltmann, and C. S. Lewis, he takes up in detail the four elements found to be essential to friendship: mutuality, affection, freedom, and openness. Then envisioning what revised forms of practice for pastors in a local congregation might look like, he formulates nine themes for a fruitful approach to pastoral friendship. Holder doesn't shy away from the tough questions or try to offer easy answers. Instead, he invites readers into a nuanced, thoughtful exploration of the topic, one that acknowledges both the potential pitfalls and the profound opportunities of these relationships. Prepare to be inspired, challenged, and encouraged. Who knows? Readers may just discover a new vision for the role of friendship in their own lives and ministries. **Research On Altruism & Love** Stephen Post, 2003-05-15. *Research on Altruism and Love* is a compendium of annotated bibliographies reviewing literature and research studies on the nature of love. An essay introduces each of the annotated bibliographies. A variety of literature directly related to science and love issues or supporting those issues is covered in the *Religious Love Interfaces with Science* section. This annotated bibliography is unique in that it approaches the field from a decidedly religious perspective. It includes classical expositions of love that continue to influence contemporary scholars, including Plato's work on eros, the work and words of Jesus, Aristotle, Augustine, Hippo, Martin Luther, Kierkegaard, and Gandhi, among others. The contemporary discussion includes Anders Nygren's theological arguments in his classic *Agape and Eros*, Pitirim Sorokin, and others. An issue that often emerges in this literature is the question of the nature and definition of love. A second annotated bibliography features current empirical research in

the field of Personality and Altruism with a focus on social psychology Among the topics covered are the altruistic personality altruistic behavior empathy helping behavior social responsibility and volunteerism Methodologies are diverse and studies include experiments local and national surveys naturalistic observation and combinations of these The Evolutionary Biology annotated bibliography covers the most significant works on altruism and love in the field of biology and evolutionary psychology The fourth and final annotated bibliography in this volume is entitled Sociology of Faith Based Volunteerism Here the focus is on literature on the interface of helping behavior and religious organizations as well as major pieces on voluntary associations

The World Calling Thomas W. Ogletree, 2004-01-01 Thomas Ogletree has devoted much of his career to exploring the significance of Ernst Troeltsch's seminal work *The Social Teaching of the Christian Churches* The articles in *The World Calling* use a Troeltschian lens to explore fundamental issues underlying any Christian social witness in the context of American democratic institutions
