Manuel Puig And The Spider Woman His Life And Fiction:

Manuel Puig and the Spider Woman Suzanne Jill Levine, 2001 This is the first biography now available in paperback of Manuel Puig 1932 1990 Argentinian author of *Kiss of the Spider Woman* and pioneer of high camp Suzanne Jill Levine his principal English translator draws upon years of friendship as well as copious research and interviews *The Cinematic Novel and Postmodern Pop Fiction* Décio Torres Cruz, 2019-12-05 D cio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cin roman and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig *Betrayed* by Rita Hayworth *Heartbreak Tango* *The Buenos Aires Affair* *Kiss of the Spider Woman* and *Pubis angelical* Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig s hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire **Sex, Needs and Queer Culture** Doctor David Alderson, 2016-04-15 The belief of many in the early sexual liberation movements was that capitalism s investment in the norms of the heterosexual family meant that any challenge to them was invariably anti capitalist In recent years however lesbian and gay subcultures have become increasingly mainstream and commercialized as seen for example in corporate backing for pride events while the initial radicalism of sexual liberation has given way to relatively conservative goals over marriage and adoption rights Meanwhile queer theory has critiqued this homonormativity or assimilation as if some act of betrayal had occurred In *Sex Needs and Queer Culture* David Alderson seeks to account for these shifts in both queer movements and the wider society and argues powerfully for a distinctive theoretical framework Through a critical reassessment of the work of Herbert Marcuse as well as the cultural theorists Raymond Williams and Alan Sinfield Alderson asks whether capitalism is progressive for queers evaluates the distinctive radicalism of the counterculture as it has mutated into queer and distinguishes between avant garde protest and subcultural development In doing so the book offers new directions for thinking about sexuality and its relations to the broader project of human liberation *The New York Times Book Reviews* 2000 New York Times Staff, 2001 This anthology examines *Love s Labours Lost* from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource *The*

Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African, Asian, Anglophone, Caribbean, and Latinx writers. Furthermore, post-Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra, and Valeria Luiselli. Yet for many readers, the Latin American novel is often read in a piecemeal manner, delinked from the traditions, authors, and social contexts that help explain its evolution. The *Oxford Handbook of the Latin American Novel* draws literary, historical, and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity; for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the region's representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

Approaches to Teaching Puig's Kiss of the Spider Woman Daniel Balderston, Francine Masiello, 2007 Manuel Puig's 1976 *Kiss of the Spider Woman*, translated into English in 1979 and adapted as an Academy Award-winning film, expanded the idiom of the novel, mixing cinema, fiction, romance, and song, and challenged the third-person narration that was dominant in Latin American Boom fiction. Students are drawn to the conversational style of the novel and the melodramatic seductions of the tale, but they need guidance to appreciate the novel's richness as a work of literature. This volume of the MLA's *Approaches to Teaching* series suggests ways instructors can help students grasp the novel's exploration of state and sexual politics and discern the strategies of narration that underlie the conversations between the two main characters. In part 1, *Materials*, the editors discuss versions and translations of the novel, provide readings, and resources give an overview of the historical and political background of 1970s Argentina and outline the author's biography. The thirteen essays in part 2, *Approaches*, written by distinguished scholars of Latin American literature, offer close textual analysis, examine the author's use of cinematic references, and present suggestions for teaching Hector Babenco's film adaptation alongside the written text.

Irritable Bodies and Postmodern Subjects in Pynchon, Puig, Volponi Giorgio Mobili, 2008 Irritable Bodies and Postmodern Subjects in Pynchon Puig Volponi examines the recurrence of violent body figuration in the fiction of Pynchon Puig and Volponi and also in the fiction of several other postmodern authors who published their literature during the last quarter of the twentieth century Different as they may be these authors engage in analogous representative strategies as their prose is frequently and similarly disrupted by obscene images of wounded torn or deformed bodies In their mix of irony and morbidity in the hyper reality of their depiction in the unwarranted apparently random nature of their occurrence these shocking outbreaks exemplify an uncompromisingly irritable style which is one fundamental element of postmodernist representation The author argues how through their fascination with obscene material these writers address burning issues about the significance of the corporeal in a seemingly discourse defined universe This book is a great resource for literary graduate students who are interested in a comparative approach to contemporary literature

