Mao Zedong A Preliminary Reassessment:

Mao Zedong Stuart R. Schram, 1983 **Dialectical Materialism** Zedong Mao, Nick Knight, 2016-09-16 New and annotated translations of philosophical essays written by Mao Zedong in 1937 which have come to be regarded as a cornerstone in the development of Chinese Marxism The editor analyzes their textual philosophical and historical significance Carl Schmitt, Mao Zedong and the Politics of Transition Qi Zheng, 2015-10-22 This book develops a new way of reading and benefiting from Schmitt's legal and political theories It explores Schmitt's theories from the perspective of what I refer to as the politics of transition It also contributes to identifying the real theoretical relationship between Schmitt and Mao The Rhetoric of Mao Zedong Xing Lu, 2022-04-13 This thorough examination of Mao's speeches and writings and how they reshaped a nation is critical to an understanding of modern China Choice Mao Zedong fundamentally transformed China from a Confucian society characterized by hierarchy and harmony into a socialist state guided by communist ideologies of class struggle and radicalization It was a transformation made possible largely by Mao's rhetorical ability to attract persuade and mobilize millions of Chinese people In this book Xing Lu analyzes Mao's speeches and writings over a span of sixty years tracing the sources and evolution of his discourse analyzing his skills as an orator and mythmaker assessing his symbolic power and continuing presence in contemporary China and observing that Mao's rhetorical legacy has been commoditized culturally consumed and politically appropriated since his death Applying both Western rhetorical theories and Chinese rhetorical concepts to reach a more nuanced and sophisticated understanding of his rhetorical legacy Lu shows how Mao employed a host of rhetorical appeals and strategies drawn from Chinese tradition and how he interpreted the discourse of Marxism Leninism to serve foundational themes of his message She traces the historical contexts in which these themes his philosophical orientations and his political views were formed and how they transformed China and Chinese people Lu also examines how certain ideas are promoted modified and appropriated in Mao's rhetoric His appropriation of Marxist theory of class struggle his campaigns of transforming common people into new communist advocates his promotion of Chinese nationalism and his stand on China's foreign policy all contributed to and were responsible for reshaping Chinese thought patterns culture and communication behaviors *Marxist Philosophy in China : From Qu Qiubai to Mao Zedong, 1923-1945* Nick Knight, 2006-01-01 This book recounts the history of Marxist philosophy in China between 1923 and 1945 through the writings and activities of four philosophers Qu Qiubai Ai Siqi Li Da and Mao Zedong Two of these philosophers Qu and Mao were also political activists and leaders but their contribution to this history is as important if not more so than the contribution of Ai and Li who were predominantly philosophers and scholars The inclusion of Qu and Mao underlines the intimate connection between philosophy and politics in the revolutionary movement in China It is not possible to speak credibly of Marxist philosophy in China without considering the political context within which its introduction elaboration and dissemination proceeded Indeed each of the philosophers considered in this book repudiated the notion that the study of

philosophy was a scholastic intellectual exercise devoid of political significance Each of these philosophers regarded himself as a revolutionary and considered philosophy to be useful precisely because it could facilitate a comprehension of the world and so accelerate efforts to change it By the same token each of these philosophers took philosophy seriously each bent his mind to the daunting task of mastering the arcane and labyrinthian philosophical system of dialectical materialism

Philosophy might well be political they believed but this was no excuse for philosophical dilettantism **The Philosophical Influences of Mao Zedong** Robert Elliott Allinson, 2019-09-19 This philosophical Mao is a fresh portrait of the mind of the ruler who changed the face of China in the twentieth century The book traces the influences of both traditional Chinese and traditional pre Marxist Western philosophy on the early Mao and how these influences guided the development of his thought It reveals evidence of the creative dimensions of Mao's thinking and how he wove the yin yang pattern of change depicted in the Yijing the Chinese Book of Changes into the Marxist dialectic to bring ancient Chinese philosophy to mark changes in twentieth century thought Mao's lifetime philosophical journey includes his interpretations of and comments on both Chinese and Western philosophers His deep metaphysical reflections uncanny prognostications and pensive speculations from his early pre Marxist period to his later philosophical years prove to be as startling as they are thought provoking

Comparative Political Philosophy Anthony Parel, Ronald C. Keith, 2003-01-01 Comparative Political Philosophy Studies Under the Upas Tree examines four major traditions of political philosophy and discusses similarities in their key ideas and assumptions An intellectually daring enterprise this fascinating volume focuses on key texts from Chinese Indian Western and Islamic political philosophy *The Thought of Mao Tse-Tung* Stuart Reynolds Schram, 1989-07-13 Professor Schram

Class and the Communist Party of China, 1921-1978 Marc Blecher, David S G Goodman, Yingjie Guo, Jean-Louis Rocca, Tony Saich, 2022-02-24 Examining the interaction between the Communist Party of China CCP and specific social categories including peasants workers the middle classes and the dominant class with a focus on class and class discourse this volume analyses the CCP's impact on social change in China between 1921 and 1978 By exploring the CCP's evolving discourse of class this book demonstrates that while class has retained its centrality its meaning has been re-articulated from an ideological political tool to a less meaningful signifier though always used instrumentally By examining the impact of the CCP's policies and discourse surrounding class it also reveals how its own policies since 1921 have shaped the CCP's current 2021 perspectives on class and stratification This volume through an analysis of economic political and cultural inequalities in Chinese society even after 1949 also reveals the emergence of a diverse and often overlooked middle class in Chinese society during the 1950s Delivering a detailed analysis of how the CCP has developed its practical approaches to class and mobilization this study will be of interest to students and scholars of Chinese politics Chinese history Asian politics and Asian studies

Chinese Democracy after Tiananmen Yijiang Ding, 2011-11-01 In 1989 most observers believed that China's political reform process had been violently short circuited but few would now dispute that China is in a very important transition Central to this transition has been an extraordinary change in the formal intellectual conception of democracy In this book Yijiang Ding presents a multi dimensional picture of China at the political crossroads Chinese Democracy looks at the significant change in the state society relationship in contemporary China in three interrelated areas intellectual social and cultural Drawing heavily on recent Chinese scholarship Ding shows that the emergent theory on the dualism of state and society is contemporaneous with a new cognitive and cultural appreciation of the people's independence from state authority Is China moving toward liberal democracy Does Western engagement with China contribute economically and politically to this shift These are the questions at the heart of the book Which are especially timely given the recent reconstruction of political regimes worldwide
