Love In Greece:

Love, Sex & Marriage in Ancient Greece Nikolaos A. Vriissimtzis, 1995 Love in Ancient Greece Robert Flacelière, 1973 *Ancient Greek Love Magic* Christopher A. FARAONE, Christopher A. Faraone, 2009-06-30 The ancient Greeks commonly resorted to magic spells to attract and keep lovers as numerous allusions in Greek literature and recently discovered voodoo dolls magical papyri gemstones and curse tablets attest Surveying and analyzing these various texts and artifacts Christopher Faraone reveals that gender is the crucial factor in understanding love spells There are he argues two distinct types of love magic the curselike charms used primarily by men to torture unwilling women with fiery and maddening passion until they surrender sexually and the binding spells and debilitating potions generally used by women to sedate angry or philandering husbands and make them more affectionate Faraone's lucid analysis of these spells also yields a number of insights about the construction of gender in antiquity for example the femininity of socially inferior males and the maleness of autonomous prostitutes Most significantly his findings challenge the widespread modern view that all Greek men considered women to be naturally lascivious Faraone reveals the existence of an alternate male understanding of the female as naturally moderate and chaste who uses love magic to pacify and control the naturally angry and passionate male This fascinating study of magical practices and their implications for perceptions of male and female sexuality offers an unusual look at ancient Greek religion and society

In the Orbit of Love David Konstan, 2018-06-15 This book is about love in the classical world not erotic passion but the kind of love that binds together intimate members of a family and very close friends but which may also be extended to include a wider range of individuals for whom we care deeply The book begins with a discussion of friendship focusing particularly on the Greek notion that in friendship the identities of two friends all but merge into one The book then turns to the question of loyalty and why loyalty seems not to have achieved the status of a virtue in classical thought The next chapter considers love in relation to generosity favors and gratitude There follows a discussion of grief which is a symptom of the loss of a loved one The final chapter treats love as the basis of civic solidarity In each case love is at the basis of the relations under examination In this the book departs from the more usual analysis of these affective ties in terms of reciprocity which in one way or another involves an expectation of return Seen this way such relationships seem to have a selfish or at least self centered dimension as distinct from truly other regarding attitudes While it is true that the ancient sources sometimes describe these relations including friendship as forms of mutual obligation there is also a counter strand that emphasizes genuine altruism and it is this aspect that the book seeks to bring out A close look at how love drew into its orbit the various relations examined in this book may shed light on some central features not only of ancient habits of thought but also it is to be hoped our own

Greek Love J. Z. Eglinton, 1971 **Love in Ancient Greece** Robert Flacelière, 1973 **The Eye of the Xenos, Letters about Greece (Durrell Studies 3)** Richard Pine, Vera Konidari, 2021-05-04 The condition of Greece ever since its establishment as a sovereign state in 1830 has been the subject of

intense international debate centring on its pivotal role in the Balkans This has been aggravated by Greece's economic collapse in 2010 and by the ongoing refugee crisis by environmental disasters terrorism and the Macedonian question This book's analysis and assessment of Greek social cultural and political life is trenchant up front and passionate based on the author's belief that one cannot love Greece without also mourning the fault lines in bureaucracy and the dynastic politics which have dominated it since its inception This book features a selection of the author's Letters from Greece from The Irish Times and his Eye of the Xenos from the Greek newspaper Kathimerini in its entirety in both English and a Greek translation including columns which Kathimerini refused to print due to the nature of their political commentary Greek Love Songs and Epigrams from the Anthology ,1911 The American Greek Review ,1925 **The Greek slave; or, Filial love.
