Production of Gendered Knowledge of War Annika Björkdahl,Johanna Mannergren,2025-04-02 This edited volume critically
 investigates women s knowledge about war and explores the epistemic agency of women in a range of contemporary settings
 across the globe Women are deeply affected by war participate in war and resist war At the same time knowledge production
 often ignores and marginalizes women s experiences and gendered ways of knowing war From Colombia to Israel and
 Palestine Liberia Mali Myanmar Nepal North America Northern Iraq and Ukraine the chapters in this book illuminate
 gendered knowledge production in and about different conflict affected sites By taking the embodied and narrative epistemic
 agency of local knowers seriously new insights are thereby presented about the role women play in producing knowledge
 about war This book proposes new theoretical vantage points in order to understand how epistemic power and epistemic
 violence are closely related Bringing the topic of knowledge production into the so called Women Peace and Security WPS
 agenda it analyses how knowledge of the gendered nature of war and security is produced and circulated and argues that the
 WPS agenda is a system of knowledge with its own omissions and silences By theorizing gendered knowledge production and
 amplifying the voices of women as epistemic agents this book advances scholarship on gender and war This book will be of
