Manuscripts Of The Canterbury Tales:

The Manuscripts of the Canterbury Tales Charles Abraham Owen, 1991 Owen investigates what the manuscripts of the Canterbury Tales reveal about the way they came into being see revs This study of the manuscripts of the Canterbury Tales calls into question previous efforts to explain the complexities the different orderings of the tales and the extraordinary shifts in textual affiliations within the manuscripts Owen sees the manuscripts that survive most of them collections of all or almost all the tales as derived from the large number of single tales and small collections that circulated after Chaucer's death This theory takes issue with all modern editions of the Canterbury Tales which in Owen's view reflect the effort of medieval scribes and supervisors to make a satisfactory book of the collection of fragments Chaucer left behind It is this collection of fragments the authentic Tales of Canterbury by Geoffrey Chaucer which reflects the different stages of the plan that was still evolving at his death CHARLES A OWEN Jr is former Professor of English and Chairman of Medieval Studies at the University of Connecticut A Catalogue of Chaucer Manuscripts M.C. Seymour, 2017-03-02 This second volume which completes the first comprehensive catalogue of Chaucer's manuscripts describes the 56 extant copies and the fragments of 8 otherwise lost copies of the Canterbury Tales These manuscripts last examined together over 50 years ago are here described after a fresh appraisal and in the light of modern scholarship and some revisions of date decoration dialect location provenance and script are suggested The Introduction defines some of the major textual problems posed by the manuscripts and presents some thoughts thereon while suggesting solutions to some incidental cruces The Indices and Appendices record the citation of lost and unidentified copies of the Canterbury Tales the names of former owners and associates and addenda et corrigenda for Volume I The Catalogue is designed as a reference work for those teachers and students who wish to know what and where the extant material is without the labour of its collection and for those able in the various specialities of manuscript bibliography to advance present knowledge *A detailed comparison of the eight manuscripts of Chaucer's Canterbury tales* John Koch, 1967 **A Detailed Comparison of the Eight Manuscripts of Chaucer's Canterbury Tales as Completely Printed in the Publications of the Chaucer Society** John Koch, 1913 *A Detailed Comparison of the Eight Manuscripts of Chaucer's Canterbury Tales...* John Koch (professeur à Berlin, A. Canterbury Tales As Completely Printed in the Publications of the Chaucer Society For the same reason I must content myself with a few remarks on the general character and the relations of the Mss Here treated of at the end of each paragraph as a comprising discussion of the various readings would occupy much more space than is permitted to me and this the more so as from the comparatively few complete Mss At my disposal it would be impossible to arrive at a definite result as to the connection of their wide spread ramifications Still I hope to have in my concluding paragraph drawn some conclusions which will not be without interest in the still unsettled question of constructing a really critical text of the canterbury tales About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Catalogue of Chaucer Manuscripts: The Canterbury tales Michael C. Seymour, 1995

The Canterbury Tales Geoffrey Chaucer, 2008-04-25 The Broadview Canterbury Tales is a new edition of the complete tales in a text based on the famous Ellesmere Manuscript Here one may read a Middle English text that is closer to what Chaucer s scribe Adam Pinkurst actually wrote than that in any other modern edition Unlike most editions which draw on a number of manuscripts to recapture Chaucer s original intention this edition preserves the text as it was found in one influential manuscript Spellings have not been standardized the order of the lines and passages has not been altered the text has only been emended when absolutely necessary for sense and the original marginal glosses are noted throughout The edition includes English glosses on the side of the page and the introduction and notes address aspects of medieval culture history and language that may need explanation A sampling of illustrations from the original manuscript is also included along with a selection of other works that give the reader a rich sense of the cultural political and literary worlds in which

McCormick, 1982-02 The Eight-text Edition of the Canterbury Tales Walter William Skeat, 1909 *Design and Distribution of Late Medieval Manuscripts in England* Margaret Connolly, Linne R. Mooney, 2008 New essays on late medieval manuscripts highlight the complicated network of their production and dissemination One of the most important developments in medieval English literary studies since the 1980s has been the growth of manuscript studies Long regarded as mere textual repositories and treated superficially by editors manuscripts are now acknowledged as centrally important in the study of later medieval texts The essays collected here discuss aspects of the design and distribution of manuscripts in late medieval England with a particular focus on vernacular manuscripts of the late fourteenth fifteenth and early sixteenth centuries Those in the first half consider material evidence for scribal decisions about design these range from analysis of individual codices to broader discussions of particular types of manuscripts both religious and secular Later essays look at the evidence for the production and distribution of manuscripts of specific English texts or types of text These include the major Middle English poems *The Canterbury Tales* and *Piers Plowman* as well as key religious works such as *Love's Mirror* Hilton's *Scale of Perfection* the *Speculum Vitae* and *The Pricke of Conscience* all of which survive in significant numbers of manuscripts The comparison of secular and devotional texts illuminates shared networks of production and dissemination and increases our knowledge of regional and metropolitan book production in the period before printing Contributors DANIEL W MOSSER JACOB THAISEN TAKAKO KATO SHERRY L REAMES AMELIA GROUNDS ALEXANDRA BARRATT JULIAN M LUXFORD LINNE R MOONEY MICHAEL G SARGENT JOHN J THOMPSON MARGARET CONNOLLY RALPH HANNA GEORGE R KEISER *Canterbury Tales* Geoffrey Chaucer, Consists of 12 000 sheets of photostatic copies of manuscripts of the *Canterbury Tales*
