Many Lives Intertwined A Memoir:

Many Lives Intertwined Hyun Sook Han, Kari Ruth, 2004 Hyun Sook Han was born in Korea during a time when the Japanese occupied her country prior to World War II. She was still only a child when the Korean War broke out and she had to flee Seoul with her family. In the horror of that experience passing thousands of abandoned and dead children, she made a promise that she would come back to them as soon as she could. In the chaos and poverty of post-war Korea, she started on her path to fulfill that promise. In this book, Hyun Sook Han relates the very distinct lives she has led and how they've all come together in one amazing whole. Daughter, student, refugee, wife, emigrant, social worker, mother, Korean American, and adoption pioneer. Those who know only one of her lives will be fascinated to read about the others from the publisher.

Until I Find You Rachel Nolan, 2024-01-09 During Guatemala's decades-long civil war, tens of thousands of children, many of them Indigenous Maya, were coerced or kidnapped from their homes. They became commodities in a booming private adoption business and most wound up in the United States. Rachel Nolan explores the human toll of a global industry that thrives on exploitation.

Framed by War Susie Woo, 2019-11-19 An intimate portrait of the postwar lives of Korean children and women. Korean children and women are the forgotten population of a forgotten war. Yet during and after the Korean War, they were central to the projection of US military, cultural, and political dominance. *Framed by War* examines how the Korean orphan, GI baby, adoptee, birth mother, prostitute, and bride emerged at the heart of empire. Strained embodiments of war, they brought Americans into Korea and Koreans into America in ways that defined and at times defied US empire in the Pacific. What unfolded in Korea set the stage for US postwar power in the second half of the twentieth century and into the twenty-first. American destruction and humanitarianism, violence and care, played out upon the bodies of Korean children and women. *Framed by War* traces the arc of intimate relations that served as these foundations. To suture a fragmented past, Susie Woo looks to US and South Korean government documents and military correspondence, US aid organization records, Korean orphanage registers, US and South Korean newspapers and magazines, and photographs, interviews, films, and performances. Integrating history with visual and cultural analysis, Woo chronicles how Americans went from knowing very little about Koreans to making them family and how Korean children and women who did not choose war found ways to navigate its aftermath in South Korea, the United States, and spaces in between. *Asian American Fiction, History and Life Writing* Helena Grice, 2012-11-12

The last ten years have witnessed an enormous growth in American interest in Asia and Asian American history. In particular, a set of key Asian historical moments have recently become the subject of intense American cultural scrutiny: namely, China's Cultural Revolution and its aftermath, the Korean American war and its legacy, the era of Japanese geisha culture and its subsequent decline, and China's one-child policy and the rise of transracial international adoption in its wake. Grice examines and accounts for this cultural and literary preoccupation, exploring the corresponding historical, political situations that have both circumscribed and enabled greater cultural and political contact.
