**Manuscript, Society and Belief in Early Christian Egypt** Colin Henderson Roberts,1983 *Manuscript, Society and Belief in Early Christian Egypt* Colin H Roberts,1979-05-10 The origins and development of the Church in Egypt remain one of the vexed problems of early Christian history Dr C H Roberts examines the evidence of the Christian papyri discovered in Egypt to see what light they cast on the problems and how far they support statements in our ancient authorities or the theories of modern scholars Jesus and Gospel Graham Stanton,2004-07-08 Publisher Description *Encountering the Manuscripts* Philip Wesley Comfort,2005 Encountering the Manuscripts focuses on the most significant New Testament manuscripts from the perspective of paleography and textual criticism **Pachomius** Philip Rousseau,2023-11-15 Pachomius who died in 346 has long been regarded as the founder of monasticism Available again Philip Rousseau s careful reading of the available texts reveals that Pachomius s pioneering enterprise has been consistently misread in light of later monastic practices Rousseau not only provides a fuller and more accurate portrait of this great teacher and spiritual director but also gives a new perspective on the development of monasticism In a new preface Rousseau reviews the scholarly developments that have modified his views and emphases since the book was published The result is to make Pachomius an even less assured pioneer a man likely to have been more involved in the village and urban society of his time than previously thought Pachomius who died in 346 has long been regarded as the founder of monasticism Available again Philip Rousseau s careful reading of the available texts reveals that Pachomius s pioneering enterprise has been consistently misread in light of later mo **The Early Coptic Papacy** Stephen J. Davis,2017-09-12 The Copts adherents of the Egyptian Orthodox Church today represent the largest Christian community in the Middle East and their presiding bishops have been accorded the title of pope since the third century AD This study analyzes the development of the Egyptian papacy from its origins to the rise of Islam How did the papal office in Egypt evolve as a social and religious institution during the first six and a half centuries AD How do the developments in the Alexandrian patriarchate reflect larger developments in the Egyptian church as a whole in its structures of authority and lines of communication as well as in its social and religious practices In addressing such questions Stephen J Davis examines a wide range of evidence letters sermons theological treatises and church histories as well as art artifacts and archaeological remains to discover what the patriarchs did as leaders how their leadership was represented in public discourses and how those representations definitively shaped Egyptian Christian identity in late antiquity The Early Coptic Papacy is Volume 1 of The Popes of Egypt A History of the Coptic Church and Its Patriarchs Also available Volume 2 The Coptic Papacy in Islamic Egypt 641 1517 Mark N Swanson and Volume 3 The Emergence of the Modern Coptic Papacy Magdi Girgis Nelly van Doorn Harder **Encyclopedia of Early Christianity** Everett Ferguson,2013-10-08 First published in 1997 What s new in the Second Edition Some 250 new entries twenty five percent more than in the first edition plus twenty five new expert contributors Bibliographies are greatly expanded and updated

The Routledge Companion to Early Christian Thought D. Jeffrey Bingham, 2009-12-15 The shape and course which Christian thought has taken over its history is largely due to the contributions of individuals and communities in the second and third centuries Bringing together a remarkable team of distinguished scholars The Routledge Companion to Early Christian Thought is the ideal companion for those seeking to understand the way in which Early Christian thought developed within its broader cultural milieu and was communicated through its literature especially as it was directed toward theological concerns Divided into three parts the Companion asks how Christianity's development was impacted by its interaction with cultural philosophical and religious elements within the broader context of the second and third centuries examines the way in which Early Christian thought was manifest in key individuals and literature in these centuries analyses Early Christian

thought as it was directed toward theological concerns such as God Christ Redemption Scripture and the community and its worship

**The Formation of Christendom** Judith Herrin, 2021-10-19 A groundbreaking history of how the Christian West emerged from the ancient Mediterranean world

**Christian Initiation and Baptism in the Holy Spirit** Kilian McDonnell, George Montague, 2017-02-02 Up to now the teaching on baptism in the Holy Spirit has been based on a few scriptural texts whose interpretation was disputed This doubt cast its shadow on those who promote baptism in the Holy Spirit Now new evidence has been found in early post biblical authors Tertullian Hilary of Poitiers Cyril of Jerusalem John Chrysostom Philoxenus and the Syrians which demonstrates that what is called baptism in the Holy Spirit was integral to Christian initiation baptism confirmation Eucharist Because it was part of initiation into the Church it was not a matter of private piety but of public worship Therefore it was and remains normative This is an intriguing ground breaking study of value to RCIA teams pastors theology teachers and students and Church offices

**The Question of Canon** Michael J Kruger, 2020-05-21 For many years now the topic of the New Testament canon has been the main focus of my research and writing It is an exciting field of study that probes into questions that have long fascinated both scholars and laymen alike namely when and how these 27 books came to be regarded as a new scriptural deposit But the story of the New Testament canon is bigger than just the when and the how It is also and perhaps most fundamentally about the why Why did Christians have a canon at all Does the canon exist because of some later decision or action of the second or third century church Or did it arise more naturally from within the early Christian faith itself Was the canon an extrinsic phenomenon or an intrinsic one These are the questions this book is designed to address And these are not micro questions but macro ones They address foundational and paradigmatic issues about the way we view the canon They force us to consider the larger framework through which we conduct our research whether we realized we had such a framework or not Of course we are not the first to ask such questions about why we have a canon Indeed for many scholars this question has already been settled The dominant view today as we shall see below is that the New Testament is an extrinsic phenomenon a later ecclesiastical development imposed on books originally written for another purpose This is the framework through which much of modern scholarship operates And it is the goal of this volume to ask whether it is a compelling one To be sure it is no easy task challenging the status quo in any academic field But we should not be afraid to ask tough questions Likewise the consensus position should not be afraid for them to be asked

