Myths of the Tribe David Rich, 2021-12-26 *Myths of the Tribe* illustrates the negative historical impact of our major religions which have created unending conflicts that obscure clear thinking and continue hazardous to our health today More than two centuries after the Age of Reason culminated in the French Revolution modern society still operates on the basis of assumptions and attitudes that originated in the ancient myths propagated by organized religion These myths hamper efforts to apply reason to our problems and foster violent conflicts that threaten global security *Myths of the Tribe* illustrates how the belief systems of all major religions have become a detriment to clear thinking rational conduct and wise public policy suggesting we substitute a rational analysis of all problems in the light of objective scientific evidence a system of ethics that allows complete individual liberty constrained only by the principle of harming no one else taking personal responsibility for one's own welfare and actions and the absence of government control over the pursuit of happiness As relevant today as it was when first published by Prometheus Books in 1993 *Myths of the Tribe* has been updated in its second edition with new data reflecting our views on religion and social mores in the twenty first century *Myths of the Tribe* David Rich, 1993 Rich