Sub-versions of the Archive Carlos Riobó, 2010-12-29 Sub Versions of the Archive Manuel Puig's and Severo Sarduy's Alternative Identities analyzes recent theories of the archive to examine how Manuel Puig and Severo Sarduy reformulate the Latin American literary tradition This study focuses on eclectic theories of the archive as both repository and danger drawing from an array of sources both within and outside the Hispanic literary tradition from Borges Foucault Arrom Derrida González Echevarría and Guillory to digital media and biotechnology This book also applies theories of cultural contamination Maria Lugones and symbolic capital Pierre Bourdieu to the novels of Puig and Sarduy to explore the representation of marginal cultures within a body of literature that previously altered or elided these subaltern cultures from the tradition Through close readings and critical theoretical applications this book demonstrates how archival fiction continues to be one of the most popular strategies among Latin American novelists and most importantly how they have successfully managed to find new ways to inscribe their alternative fictions within this tradition Puig's and Sarduy's novels reproduce discourses popular culture and the mass media that lack prestige within the traditional archive These discourses mirror realities of marginal groups gay people children the poor the illiterate women and racial minorities Their cultural variants sub versions of hegemonic masterstories are endowed with truth bearing power for them but were

previously left out of the archive as legitimate novelistic models To date this is the only study of contemporary Latin American fiction that puts current theories of the archive especially that of Roberto Gonz lez Echevarra to practice in such a systematic way Riob s analysis of how Puig and Sarduy reformulate the Latin American canon is both a necessary complement of Gonz lez Echevarra s work and an intelligent answer to the first of his projected masterstories Riob s multidisciplinary approach

History and National Ideology in Greek Postmodernist Fiction Gerasimos

Katsan,2013-04-04 History and National Ideology in Greek Postmodernist Fiction investigates the ways postmodernist literary techniques have been adopted by Greek authors Taking into consideration the global impetus of postmodernism the book examines its local implications Framed by a discussion of major postmodernist thinkers the book argues for the ability of local cultures to retain their uniqueness in the face of globalization while at the same time adapting to the new global situation The combination of external global influences and the specific internal concerns of Greek national literature makes the emergence of postmodernism in Greece distinctive from that of other national contexts The book engages in larger theoretical debates about the crisis of national identity in the context of postmodern globalization and the resurgence of nationalist ideology either as a response to globalization or the exigencies of historical events This crisis has been brought on in part by the very postmodernist and poststructuralist questioning of the ideologies upon which nation states construct themselves The central argument of the book is that postmodernist Greek writers question the idea of national identity based on both the impact of globalization and a reexamination of the discourses of national ideology they suggest a turn away from the traditional concerns with cultural homogeneity towards an acceptance of multiplicity and diversity which is reflected through experimentation with postmodernist literary techniques Consequently the unifying idea of this book is national identity as it is reconfigured in recent contemporary novels My analysis incorporates the view that metafiction is a borderline or marginal discourse that exists on the boundary between fiction and criticism The book illuminates the connections between the formal concerns of contemporary authors and the larger debates and philosophical underpinnings of postmodernism in general

Pólvara, sangre y sexo Assen Kokalov, 2014-03-01 The book examines the links between literature and film in Latin America by using queer theory and a series of recent cultural productions whose arguments destabilize traditional gender roles and heteronormative masculinity For many years the connections between a literary text and its film adaptation have been considered only from the point of view of the latter s fidelity to the written work which many scholars imagined to be the original that filmmakers needed to respect Within the last two decades however the idea of adaptation fidelity has been challenged by a number of critics who refute the existence of an original text and promote the notion of an ambiguous and complex relationship between a literary work and its film adaptation Based on such developments and with the help of queer theory this book questions and revises several crucial theoretical approximations that analyze the relations between the two art forms in an attempt to overcome the limitations of fidelity discourse This is the

first book length study that seeks to examine with the appropriate detail the connections between film and literature in Latin America through the lenses of queer theory and by focusing on the representations of numerous practices that do not fit within the general framework of heteronormative sexuality The Invention of Morel Adolfo Bioy Casares, 2003-08-31 Jorge Luis Borges declared The Invention of Morel a masterpiece of plotting comparable to The Turn of the Screw and Journey to the Center of the Earth Set on a mysterious island Bioy's novella is a story of suspense and exploration as well as a wonderfully unlikely romance in which every detail is at once crystal clear and deeply mysterious Inspired by Bioy Casares's fascination with the movie star Louise Brooks The Invention of Morel has gone on to live a secret life of its own Greatly admired by Julio Cortázar Gabriel García Márquez and Octavio Paz the novella helped to usher in Latin American fiction's now famous postwar boom As the model for Alain Resnais and Alain Robbe-Grillet's Last Year in Marienbad it also changed the history of film **Great Adaptations: Screenwriting and Global Storytelling** Alexis Krasilovsky, 2017-10-02 Great
