**The effect of the economic downturn on the people in the West Midlands** Great Britain: Parliament: House of Commons: West Midlands Regional Committee,2010-01-26 This report is the Committee's second inquiry in the effect of the economic downturn on the people of the region The Committee's terms of reference are what problems exist and how their effect can be minimised in advance of an economic upturn how effectively Government agencies and other regional bodies are addressing these problems and what advice and assistance people need to help them live more sustainable lifestyles in the future The Committee was particularly interested in the level of indebtedness and home repossessions availability of

appropriate training the adequacy of assistance and social cohesion The Committee is concerned that some of those areas most in need of additional Government assistance may not be aware of new funding available and do not have the capacity to bid for it They understand that the Taskforce should not be seen as the answer to every problem in the region and that it was set up to focus on the initial economic impact of the downturn However the Taskforce has reach within the region and uninhibited connection to Whitehall It is also recognised that the region s third sector has not been as fully engaged as they had hoped Look Down, see the women weep Francis Ferguson,2014-01-03 A novel about a young Englishman who experiences Karen village life in the mountains of Northern Thailand He discovers how to see the lowlands from the viewpoint of the Karen people living in the mountains rather than the viewpoint of people who look up from the lowlands imagining they see barbarians living in primitive villages Inward investment in Wales Great Britain: Parliament: House of Commons: Welsh Affairs Committee,2012-02-21 Additional written evidence is contained in Volume 3 available on the Committee website at [www.parliament.uk/welshcom](http://www.parliament.uk/welshcom) **Hordes** Leon De Kock,2012-05-11 A story that could come true tomorrow When Ishmael Jacobson creates a virus that stops the ageing process in humans and animals alike chaos could be the only result Striving towards a dream of eternal life everybody do what they can to get infected with the virus even if it means breaking the law It is up to detective Lindique to try to stop the spread of the virus but is it too late Soon the world is filled with people and every day more and more are born The ground turns barren too tired to keep on giving life to billions upon billions of humans who are trying to scrape another morsel of food out of the dust When there is no more food to eat there is always the neighbour In the end there is only one person who can start the ageing process in humans again and it is the person who started the whole problem to begin with coming full circle Transmigrate to 1976 , Gaosping,2020-07-08 Gu Min qian An Accident Crossing to the 1970s The condition be very hard not enough to eat not enough to sleep But with a loved one by my side When a family was together no matter how bitter their life was they could still live a sweet life
