Manuel Neri Plasters:

Manuel Neri, 1981 **Manuel Neri**, 1989 **Manuel Neri** Jock Reynolds, 2018 This engaging publication examines the prodigious body of work of American sculptor Manuel Neri b 1930 through the unique perspective of one of Neri's former students. A near contemporary of other notable California-based artists Richard Diebenkorn and Wayne Thiebaud, Neri is best known for his large-scale figurative sculptures that combine classical figuration with the dynamic mark-making of Abstract Expressionism. The book traces the compelling yet often contradictory thematic arcs of Neri's powerful work and his greater impact on the field of sculpture. At the heart of the publication are Jock Reynolds's personal reflections on Neri and his legacy as a teacher, adding insight and intimacy to the scholarly understanding of the artist. Photographs of Neri in his studio, archival images, and installation photos of the related exhibition at the Yale University Art Gallery round out the book. With its blend of art history and personal reflection, this unique book offers valuable insight into an important understudied California artist. Manuel Neri Bruce Nixon, Manuel Neri, 2006 A new monograph of relief sculptures and related drawings by this celebrated contemporary artist, Neri is the 2006 recipient of the Lifetime Achievement Award presented by the International Sculpture Center Manuel Neri: a Study of His Figurative Work in Plaster Anna Novakov, 1983 **Manuel Neri and the Assertion of Modern Figurative Sculpture** Bruce Nixon, Alexander Nemerov, 2017 The exploration of the human figure has been the pursuit of artists for millennia. Manuel Neri b 1930, a California native and former student of Richard Diebenkorn and Nathan Oliveira, has spent a lifetime accentuating the gesture, surface, and materiality of the figure. He renders his work in several different mediums that include plaster, marble, bronze, and paper. This exhibition, drawn from and celebrating gifts donated to the museum by The Manuel Neri Trust, provides a glimpse into the artist's creative process and his quest to define the figure on his own terms. Manuel Neri is known for his prolonged artistic engagement with the figure in a variety of materials, starting with plaster in the late 1950s and moving into bronze and marble. The seven sculptures in the outdoor installation reference Neri's origins with plaster and his expressionistic manipulation of the medium. By casting plaster in bronze, tactile surfaces are preserved and enhanced Manuel Neri Manuel Neri, 1993 Manuel Neri Contemporary Realist Gallery, 2005 *Bay Area Figurative Art, 1950-1965* Caroline A.
