**House documents** , 1895 In Quest of the Hero Otto Rank, Fitzroy Richard Somerset Raglan, Alan Dundes, 1990-11-21

In *Quest of the Hero* makes available for a new generation of readers two key works on hero myths Otto Rank's *Myth of the Birth of the Hero* and the central section of Lord Raglan's *The Hero* Amplifying these is Alan Dundes's fascinating contemporary inquiry *The Hero Pattern and the Life of Jesus Examined* here are the patterns found in the lore surrounding historical or legendary figures like Gilgamesh Moses David Oedipus Odysseus Perseus Heracles Aeneas Romulus Siegfried Lohengrin Arthur and Buddha Rank's monograph remains the classic application of Freudian theory to hero myths In *The Hero* the noted English ethnologist Raglan singles out the myth ritualist pattern in James Frazer's many sided *Golden Bough* and applies that pattern to hero myths Dundes the eminent folklorist at the University of California at Berkeley applies the theories of Rank Raglan and others to the case of Jesus In his introduction to this selection from Rank Raglan and Dundes Robert Segal author of the major study of Joseph Campbell charts the history of theorizing about hero myths and compares the approaches of Rank Raglan Dundes and Campbell

**The Routledge International Handbook on Fear of Crime**  
Murray Lee, Gabe Mythen, 2017-12-01 The Routledge International Handbook on Fear of Crime brings together original and international state of the art contributions of theoretical empirical policy related scholarship on the intersection of perceptions of crime victimisation vulnerability and risk This is timely as fear of crime has now been a focus of scholarly and policy interest for some fifty years and shows little sign of abating Research on fear of crime is demonstrative of the interdisciplinarity of criminology drawing in the disciplines of sociology psychology political science history cultural studies gender studies planning and architecture philosophy and human geography This collection draws in many of these interdisciplinary themes This collection also extends the boundaries of fear of crime research It does this both methodologically and conceptually but perhaps more importantly it moves us beyond some of the often repeated debates in this field to focus on novel topics from unique perspectives The book begins by plotting the history of fear of crime's development then moves on to investigate the methodological and theoretical debates that have ensued and the policy transfer that occurred across jurisdictions Key elements in debates and research on fear of crime concerning gender race and ethnicity are covered as are contemporary themes in fear of crime research such as regulation security risk and the fear of terrorism the mapping of fear of crime and fear of crime beyond urban landscapes The final sections of the book explore geographies of fear and future and unique directions for this research

The Ethical Primate Mary Midgley, 2002-01-31 In *The Ethical Primate* Mary Midgley one of the sharpest critical pens in the West according to the Times Literary Supplement addresses the fundamental question of human freedom Scientists and philosophers have found it difficult to understand how each human being can be a living part of the natural

world and still be free Midgley explores their responses to this seeming paradox and argues that our evolutionary origin explains both why and how human freedom and morality have come about The Lawyer's Myth Walter Bennett, 2010-02-15 Lawyers today are in a moral crisis The popular perception of the lawyer both within the legal community and beyond is no longer the Abe Lincoln of American mythology but is often a greedy cynical manipulator of access and power In The Lawyer's Myth Walter Bennett goes beyond the caricatures to explore the deeper causes of why lawyers are losing their profession and what it will take to bring it back Bennett draws on his experience as a lawyer judge and law teacher as well as upon oral histories of lawyers and judges in his exploration of how and why the legal profession has lost its ennobling mythology Effectively using examples from history philosophy psychology mythology and literature Bennett shows that the loss of professionalism is more than merely the emergence of win at all cost strategies and a scramble for personal wealth It is something more profound a loss of professional community and soul Bennett identifies the old heroic myths of American lawyers and shows how they informed the values of professionalism through the middle of the last century He shows why in our more diverse society those myths are inadequate guides for today's lawyers And he also discusses the profession's agony over its trickster image and demonstrates how that archetype is not only a psychological reality but a necessary component of a vibrant professional mythology for lawyers At the heart of Bennett's eloquently written book is a call to reinvigorate the legal professional community To do this lawyers must revive their creative capacities and develop a meaningful professional mythology one based on a deeper understanding of professionalism and a broader more compassionate ideal of justice

Communication and Disenfranchisement Eileen Berlin Ray, 2013-12-02 This volume and its companion case studies book deal with some of the people groups and classes who are living a disenfranchised existence in the United States Whether through birth life events or unfortunate circumstances they are denied full privileges rights and power within the existing societal structure Centered around societal health problems as they relate to socioeconomic status family abuse and health concerns these volumes examine salient issues from several theoretical frameworks including feminist theory and the social construction of reality Communication and Disenfranchisement provides theory based essays on topics such as the homeless adult survivors of sexual assault battered women persons with disabilities impoverished women the indigent living in the inner city persons with HIV AIDS the terminally ill and the elderly Case Studies in Communication and Disenfranchisement provides parallel case studies applying the issues and concepts discussed in the essays Used together these books provide theoretically based applications of social health issues within a communication framework Traditionally health communication research has emphasized the communication physical health relationship Inadvertently this primary focus has restricted what information has been included under the domain of health communication These books expand that domain by examining how the communication disenfranchisement relationship is accomplished managed and overcome and by recognizing the significance of the pragmatic and theoretic implications of this inquiry Beginning with Disability
