Allie Ernst,2009-06-24 In the popular imagination Martha has become synonymous with the harried housewife fretting over excessive preparations The Martha known to early Christians is far removed from this stereotype Martha was better known for her role in the story of the raising of Lazarus and as apostle and witness of the resurrection This book gathers and assesses the early traditions about Martha in text liturgy and iconography It shows that the significance of Martha has been seriously underestimated and recovers an important and widespread tradition of Martha as apostle and authority figure for early Christians The analysis of Martha traditions with attention to issues of gender and authority render this book an

Gavrilyuk, Andrew P. Hofer, Matthew Levering, 2024-07-19 Modern theological engagements on deification have undergone two major paradigm shifts First the study of deification shifted from the periphery of theological discourse to its center For Adolf von Harnack deification was a pagan import that fatally corrupted and distorted the Gospel message of salvation In response the positive retrieval of the concept of deification belongs to the early years of the twentieth century By the 1910s in Russian religious thought and by the 1930s in much Roman Catholic theology deification had become a magnet concept attracting attention from many different viewpoints The second important shift relates to how deification is characterized Recent studies question the exclusively Eastern character of deification and draw attention to the engagements of this theme in Latin patristic and later Western Christian sources Reassessing the evidence for these two major shifts The Oxford Handbook of Deification comprehensively explores the points of convergence and difference on the constitutive elements of deification in different traditions and offers a foundation for ecumenical and interreligious dialogues The Handbook's first part analyzes the cultural and scriptural roots of deification the second part explores the most significant historical contributions to the understanding of deification in the early medieval and modern periods the third part develops systematic connections Readers will discover a surprising breadth depth and diversity of theologies of deification in Christian traditions Throughout the Handbook leading scholars in the field of Deification Studies propose vital new insights from a variety of perspectives for this central mystery at the heart of the Christian faith **Human Perfection in Byzantine Theology** Alexis Torrance, 2020-10-16 To what kind of existence does Christ call us Christian theology has from its inception posited a powerful vision of humanity's ultimate and eternal fulfilment through the person and work of Jesus Christ How precisely to understand and approach the human perfection to which the Christian is summoned is a question that has vexed the minds of many and diverse theologians Orthodox Christian theology is notable for its consistent interest in this question and over the last century has offered to the

West a wealth of theological insight on the matter drawn both from the resources of its Byzantine theological heritage as well as its living interaction with Western theological and philosophical currents In this regard the important themes of personhood deification epektasis apophaticism and divine energies have been elaborated with much success by Orthodox theologians but not without controversy Human Perfection in Byzantine Theology addresses the question of human perfection in Orthodox theology via a retrieval of the sources examining in turn the thought of leading representatives of the Byzantine theological tradition St Maximus the Confessor St Theodore the Studite St Symeon the New Theologian and St Gregory Palamas The overarching argument of this study is that in order to present an Orthodox Christian understanding of human perfection which remains true to its Byzantine inheritance supreme emphasis must be placed on the doctrine of Christ especially on the significance and import of Christ s humanity The intention of this work is thus to keep the creative approach to human destiny in Orthodox theology firmly moored to its theological past

Isaac of Nineveh's Ascetical Eschatology

Jason Scully, 2017-11-03 Isaac of Nineveh s Ascetical Eschatology demonstrates that Isaac s eschatology is an original synthesis based on ideas garnered from a distinctively Syriac cultural milieu Jason Scully investigates six sources relevant to the study of Isaac s Syriac source material and cultural heritage These include ideas adapted from Syriac authors like Ephrem John the Solitary and Narsai but also adapted from the Syriac versions of texts originally written in Greek like Evagrius s Gnostic Chapters Pseudo Dionysius s Mystical Theology and the Pseudo Macarian homilies Isaac s eschatological synthesis of this material is a sophisticated discourse on the psychological transformation that occurs when the mind has an experience of God It begins with the premise that asceticism was part of God s original plan for creation Isaac says that God created human beings with infantile knowledge and that God intended from the beginning for Adam and Eve to leave the Garden of Eden Once outside the garden human beings would have to pursue mature knowledge through bodily asceticism Although perfect knowledge is promised in the future world Isaac also believes that human beings can experience a proleptic taste of this future perfection Isaac employs the concepts of wonder and astonishment in order to explain how an ecstatic experience of the future world is possible within the material structures of this world According to Isaac astonishment describes the moment when a person arrives at the threshold of eschatological perfection but is still unable to comprehend the heavenly mysteries while wonder describes spiritual comprehension of heavenly knowledge through the intervention of divine grace

Isaac of Syria Maximus the Confessor Symeon the New Theologian and Gregory Palamas In the Stillness Waiting provides an accessible introduction to these saints of Eastern Christianity and how they serve as wise spiritual guides for all Christians today

The Resounding Soul Samuel Kimbriel, Eric Austin Lee, 2016-09-29 It is surely not coincidental that the term soul should mean not only the centre of a creature's life and consciousness but also a thing or action characterised by intense vivacity that bike's got soul It also seems far from coincidental that the same contemporary academic discussions that have largely cast aside the language of soul in their quest to define the character of human mental life should themselves be so bloodless or so lacking in soul The Resounding Soul arises from the opposite premise that the task of understanding human nature is bound up with the more critical task of learning to be fully human The papers collected here are derived from a conference in Oxford sponsored by the Centre of Theology and Philosophy and explore the often surprising landscape that emerges when human consciousness is approached from this angle Drawing upon literary philosophical theological historical and musical modes of analysis these essays remind the reader of the power of the ancient language of soul over against contemporary impulses to reduce fragment and overly determine human selfhood

The Oxford Handbook of Maximus the Confessor Pauline Allen, Bronwen Neil, 2015-03-26 Maximus the Confessor c 580 662 has become one of the most discussed figures in contemporary patristic studies This is partly due to the relatively recent discovery and critical edition of his works in various genres including On the Ascetic Life Four Centuries on Charity Two Centuries on Theology and the Incarnation On the Our Father two separate Books of Difficulties addressed to John and to Thomas Questions and Doubts Questions to Thalassius Mystagogy and the Short Theological and Polemical Works The impact of these works reached far beyond the Greek East with his involvement in the western resistance to imperial heresy notably at the Lateran Synod in 649 Together with Pope Martin I 649 53 CE Maximus the Confessor and his circle were the most vocal opponents of Constantinople's introduction of the doctrine of monothelitism This dispute over the number of wills in Christ became a contest between the imperial government and church of Constantinople on the one hand and the bishop of Rome in concert with eastern monks such as Maximus John Moschus and Sophronius on the other over the right to define orthodoxy An understanding of the difficult relations between church and state in this troubled period at the close of Late Antiquity is necessary for a full appreciation of Maximus' contribution to this controversy The editors of this volume aim to provide the political and historical background to Maximus' activities as well as a summary of his achievements in the spheres of theology and philosophy especially neo Platonism and Aristotelianism
