Maps Contained in the Publications of the American Bibliography, 1639-1819 Jim Walsh, 1988 No descriptive material is available for this title

Handbook for Research in American History Francis Paul Prucha, 1994-01-01 When the Handbook for Research in American History was first published reviewers called it an excellent tool for historians of all interests and levels of experience simple to use and concisely worded Western Historical Quarterly and an excellent work that fulfills its title in being portable yet well filled Reference Reviews The Journal of American History added It is not easy to produce a reference work that is utilitarian and enriching and does not duplicate existing works Professor Prucha has done the job very well This second revised edition takes account of the revolution that is occurring in bibliographic science as printed reference works extend to electronic databases CD ROMs and online networks such as the Internet Focusing on and expanding the major section of the original Handbook it provides information on traditional printed works describes new guides and updated versions of old ones notes the availability of reference works and of some full text sources in electronic form and discusses the usefulness to researchers of different kinds of material and the forms in which they are available Extensive cross referencing and a detailed index that includes authors subjects and titles enhance the book s usefulness

Early American Cartographies Martin Brückner, 2012-12-01 Maps were at the heart of cultural life in the Americas from before colonization to the formation of modern nation states The fourteen essays in *Early American Cartographies* examine indigenous and European peoples creation and use of maps to better represent and understand the world they inhabited Drawing from both current historical interpretations and new interdisciplinary perspectives this collection provides diverse approaches to understanding the multilayered exchanges that went into creating cartographic knowledge in and about the Americas In the introduction editor Martin Bruckner provides a critical assessment of the concept of cartography and of the historiography of maps The individual essays then range widely over space and place from the imperial reach of Iberian and British cartography to indigenous conceptualizations including dirty ephemeral maps and star charts to demonstrate that pre nineteenth century American cartography was at once a multiform and multicultural affair This volume not only highlights the collaborative genesis of cartographic knowledge about the early Americas the essays also bring to light original archives and innovative methodologies for investigating spatial relations among peoples in the western hemisphere Taken together the authors reveal the roles of early American cartographies in shaping popular notions of national space informing visual perception animating literary imagination and structuring the political history of Anglo and Ibero America The contributors are Martin Bruckner University of Delaware Michael J Drexler Bucknell University Matthew H Edney University of Southern Maine Jess Edwards Manchester Metropolitan University Junia Ferreira Furtado Universidade Federal de Minas Gerais Brazil William Gustav Gartner University of Wisconsin Madison Gavin Hollis Hunter College of the City University of New York Scott Lehman independent scholar Ken MacMillan University of Calgary Barbara E Mundy Fordham University Andrew

Newman Stony Brook University Ricardo Padron University of Virginia Judith Ridner Mississippi State University **The University of Michigan Library Newsletter** ,1989 Walford's Guide to Reference Material Marilyn Mulla,1989 The British counterpart to Sheehy in which it is recommended and vice versa distributed in the US by Unipub Volume 3 completes the 5th edition with 8 833 entries vol 1 Science and technology 1989 5 995 entries vol 2 Social and historical sciences philosophy and religion 1990 7 166 entries While the majority of items are reference books Walford is a guide to reference material and therefore includes periodical articles microforms online and CD ROM sources A special effort has been made to make sure the output of small and specialist presses is not neglected Annotation copyrighted by Book News Inc Portland OR *American Reference Books Annual* ,1994 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering **American History** ,1989 **Walford's Guide to reference material**. Albert John Walford,1995 **A Guide to Literature about New Jersey Maps and Mapping** ,2002

Guide to Reference Books Robert Balay,Eugene Paul Sheehy,1992 The 10th edition of the Guide 1986 is one of a small core of references essential to the day to day operations of Reference and Research Book News it was enthusiastically reviewed in our May 1987 issue and we trust to librarians and researchers everywhere This Supplement the only one to the 10th edition lists 4 668 titles that cover reference publishing from the end of December 1984 through the end of 1990 As in prior editions the focus continues to be on reference works for scholarly research but representative works intended for general reference are included as well Member price 76 50 Annotation copyright by Book News Inc Portland OR The American archivist Society of American Archivists,1989 Includes sections Reviews of books and Abstracts of archive publications **Walford's Guide to Reference Material: Generalia, language & literature, the arts** Albert John Walford,Marilyn Mulla,Anthony Chalcraft,1993 This book has achieved international recognition as a reference tool and a one stop daily information source This new edition features many topics and is indispensable to librarians and information professionals revising reference collections etc Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford,Marilyn Mulla,Priscilla Schlicke,Library Association,1996 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials No rigid definition of reference is applied In addition to the expected bibliographies indexes dictionaries encyclopaedias and directories a number of important textbooks and manuals of general practice are included While the majority of the items are books Walford is a guide to reference material Thus periodical articles microforms online and CD ROM sources are all represented In this volume a particular effort has been made to improve coverage of the latter two categories **Antique Map Price Record & Handbook for ...** Jon K. Rosenthal,1999 **Antique Maps, Sea Charts, City Views, Celestial Charts & Battle Plans** David C. Jolly,1992 **Preview** ,1989 **Library Bulletin** Dartmouth College.
