**Sara Baartman and the Hottentot Venus** Clifton Crais, Pamela Scully, 2021-10-12 Displayed on European stages from 1810 to 1815 as the Hottentot Venus Sara Baartman was one of the most famous women of her day and also one of the least known As the Hottentot Venus she was seen by Westerners as alluring and primitive a reflection of their fears and suppressed desires But who was Sara Baartman Who was the woman who became the Hottentot Venus Based on research and interviews that span three continents Sara Baartman and the Hottentot Venus tells the entwined histories of an elusive life and a famous icon In doing so the book raises questions about the possibilities and limits of biography for understanding those who live between and among different cultures In reconstructing Baartman's life the book traverses the South African frontier and its genocidal violence cosmopolitan Cape Town the ending of the slave trade the Industrial Revolution the French Revolution the Napoleonic Wars London and Parisian high society and the rise of racial science The authors discuss the ramifications of discovering that when Baartman went to London she was older than originally assumed and they explore the enduring impact of the Hottentot Venus on ideas about women race and sexuality The book concludes with the politics involved in returning Baartman's remains to her home country and connects Baartman's story to her descendants in nineteenth and twentieth century South Africa Sara Baartman and the Hottentot Venus offers the authoritative account of one woman's life and reinstates her to the full complexity of her history      **Cities, Railways, Modernities** Carlos López Galviz, 2019-01-10 Cities Railways Modernities chronicles the transformation that London and Paris experienced during the nineteenth century through the lens of the London Underground and the Paris Métro By highlighting the multiple ways in which the future of the two cities was imagined and the role that railways played in that process it challenges and refines two

of the most dominant myths of urban modernity A planned Paris and an unplanned London The book recovers a significant body of work around the ideas the plans the context and the building of metropolitan railways in the two cities to provide new insights into the relationship of transport technologies and urban change during the nineteenth century **The Rule of**

**Freedom** Patrick Joyce,2020-05-05 The liberal governance of the nineteenth century state and city depended on the rule of freedom As a form of rule it relied on the production of certain kinds of citizens and patterns of social life which in turn depended on transforming both the material form of the city its layout architecture infrastructure and the ways it was inhabited and imagined by its leaders citizens and custodians Focusing mainly on London and Manchester but with reference also to Glasgow Dublin Paris Vienna colonial India and even contemporary Los Angeles Patrick Joyce creatively and originally develops Foucauldian approaches to historiography to reflect on the nature of modern liberal society His consideration of such artifacts as maps and censuses sewers and markets public libraries and parks and of civic governments and city planning are intertwined with theoretical interpretations to examine both the impersonal often invisible forms of social direction and control built into the infrastructure of modern life and the ways in which these mechanisms shape cultural and social life and engender popular resistance **Samuel Pepys** Claire Tomalin,2007-12-18 For a decade beginning in 1660 an

ambitious young London civil servant kept an astonishingly candid account of his life during one of the most defining periods in British history In Samuel Pepys Claire Tomalin offers us a fully realized and richly nuanced portrait of this man whose inadvertent masterpiece would establish him as the greatest diarist in the English language Against the backdrop of plague civil war and regicide with John Milton composing diplomatic correspondence for Oliver Cromwell Christopher Wren drawing up plans to rebuild London and Isaac Newton advancing the empirical study of the world around us Tomalin weaves a breathtaking account of a figure who has passed on to us much of what we know about seventeenth century London We witness Pepys s early life and education see him advising King Charles II before running to watch the great fire consume London learn about the great events of the day as well as the most intimate personal details that Pepys encrypted in the Diary follow him through his later years as a powerful naval administrator and come to appreciate how Pepys s singular literary enterprise would in many ways prefigure our modern selves With exquisite insight and compassion Samuel Pepys captures the uniquely fascinating figure whose legacy lives on more than three hundred years after his death **The Image**

**of Georgian Bath 1700-2000** Peter Borsay,2000-07-06 This interdisciplinary study explores the evolution structure and uses of the image of Georgian Bath from its genesis in the eighteenth century to its renaissance in the twentieth century In recent decades there has been both a popular resurgence of interest in heritage and tradition and a growing academic awareness of the power of imagery in shaping the lives of individuals and societies There is perhaps no city in Britain so saturated in history and layered with historic imagery as Bath It therefore provides an ideal case study to investigate the dynamic fusion and impact of the forces of past and representation The dominant perception of Bath today is that of a

classical and particularly Georgian city In this stimulating and scholarly study Peter Borsay examines the construction and development of this image Its principal components biography and architecture are explored together with the media through which it was constructed and transmitted as well as its commercial social political and psychological uses Dr Borsay concludes by relating the findings for Bath to current debates on towns heritage and the nature of history     **The Geographical Magazine** ,1987-07     **Bulletin - SLA Geography and Map Division** Special Libraries Association.
