Lord's Dominion Neil Semple, 1996-04-16 Semple covers virtually every aspect of Canadian Methodism He examines early nineteenth century efforts to evangelize pioneer British North America and the revivalistic activities so important to the mid nineteenth century years He documents Methodists missionary work both overseas and in Canada among aboriginal peoples and immigrants He analyses the Methodist contribution to Canadian education and the leadership the church provided for the expansion of the role of women in society He also assesses the spiritual and social dimensions of evangelical religion in the personal lives of Methodists addressing such social issues as prohibition prostitution the importance of the family and changing attitudes toward children in Methodist doctrine and Canada in general Semple argues that Methodism evolved into the most Canadian of all the churches helping to break down the geographic political economic ethnic and social divisions that confounded national unity Although the Methodist Church did not achieve the universality it aspired to he concludes that it succeeded in defining the religious political and social agenda for the Protestant component of Canada providing a powerful legacy of service to humanity and to God

From Arm's Length to Hands-On John E. Hodgetts, 1995-12-15 Confederation was a relief to legislators who had to ensure the uneasy union between Upper and Lower Canada the dualism had demanded double barreled ministries and the rotation of the capital after 1849 between Toronto and Quebec City every four years The year 1867 was therefore a watershed The creation of the province of Ontario demanded that a civil service be put in place to support the new offices of the lieutenant governor Executive Council and Legislative Assembly However the election of the Whitney government in 1905 is perceived by J E Hodgetts as an equally important dividing point in Ontario's bureaucratic history Before 1905 the province met the fairly rudimentary needs of a largely agrarian community by relying on local authorities and the assistance of private clientele and charitable associations Thus administration was at arm's length It placed minimal demands on a miniscule staff and the simple structures of the emergent public service James Whitney's arrival in 1905 coincided with the

growth of natural resource industries in the north and the need to create agencies to deal with them. Developing urbanization and industrialization were accompanied by technological advances in communication and transportation and these too required regulation. This prompted the hands on administrative mode and the hands increased in number with the creation of new organizational satellites, the expansion and consolidation of departments and the emergence of central agencies to reform, coordinate and control. These strands of economic development and parallel administrative bodies form the substance of Hodgetts's history of the Ontario civil service from confederation until the beginning of the Second World War. Hodgetts has analysed carefully the factors that led to the gradual enlargement of the government's functions and the progressive tightening of the exercise of its authority.

The Persons Case Robert J. Sharpe, Patricia I. McMahon, 2017-06-22. On 18 October 1929 John Sankey, England's reform-minded Lord Chancellor, ruled in the Persons case that women were eligible for appointment to Canada's Senate. Initiated by Edmonton judge Emily Murphy and four other activist women, the Persons case challenged the exclusion of women from Canada's upper house and the idea that the meaning of the constitution could not change with time. The Persons Case considers the case in its political and social context and examines the lives of the key players: Emily Murphy, Nellie McClung and the other members of the famous five, the politicians who opposed the appointment of women, the lawyers who argued the case and the judges who decided it. Robert J. Sharpe and Patricia I. McMahon examine the Persons case as a pivotal moment in the struggle for women's rights and as one of the most important constitutional decisions in Canadian history. Lord Sankey's decision overruled the Supreme Court of Canada's judgment that the courts could not depart from the original intent of the framers of Canada's constitution in 1867. Describing the constitution as a living tree, the decision led to a reassessment of the nature of the constitution itself. After the Persons case, it could no longer be viewed as fixed and unalterable but had to be treated as a document that, in the words of Sankey, was in a continuous process of evolution. The Persons Case is a comprehensive study of this important event, examining the case itself, the ruling of the Privy Council and the profound affect that it had on women's rights and the constitutional history of Canada.

