The Great American Playwrights on the Screen Jerry Roberts, 2003-05. The profound expansion of television into American homes in the 1950s brought a flood of adapted plays to the small screen and resulted in the rebirth of the careers of many significant playwrights. *The Great American Playwrights on the Screen* provides fans with a video and DVD guide to the adapted works of the playwrights and shows which versions are available for home viewing and in what media: VHS and DVD. It resurrects the memory of television productions of plays at a critical time when many of them, including Emmy winners and nominees, are deteriorating in vaults.

BOOK JACKET

Slow Fade to Black Thomas Cripps, 1977-02-03. Set against the backdrop of the black struggle in society, *Slow Fade to Black* is the definitive history of African American accomplishment in film, both before and behind the camera, from the earliest movies through World War II. As he records the changing attitudes toward African Americans both in Hollywood and the nation at large, Cripps explores the growth of discrimination as filmmakers became more and more intrigued with myths of the Old South, the lost cause, the aspect of the Civil War, the stately mansions and gracious ladies of the antebellum South, the happy slaves singing in the fields. Cripps shows how these characterizations culminated in the blatantly racist attitudes of Griffith's *The Birth of a Nation* and how this film inspired the N A A C P to campaign vigorously and successfully for change. While the period of the 1920s to 1940s was one replete with Hollywood stereotypes, blacks most often appeared as domestics or natives or were portrayed in shiftless, cowardly Stepin Fetchit roles; there was also an attempt at independent black production, on the whole unsuccessful. But with the coming of World War II, increasing pressures for a wider use of blacks in films and calls for more equitable treatment, African Americans did begin to receive more sympathetic roles, such as that of Sam, the piano player, in the 1942 classic *Casablanca*. A lively, thorough history of African Americans in the movies, *Slow Fade to Black* is also a perceptive social commentary on evolving racial attitudes in this country during the first four decades of the twentieth century.
