Sánchez**

## **Myths Of Motherhood How Culture Reinve:**

*Myths of Motherhood* Sherry Thurer, 1995-05-01 This groundbreaking and irreverent history of motherhood is worth a hundred advice books for any mother who's ever been made to feel guilty or frazzled by society's impossible expectations. Analyzing data from the psychoanalyst's couch to the hidden history of wet nursing, psychologist Shari L. Thurer wends her way from the Stone Age to the age of Hillary Rodham Clinton, painting a vivid, often frightening picture of life for mothers and children in a time when their roles were constructed by men. Along the way, she debunks myth after myth, exposing the not-so-golden ages of Classical Greece and the Italian Renaissance and revealing the pervasive ideal of Dr. Spock's selfless stay-at-home mother as the historical aberration it actually was. A work of impassioned scholarship and astonishing range, *The Myths of Motherhood* does nothing less than recast our conception of good mothering.

**O Mother, Where Art Thou?** Julie Kelso, 2016-06-16 According to Kelso, the Book of Chronicles silences women in specific ways, most radically through their association with maternity. Drawing on the work of two feminist philosophers, Luce Irigaray and Michelle Boulous Walker, she argues that we may discern two principal strategies of silencing women in Chronicles: disavowal and repression of the maternal body. In its simplest form, the silencing of women takes place through both an explicit and implicit strategy of excluding them from the central action. Largely banished from the central action, they are hardly able to contribute to the production of Israel's past. On a more complex level, however, women are most effectively silenced through their association with maternity, because the maternal body is both disavowed and repressed in Chronicles. The association of women with maternity, along with the disavowal and repression of the maternal body as origin of the masculine subject, effects and guarantees the silence of the feminine, enabling man to imagine himself as sole producer of his world. These strategies of silencing the feminine need to be understood in relation to the relative absence of women from the narrative world of Chronicles. Kelso argues that Chronicles depends on the absence and silence of women for its imaginary coherence. This argument is enabled by Irigarayan theory. But more importantly, Kelso suggests that Irigaray also offers us a viable mode, not method, of reading: writing, listening, and speaking as woman, whatever that might mean in relation to the so-called origins of western culture, specifically the Hebrew Bible or Old Testament. She argues that Irigaray enables a not only rigorous feminist critique of patriarchy and its many texts, but also, somewhat more charitably, a mode of reading that enables women to read the past differently, seeking out what remains to be discovered, especially the forgotten future in the past.

*The Goddess Myth in Contemporary Literature and Popular Culture* Mary J. Magoulick, 2022-02-04 Honorable Mention for the 2022 Elli King's Maranda Prize awarded by the Women's Section of the American Folklore Society. Goddess characters are revered as feminist heroes in the popular media of many cultures. However, these goddess characters often prove to be less promising and more regressive than most people initially perceive. Goddesses in film, television, and fiction project worldviews and messages that reflect mostly patriarchal culture, including essentialized gender assumptions, in contrast to the feminist

empowering levels many fans and critics observe Building on critiques of other skeptical scholars this feminist folkloristic approach deepens how our remythologizing of the ancient past reflects a contemporary worldview and rhetoric Structures of contemporary goddess myths often fit typical extremes as either vilified destructive dark and chaotic typical in film or television or romanticized positive even utopian typical in women s speculative fiction This goddess spectrum persistently essentializes gender stereotyping women as emotional intuitive sexual motherly beings good or bad precluded from complex potential and fuller natures Within apparent good over evil pop culture narrative frames these goddesses all suffer significantly However a few recent intersectional writers like N K Jemisin break through these dark reflections of contemporary power dynamics to offer complex characters who evince hopepunk They resist typical simplified reductionist absolutes to offer messages that resonate with potential for today s world Mythic narratives featuring goddesses often do but need not serve merely as ideological mirrors of our culture s still problematically reductionist approach to women and all humanity