E.C. Drury Charles M. Johnston, 1986-12-15. In a fiercely fought provincial election in 1919, a new political movement came to power in Ontario. The victorious party was the United Farmers of Ontario. Its leader, Ernest Charles Drury (1878-1968), became the province's eighth premier. Idealistic agrarian reformer, staunch temperance man, free trade advocate, Simcoe County yeoman and progressive populist, Drury was a man of the people and of the land, inevitably tagged the Farmer Premier. In this biography, Charles M. Johnston follows the career of Drury through agrarian activism and partisan politics and explores the personal and ideological forces that directed him. Drury began his career in the farm movement as leader of the Dominion Grange and Farmers Alliance. He went on to act as the driving force behind the Canadian Council of Agriculture and then co-founded the UFO in 1913. Activist though he was, Drury as a premier sought no dramatic departures from established political procedures. When others of his party did, notably J. J. Morrison and W. C. Good, Drury disavowed their class

consciousness and their formula of group government. Instead he advocated the creation of a people's party based on what he called Broadening Out: an appeal to all citizens regardless of class, occupation or political stripe who were seen to share the farmer's desire for a more humane, moral and progressive society in the wake of the First World War. The question of Broadening Out was a controversial one within agrarian ranks and it led to dissension among the leaders. This weakening of the party combined with the shrewd tactics of Howard Ferguson's Tories to bring about the Drury government's downfall in 1923. During its four years in power it had enacted some solid social welfare legislation but its defeat was resounding. With it came the effective end of Drury's political career. Johnston offers a revealing study of a brief chapter in Ontario history and of the man whose principles and ideals shaped it.

The Rowell-Sirois Commission and the Remaking of Canadian Federalism Robert Wardhaugh, Barry Ferguson, 2021-07-01 The Rowell-Sirois Commission and the Remaking of Canadian Federalism investigates the groundbreaking inquiry launched to reconstruct the federal system and reveals its legacy for Canadian federalism today. In 1937 the Canadian confederation was broken. As the Depression ground on, the provinces faced increasing obligations but limited funds while the dominion had fewer responsibilities but lucrative revenue sources. The commission was struck to review the system. Overcoming a process beset by conflicts, the report proposed a bold new form of federalism based on the national collection of major tax revenues and unconditional transfers of these revenues to provinces based on fiscal need. Robert Wardhaugh and Barry Ferguson dig through the evidence and counter misconceptions to demonstrate that even though the report was at first rejected, it provided a storehouse of innovative ideas that redefined the nature of federal government and shaped policy and thinking about federalism for decades.

Lunch-Bucket Lives Craig Heron, 2015-06-03 Lunch Bucket Lives takes the reader on a bumpy ride through the history of Hamilton's working people from the 1890s to the 1930s. It ambles along city streets, peers through kitchen doors and factory windows, marches up the steps of churches and fraternal halls, slips into saloons and dance halls, pauses to hear political speeches and above all listens for the stories of men, women, youths and children from families where people relied mainly on wages to survive. Heron takes wage earning as a central element in working class life but also looks beyond the workplace into the households and neighbourhoods, settlement patterns and housing, marriage, child care, domestic labour, public health, schooling, charity and social work, popular culture, gender identities, ethnicity and ethnic conflict and politics in various forms, presenting a comprehensive view of working class life in the first half of the twentieth century. This book has been published with the help of a grant from the Federation for the Humanities and Social Sciences through the Awards to Scholarly Publications Program using funds provided by the Social Sciences and Humanities Research Council of Canada.

'Honest Enough to Be Bold' Charles W. Humphries, 1985-12-15 On a promise of Clean, Uncorrupt and Incorruptible Government, James Pliny Whitney marked the end of an era of Liberal rule that had lasted for over three decades and introduced to the province a new progressive brand of conservatism. As this lively biography demonstrates, Whitney was a gruff and forceful leader. He had a

keen understanding of the social and technological forces that were changing Ontario so dramatically in the early twentieth century he also understood better than the Liberals the political implications of those forces The policies of his government extended to hydroelectric power bilingual schools northern development automobile regulation temperance he dealt with the advocates of prohibition through gritted teeth imperial unity housing workmen s compensation and the suffrage movement In a lapse from progressiveness he argued that women should not be exposed to the unlovely influence of party politics He had a lasting influence on higher education in the province through the establishment of a Board of Governors for the University of Toronto then unmistakably the provincial university of Ontario and the provision of tenure for its full professors Whitney liked to describe himself as bold enough to be honest honest enough to be bold Humphries concludes that as premier from 1905 to 1914 Whitney lived up to his self description The boldness of his legislative programs recognized the evolution of a new industrial society and paved the way for government to intervene in economic and social affairs The success of his progressive conservatism laid the foundation for decades of Tory success in Ontario
