**Early Modern English Literature and the Poetics of Cartographic Anxiety** Christine Barrett, 2018 This fascinating study explores how Renaissance era maps fascinated people with their beauty and precision yet they also unnerved readers and writers The volume shows how late sixteenth and seventeenth century poets channelled the anxieties provoked by maps and mapping creating a new way of thinking about how literature represents space [Narrative and Meaning in Early Modern England](#) Howard Marchitello, 1997-09-11 Howard Marchitello's 1997 study of narrative techniques in Renaissance discourse analyses imaginative conjunctions of literary texts such as those by Shakespeare and Browne with developments in scientific and technical writing In [Narrative and Meaning in Early Modern England](#) he explores the relationship between a range of early modern discourses such as cartography anatomy and travel writing and the developing sense of the importance of narrative in producing meaning Narrative was used in the Renaissance as both a mode of discourse and an epistemology it not only produced knowledge it also dictated how that knowledge should be understood Marchitello uses a wide range of cultural documents to illustrate the importance of narrative in constructing the Renaissance understanding of time and identity By highlighting the inherent textual element in imaginative and scientific discourses his study also evaluates a range of contemporary critical practices and explores their relation to narrative and the production of meaning

*New Worlds Reflected* Dr Chloë Houston, 2013-06-28 Utopias have long interested scholars of the intellectual and literary

history of the early modern period From the time of Thomas More's Utopia 1516 fictional utopias were indebted to contemporary travel narratives with which they shared interests in physical and metaphorical journeys processes of exploration and discovery encounters with new peoples and exchange between cultures Travel writers too turned to utopian discourses to describe the new worlds and societies they encountered Both utopia and travel writing came to involve a process of reflection upon their authors societies and cultures as well as representations of new and different worlds As awareness of early modern encounters with new worlds moves beyond the Atlantic World to consider exploration and travel piracy and cultural exchange throughout the globe an assessment of the mutual indebtedness of these genres as well as an introduction to their development is needed New Worlds Reflected provides a significant contribution both to the history of utopian literature and travel and to the wider cultural and intellectual history of the time assembling original essays from scholars interested in representations of the globe and new and ideal worlds in the period from the sixteenth to eighteenth centuries and in the imaginative reciprocal responsiveness of utopian and travel writing Together these essays underline the mutual indebtedness of travel and utopia in the early modern period and highlight the rich variety of ways in which writers made use of the prospect of new and ideal worlds New Worlds Reflected showcases new work in the fields of early modern utopian and global studies and will appeal to all scholars interested in such questions
