Manuel Puig And The Spider Woman His Life:

Manuel Puig and the Spider Woman Suzanne Jill Levine, 2001 This is the first biography now available in paperback of Manuel Puig 1932 1990 Argentinian author of Kiss of the Spider Woman and pioneer of high camp Suzanne Jill Levine his principal English translator draws upon years of friendship as well as copious research and interviews Sex, Needs and Queer Culture Doctor David Alderson, 2016-04-15 The belief of many in the early sexual liberation movements was that capitalism s investment in the norms of the heterosexual family meant that any challenge to them was invariably anti capitalist In recent years however lesbian and gay subcultures have become increasingly mainstream and commercialized as seen for example in corporate backing for pride events while the initial radicalism of sexual liberation has given way to relatively conservative goals over marriage and adoption rights Meanwhile queer theory has critiqued this homonormativity or assimilation as if some act of betrayal had occurred In Sex Needs and Queer Culture David Alderson seeks to account for these shifts in both queer movements and the wider society and argues powerfully for a distinctive theoretical framework Through a critical reassessment of the work of Herbert Marcuse as well as the cultural theorists Raymond Williams and Alan Sinfield Alderson asks whether capitalism is progressive for queers evaluates the distinctive radicalism of the counterculture as it has mutated into queer and distinguishes between avant garde protest and subcultural development In doing so the book offers new directions for thinking about sexuality and its relations to the broader project of human liberation

Approaches to Teaching Puig's Kiss of the Spider Woman Daniel Balderston, Francine Masiello, 2007 Manuel Puig s 1976 Kiss of the Spider Woman translated into English in 1979 and adapted as an Academy Award winning film expanded the idiom of the novel mixing cinema fiction romance and song and challenged the third person narration that was dominant in Latin American Boom fiction Students are drawn to the conversational style of the novel and the melodramatic seductions of the tale but they need guidance to appreciate the novel s richness as a work of literature This volume of the MLA s Approaches to Teaching series suggests ways instructors can help students grasp the novel s exploration of state and sexual politics and discern the strategies of narration that underlie the conversations between the two main characters In part 1 Materials the editors discuss versions and translations of the novel provide readings and resources give an overview of the historical and political background of 1970s Argentina and outline the author s biography The thirteen essays in part 2 Approaches written by distinguished scholars of Latin American literature offer close textual analysis examine the author s use of cinematic references and present suggestions for teaching H ctor Babenco s film adaptation alongside the written text

The Cambridge Companion to Jorge Luis Borges Edwin Williamson,2013-12-05 A comprehensive account of Borges s life and work including his early and late poetry and his hugely influential short stories The Cambridge Companion to Mario Vargas Llosa Efrain Kristal, John King,2011-12-15 One of the major novelists in world literature over the last five decades Mario Vargas Llosa b 1936 is also one of Latin America s most engaging public intellectuals a critic of art and

culture and a playwright of distinction This Companion's chapters chart the development of Vargas Llosa's writings from his rise to prominence in the early 1960s to the award of the Nobel Prize for Literature in 2010 The volume traces the development of his literary trajectory and the ways in which he has re invented himself as a writer His vast output of narrative fiction is the main focus but the connections between his concerns as a creative writer and his rich career as a cultural and political figure are also teased out in this engaging informative book The Boom Femenino in Mexico Nuala Finnegan, Jane E. Lavery, 2010-04-16 The Boom Femenino in Mexico Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades In its exploration of the boom femenino phenomenon the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women s writing from Mexico In this way it engages critically with the cultural historical and literary significance of the term illuminating the concept for a wide range of readers It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as women s writing and the very definition of literature itself Many of the contributors grapple with the theoretical tensions that such debates provoke offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres The project is comprehensive in its scope and for the first time brings together scholars from Mexico the U S and Europe in a transnational forum The book posits that despite certain aesthetic and thematic commonalities the increased output by women writers in Mexico cannot be appraised as a unified literary movement Instead it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best selling work of ngeles Mastretta Elena Poniatowska and Laura Esquivel as well as the social and political preoccupations of journalists Rosanna Reguillo and Cristina Pacheco Contributors offer readings of the aesthetic visions of writers as diverse as Carmen Boullosa Ana Garc a Bergua and Eve Gil while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel Sabina Berman Brianda Domecq and Mar a Luisa Puga There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom femenio is thriving Above all the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated It is clear from the collection that interest in such issues is still alive and that the debate is far from over Humanities Lawrence Boudon, 2005-02-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook

cultural review that gathered together prominent Argentine intellectuals throughout the last guarter of the twentieth century Directed by cultural historian and public intellectual Beatriz Sarlo the story of the magazine serves as a lens to study the evolution of Argentine intellectuals from the leftist mobilization of the 1960s through periods of military dictatorship and then the shifting politics of democratization in the 1980s and 1990s The book argues that the way in which the Argentine intellectual left negotiated the political and cultural transformations of the late twentieth century can be understood as the history of two political defeats that of the revolutionary utopias of the 1960s and 1970s and that of the social democrat project in the 1980s By adopting an interdisciplinary approach this book encompasses a wide range of debates taking place in Argentina from the years prior to the dictatorship to the postdictatorship period Chilean Cinema in the Twenty-First-Century World Carl Fischer, Vania Barraza, 2020-10-20 Intended for scholars students and researchers of film and Latin American studies Chilean Cinema in the Twenty First Century World evaluates an active and emergent film movement that has yet to receive sufficient attention in global cinema studies Pop Culture in Latin America and the Caribbean Elizabeth Gackstetter Nichols, Timothy R.
