*N-O Es No!/N-O Spells No* Teddy Slater, 2002-04-01      **No Magic Pill** Christian O'Reilly, 2022-10-11 If you're a wheelchair user you've got a simple choice either you suck sweets in a corner and watch television all day or you try to change the world around you There ain't gonna be no magic pill in my day This is the mostly true story of Martin Naughton AKA Michael Collins in a wheelchair Martin is an agitator A disruptor A seeker of justice and planter of truth bombs But will his anarchic quest for equality be derailed by dreams of love and new horizons Based on the real life of Martin Naughton and his campaign for independence for disabled people in Ireland *No Magic Pill* written by Christian O'Reilly is a joyful shameless no holds barred story of one man's fight for justice and love This edition was published to coincide with the production at Black Box Galway and the Civic Tallaght for Dublin Theatre Festival in October 2022      *No Magic Bullet* Allan M. Brandt, 2020-06-19 From Victorian anxieties about syphilis to the current hysteria over herpes and AIDS the history of venereal disease in America forces us to examine social attitudes as well as purely medical concerns In *No Magic Bullet* Allan M Brandt recounts the various medical military and public health responses that have arisen over the years a broad spectrum that ranges from the incarceration of prostitutes during World War I to the establishment of required premarital blood tests Brandt demonstrates that Americans concerns about venereal disease have centered around a set of social and cultural values related to sexuality gender ethnicity and class At the heart of our efforts to combat these infections he argues has been the tendency to view venereal disease as both a punishment for sexual misconduct and an index of social decay This tension between medical and moral approaches has significantly impeded efforts to develop magic bullets drugs that would rid us of the disease as well as effective policies for controlling the infections spread In this 35th anniversary edition of *No Magic Bullet* Brandt reflects on recent scholarship the persistence of sexually transmitted diseases and the trajectory of the HIV epidemic as they have informed contemporary conceptions of biomedicine and global health      **'Magic is No Magic'** Jozef T. Devreese, Guido Vanden Berghe, 2008-11-12 This book gives a comprehensive picture of the activities and the creative heritage of Simon Stevin who made outstanding contributions to various fields of science in particular physics and mathematics Among the striking spectrum of his ingenious achievements it is worth emphasizing that Simon Stevin is rightly considered as the father of the system of decimal fractions as it is in use today Stevin also urged the universal use of decimal fractions along with standardization in coinage measures and weights This was a most visionary proposal Stevin was the first since Archimedes to make a significant new contribution to statics and hydrostatics He truly was homo universalis The impact of Stevin's work has been multilateral and worldwide including literature William Shakespeare science from Christian Huygens to Richard Feynman politics Thomas Jefferson and many other fields Thomas Jefferson together with Alexander Hamilton and Robert Morris advocated introducing the decimal monetary units in the USA with reference to the book *De Thiende* by S Stevin and in particular to the English translation of the book *Disme The Art of Tenths* by Robert Norton In

accordance with the title of this translation the name of the first silver coin issued in the USA in 1792 was disme since 1837 the spelling changed to dime It was considered as a symbol of national independence of the USA

Angel Payne,Victoria Blue,2018-01-09 Abracadabra My name is Margaux Asher and I m in love Crazy right Me the girl who grew up in the lap of luxury and the shadow of cynicism is now head over heels for an apple farmer s son He rocks my world and steals my breath and he loves me for me Trouble is he wants all of me How can I commit that to him if I don t know who me is There are pieces missing and not just mine Unless Michael opens up and shares all of himself our great beginning won t ever become a lasting magic tale Don t look at the man behind the curtain My name is Michael Pearson and I m in love Margaux is the fire of my dreams the fulfillment of my fantasies and the woman who s asked the impossible When your past has been hell how is it possible to return to it But fighting this isn t an option I have to battle my ghosts or lose her forever Can I do it Is love enough to change a person s soul or will our magic become a forgotten moment for us both

**No Magic for ME** Lisette Skeet,2021-12-28 I was in my early thirties when I fell ill with myalgic encephalomyelitis It s extraordinary that one of my main pointers to recovery came in a leaflet from the ME Association where it acknowledged that while there is no known medical cure the patients who make the best recovery have paid attention to their diet Since then over thirty years ago I got better relatively fast However the ME Association has become a far bigger concern since it still insists there is no cure for the condition It produces a quarterly magazine full of information but still promises no way to get better I relate my own experiences discussing how hard it has been to be with those who are unable to comprehend my long illness which lasted between two and three years before I achieved wellness independently of the medical profession There were many months when I had no idea what my condition was and I was confused Even after diagnosis I remained ill getting worse until I could hardly walk Then a gift arrived from an auntie It was a bundle of books some of which were about good nutrition Information from the ME Association fell into place I devised a better diet took care of myself and began to recover I struggled with the recovery process and kept on researching I learned the value of vitamins and an important process related to repetitive eating I was able to return to activities such as swimming and horse riding but most wonderful of all I could care for my two small sons without needing help