**History and Myth: Postcolonial Dimensions** Arti Nirmal, Sayan Dey, 2022-02-01 This anthology History and Myth Postcolonial Dimensions seeks to interrogate and dismantle the colonially structured symmetrical interpretations of the histories and mythological narratives of the former European colonies through depolarization pluriversality and border thinking Here the concepts of history and myth have been addressed from different perspectives and spatiotemporal zones by scholars from different parts of the world which add to the global value of the book It has been argued in this volume that the understanding of postcolonial histories and myths in the contemporary era is highly influenced by the colonially fashioned binaries valid invalid civilized barbaric inclusive exclusive relevant irrelevant good bad etc which continue to preserve the epistemic citadels of coloniality and selectively promote such historical and mythological narratives that celebrate the superiority of the Global North and the inferiority of the Global South This book will be of particular interest to scholars researchers teachers and those interested in understanding history postcolonial studies decolonial studies cultural studies literature and sociology

*Myth in the Modern World* David Whitt, John Perlich, 2014-05-01 Ubiquitous and enduring myths are an inherent part of culture These 10 essays explore the role of myth in the modern world delving not only into science fiction and fantasy but also into sport terrorist rhetoric and television Contributors contemplate the changing face of the hero in Breaking Bad Justified and the Japanese film trilogy 20th Century Boys explore ideology in George R R Martin s A Song of Fire and Ice novels and the HBO series Game of Thrones Showtime s The L Word and The Day the Earth Stood Still and examine Al Qaeda s use of myth to justify its violent actions Other essays consider the hero ideal in sport the wolf myth in Twilight and the comic persona of Hercules in the Travel Channel series Man v Food The power of myth this volume reveals extends beyond ancient stories of gods and heroes to express the hopes fears and reality of everyday life

[A Level Media Studies](#) Pete Bennett, Sarah Casey Benyahia, Jerry Slater, 2019-07-09 A Level Media Studies is a comprehensive guide to the subject content of AS and A Level Media Studies across all examining boards It is specifically designed to meet the needs of

both students and teachers with an accessible writing style helpful notes on key theories and theorists and a range of learning exercises The book's overall approach is gradual immersion assuming no prior knowledge of the subject Starting with an overview of the discipline the book moves on to develop increasingly sophisticated ideas whilst repeatedly reinforcing the basic principles of media studies Each component of media studies is illustrated with practical examples and guided exercises that demonstrate the application of theories and concepts In addition numerous case studies offer examples of media studies in practice Working through these examples students will acquire the skill set and confidence to tackle the analysis of media products and the discussion of media issues to the standard required at A Level The focus is on contemporary media but there is also full acknowledgement of historical precedents as well as the significance of social cultural political and economic contexts With its clear structure and integrative approach A Level Media Studies is the ideal introductory resource for students and teachers M/E/A/N/I/N/G. ,1992 **The Myth of Primitivism** Susan

Hiller,2006-05-23 This book explores the fusion of myth history and geography which leads to ideas of primitivism and looks at their construction interpretation and consumption in Western culture Contextualized by Susan Hiller's introductions to each section discussions range from the origins of cultural colonialism to eurocentric ideas of primitive societies including the use of primitive culture in constructing national identities and the appropriation of primitivist imagery in modernist art The result is a controversial critique of art theory practice and politics and a major enquiry into the history of primitivism and its implications for contemporary culture **Myth and Environment in Recent Southwestern Literature** , Theda

Wrede,2014-04-10 The romantic perception of the American Southwest as a wild and dangerous frontier where heroic settlers prove their endurance has often responded to a common human desire to escape from the pressures of civilization and experience an authentic relationship with nature This idealized notion about life in the Southwest however has contributed the subjugation of the indigenous populations and the natural world while helping rationalize the conquest of both In **Myth and Environment in Recent Southwestern Literature** Theda Wrede brings contemporary Southwestern American literature under the microscope to examine the ways in which the mythic narrative has influenced attitudes toward the land in the region Focusing on popular novels by Cormac McCarthy Barbara Kingsolver Leslie Marmon Silko and Denise Chvez Wrede explores the psychology behind the myth and discusses the ways in which the four authors deploy the mythic narrative interrogate its validity and offer visions for alternative modes of inhabiting the Southwest In combining ideas from a culturally sensitive ecofeminist theory psychoanalysis postcolonial studies and literary studies the study offers an innovative conceptual framework for discussions about environmental responsibility in the twenty first century Finally it also encourages its readers to partake in the process of mythogenesis by imagining sustainable narratives to help rescue the promise of the Southwest for the new millennium Myth, Matriarchy and Modernity Peter Davies,2010-02-26 This study explores the prevalence in German culture of myths about ancient matriarchal societies discussing their presence in left and