*Gnosticism, Judaism, and Egyptian Christianity* Birger A. Pearson, In this important contribution to the scholarly study of Egyptian Gnosticism Pearson situates Gnosticism in its historical context and describes its manifold relationships to Judaism early Christianity and ancient Platonism Birger Pearson gives special attention to the controversial issue of the impact of Gnosticism on early Egyptian Christianity up to the Muslim conquest of the seventh century Pearson is one of the most thorough and perceptive scholars in Gnostics studies today The topics he deals with here are current and important and no doubt will remain so for some time This volume is a must for everyone in

the field Douglas M Parrott University of California Riverside Uniformly excellent contributions on the subject Students and teachers will benefit from Pearson's insightful and creative observations Marvin Meyer Chapman College

**Christianity at the Crossroads** Michael J. Kruger, 2018-03-06 Christianity in the twenty first century is a global phenomenon But in the second century its future was not at all certain Michael Kruger's introductory survey examines how Christianity took root in the second century how it battled to stay true to the vision of the apostles and how it developed in ways that would shape both the church and Western culture over the next two thousand years

**Desert Christians** William Harmless, 2004-06-17 In this book William Harmless provides an accessible introduction to early Christian monastic literature from Egypt and beyond He introduces the reader to the major figures and literary texts as well as offering an up to date survey of current questions and scholarship in the field The text is enhanced by the inclusion of chronologies maps outlines illustrations and bibliographies The book will not only serve as a text for graduate and advanced undergraduate courses on early Christianity the Desert Fathers and Christian asceticism but it should stimulate further research by making the fruits of recent scholarship more readily and widely available

**Numerals in Early Greek New Testament Manuscripts** Zachary Cole, 2017-05-08 In Numerals in Early Greek New Testament Manuscripts Zachary J Cole provides the first in depth examination of the seemingly obscure yet important topic how early Christian scribes wrote numbers and why While scholars have long been aware that Christian scribes occasionally used numerical abbreviations in their books few have been able to make much sense of it This detailed analysis of numerals in manuscripts up through the fifth century CE uncovers a wealth of palaeographical and codicological data Among other findings Zachary J Cole shows that some numerals can function as visual links between witnesses that numbers sometimes though rarely functioned like nomina sacra and that Christians uniquely adapted their numbering system to suit the needs of public reading

**Religious Identifications in Late Antique Papyri** Mattias Brand, Eline Scheerlinck, 2022-10-17 This volume provides novel social scientific and historical approaches to religious identifications in late antique 3rd-12th century Egyptian papyri bridging the gap between two academic fields that have been infrequently in full conversation papyrology and the study of religion Through eleven in depth case studies of Christian Islamic pagan Jewish Manichaean and Hermetic texts and objects this book offers new interpretations on markers of religious identity in papyrus documents written in Coptic Greek Hebrew Aramaic and Arabic Using papyri as a window into the lives of ordinary believers it explores their religious behavior and choices in everyday life Three valuable perspectives are outlined and explored in these documents a critical reflection on the concept of identity and the role of religious groups a situational reading of religious repertoire and symbols and a focus on speech acts as performative and efficacious utterances Religious Identifications in Late Antique Papyri offers a wide scope and comparative approach to this topic suitable for students and scholars of late antiquity and Egypt as well as those interested in late antique religion A PDF version of this book is available for free in Open Access at [www.taylorfrancis.com](http://www.taylorfrancis.com) It has been made available under a

**The Text of the Earliest New Testament Greek Manuscripts** David P. Barrett, Philip Wesley Comfort, 2019-10-22

The manuscripts that form the Greek New Testament are scattered throughout the world and are usually only accessible to scholars and professionals. These were the manuscripts read by the earliest Christians which comprised their New Testament. In his volumes Philip Wesley Comfort bridges the gap between these extant copies and today's critical text by providing accurate transcriptions of the earliest New Testament manuscripts with photographs on the facing pages so readers can see the works for themselves. Comfort also provides an introduction to each manuscript that summarizes the contents, date, current location, provenance, and other essential information, including the latest findings. This allows students and scholars to make well-informed decisions about the translation and interpretation of the New Testament. Volume 1 includes manuscripts from Papyrus 1-72. Volume 2 includes manuscripts from Papyrus 75-139, as well as from the uncials. In addition, it features a special section on determining the date of a manuscript. This two-volume set replaces the previously published single volume *Text of the Earliest New Testament Greek Manuscripts* as it contains many new manuscripts, updated research, and higher quality images of all manuscripts previously covered.

**The African Memory of Mark** Thomas C. Oden, 2011-07-27 We often regard the author of the Gospel of Mark as an obscure figure about whom we know little. Many would be surprised to learn how much fuller a picture of Mark exists within widespread African tradition. Tradition holds that Mark himself was from North Africa, that he founded the church in Alexandria, that he was an eyewitness to the Last Supper and Pentecost, that he was related not only to Barnabas but to Peter as well, and accompanied him on many of his travels. In this provocative reassessment of early church tradition, Thomas C. Oden begins with the palette of New Testament evidence and adds to it the range of colors from traditional African sources, including synaxaries, compilations of short biographies of saints to be read on feast days, archaeological sites, non-Western historical documents, and ancient churches. The result is a fresh and illuminating portrait of Mark, one that is deeply rooted in African memory and seldom viewed appreciatively in the West.
