Wasserstrom,2016-06-16 This lavishly illustrated volume explores the history of China during a period of dramatic shifts and surprising transformations from the founding of the Qing Dynasty 1644 1912 through to the present day The Oxford Illustrated History of Modern China promises to be essential reading for anyone who wants to understand this rising superpower on the verge of what promises to be the Chinese century introducing readers to important but often overlooked events in China s past such as the bloody Taiping Civil War 1850 1864 which had a death toll far higher than the roughly contemporaneous American Civil War It also helps readers see more familiar landmarks in Chinese history in new ways such as the Opium War 1839 1842 the Boxer Uprising of 1900 the rise to power of the Chinese Communist Party in 1949 and the Tiananmen protests and Beijing Massacre of 1989 This is one of the first major efforts and in many ways the most ambitious to date to come to terms with the broad sweep of