right wing politics feminist and antifeminist writing sociology psychoanalysis and literary production By tracing the influence of the works of the Swiss jurist and theorist of matriarchy Johann Jakob Bachofen 1815 1887 and the controversies about the reception and interpretation of his work this study shows how debate about the matriarchal origins of culture was inextricably linked with anxieties about modernity and gender identities at the turn of the twentieth century By moving beyond the discussion of canonical authors and taking seriously the scope of the discussion it becomes clear that it is not possible to reduce matriarchal theories to any particular political ideology instead they function as a mythic counterdiscourse to a modernity conceived as oppressive rational and masculine Writers considered include Ludwig Klages Hofmannsthal Kafka Hauptmann Lou Andreas Salom Sir Galahad Clara Viebig Mathilde Vaerting Thomas Mann Elisabeth Langgesser Ilse Langner Otto Gross Franz Werfel and many others

Myth and Environmentalism Esther Sánchez-Pardo, María Porrás Sánchez, 2023-07-05 This volume traces the interconnections between myth environmentalism narrative poetry comics and innovative artistic practice using this as a framework through which to examine strategies for repairing our unhealthy relationship with the planet Challenging late capitalist modes encouraging mindless consumption and the degradation of human nature relations this collection advocates a re evaluation of the ethical relation to living with and sharing the Earth Myth and the environment have shared a rich common cultural history travelling as far back as the times of storytelling and legend with the environment often the central theme Following a robust introduction the book is organized into three main sections Myth Disaster and Present Day Views on Ecological Damage Indigenous and Afro diasporic Myths and Ecological Knowledge Art Practices Myth and Environmental Resilience and concludes with a Coda from Jeanette Hart Mann The methodology draws from diverse perspectives such as ecocriticism new materialism and Anthropocene studies offering a truly interdisciplinary discussion that reflects on the dialogue among environment and myth and a broad range of contributions are included from Canada the United States the Caribbean Ukraine Japan Morocco and Brazil The book joins a long line of approaches on the interrelations between ecological and mythical thinking and criticism that goes back to the early 20th century This volume will be of interest to students scholars activists and experts in environmental humanities myth and myth criticism literature and art on more than human and nature interaction ecocriticism environmental activism and climate change

*Truth-tellers of the Times* Janet Palmer Mullaney, 1998 Frank and lively conversations with some of our finest contemporary women poets These interviews have been culled from the pages of BELLES LETTRES REVIEW OF BOOKS BY WOMEN a pioneering journal that for 12 years has brought to light the best of women's writing Subjects covered are consistently engaging and as varied as the poets themselves

*Gothic* Fred Botting, 1996 This is an introduction to a genre of ever increasing importance in literary studies Considering writers from Mary Shelley to David Lynch the author outlines the history characteristics cultural significance and critical interpretations of the form

**The Novels of Jeanette Winterson** Merja Makinen, 2005-04-20 This Reader's Guide brings together in an approachable form the range of review and

critical material on the novels of Jeanette Winterson Covering all of Winterson's work from *Oranges are Not the Only Fruit* to *The PowerBook* Merja Makinen traces the early review reception of each novel on its publication and considers it alongside the larger critical debates that have subsequently evolved Makinen follows the controversial critical analysis of Winterson as a lesbian writer and develops the examination of the postmodern aspects of her work whether as postmodern or post Modern Including a brief discussion of Winterson's most recent novel *Lighthouse Keeping* this is an indispensable guide for anyone studying or simply interested in the work of one of Britain's most successful contemporary authors **Celebrating Latino**

**Folklore** María Herrera-Sobek, 2012-07-16 Latino folklore comprises a kaleidoscope of cultural traditions This compelling three volume work showcases its richness complexity and beauty Latino folklore is a fun and fascinating subject to many Americans regardless of ethnicity Interest in and celebration of Latin traditions such as *Día de los Muertos* in the United States is becoming more common outside of Latino populations *Celebrating Latino Folklore: An Encyclopedia of Cultural Traditions* provides a broad and comprehensive collection of descriptive information regarding all the genres of Latino folklore in the United States covering the traditions of Americans who trace their ancestry to Mexico Spain or Latin America The encyclopedia surveys all manner of topics and subject matter related to Latino folklore covering the oral traditions and cultural heritage of Latin Americans from riddles and dance to food and clothing It covers the folklore of 21 Latin American countries as these traditions have been transmitted to the United States documenting how cultures interweave to enrich each other and create a unique tapestry within the melting pot of the United States [Essential Breakthroughs: Conversations](#)

[about Men, Mothers and Mothering](#) Fionna Joy Green, 2015-11-01 *Essential Breakthroughs: Conversations About Men Mothers and Mothering* thinks from the nexus of gender essentialism and care The authors creatively blend the philosophical and the personal to collectively argue that while gender is essential to our social and theoretical definitions of care it is dangerously co-opted into naturalized discourses which limit particular identities and negate certain forms of care The perspectives curated in *Essential Breakthroughs* illuminate how care as a respected and productive cultural ethic is neither inherent nor instinctual for any human but is learned and fostered The chapters are informed by feminist queer and trans politics wielding post-structuralist methodologies of unlearning and deconstruction while maintaining the maternal lens as a credible feminist analytical tool and not as a gender essentialist practice **Women of Color** Elizabeth

Brown-Guillory, 2010-06-28 Interest in the mother daughter relationship has never been greater yet there are few books specifically devoted to the relationships between daughters and mothers of color To fill that gap this collection of original essays explores the mother daughter relationship as it appears in the works of African American Asian American Mexican American Native American Indian and Australian Aboriginal women writers Prominent among the writers considered here are Toni Morrison Alice Walker Maxine Hong Kingston Cherrie Moraga Leslie Marmon Silko and Amy Tan Elizabeth Brown Guillory and the other essayists examine the myths and reality surrounding the mother daughter

relationship in these writers works They show how women writers of color often portray the mother daughter dyad as a love hate relationship in which the mother painstakingly tries to convey knowledge of how to survive in a racist sexist and classist world while the daughter rejects her mother s experiences as invalid in changing social times This book represents a further opening of the literary canon to twentieth century women of color Like the writings it surveys it celebrates the joys of breaking silence and moving toward reconciliation and growth

*Literature for Young Adults* Joan L. Knickerbocker, James A. Rycik, 2019-08-28 Now in its second edition this book explores a great variety of genres and formats of young adult literature while placing special emphasis on contemporary works with nontraditional themes protagonists and literary conventions that are well suited to young adult readers It looks at the ways in which contemporary readers can access literature and share the works they re reading and it shows teachers the resources that are available especially online for choosing and using good literature in the classroom and for recommending books for their students personal reading In addition to traditional genre chapters this book includes chapters on literary nonfiction poetry short stories and drama and film Graphic novels diversity issues and uses of technology are also included throughout the text The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their peers and others when communicating about books This book is an essential resource for preservice educators to help young adults understand and appreciate the excellent literature that is available to them New to the second edition New popular authors books and movies with a greater focus on diversity of literature Updated coverage of new trends such as metafiction a renewed focus on nonfiction and retellings of canonical works Increased attention to graphic novels and multimodal texts throughout the book eResources with downloadable materials including book lists awards lists and Focus Questions
