Modern Irish Poetry: A New Alhambra Frank Sewell, 2001-01-25 Recently chapters on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general. Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective. In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition. Chapters 1 and 2 turn from the mid 20th century master Seán Riordáin to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period. Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition. Chapter 3 returns to the slightly earlier major Irish language poet Mairéad Ní Dire. In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and concern for the more solely traditionalist Ní Dire. This switch back in time geography social mores or outlook fits and illustrates Sewell's concept of the zig zag movement of a country's culture as it proceeds from generation to generation. The positioning therefore has a thematic purpose. The fourth and final chapter focuses on the contemporary poet Nuala Ní Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has become the current trail blazer of Irish poetry in either language.

The Prose Literature of the Gaelic Revival, 1881-1921 Philip O'Leary, 2005-07-20 The Gaelic Revival has long fascinated scholars of political history nationalism literature and theater history yet studies of the period have neglected a significant dimension of Ireland's evolution into nationhood the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state. This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity citing documents such as editorials columns speeches letters and literary works that were influential at the time but all too often were published only in Irish or were difficult to access. Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement. Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O'Leary addresses the many debates and questions concerning Irish writing of the period. His study is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism.

Gaelic Prose in the Irish Free State Philip O'Leary, 2010-07-01 This is an authoritative account of the a major but neglected aspect of the Irish cultural renaissance prose literature of the Gaelic Revival. The period following the War of Independence and Civil War saw an outpouring of book length works in Irish from the state publishing agency An Gúm. The frequency and production of new plays both original and translated have never

been approached since This book investigates all of these works as well as journalism and manuscript material and discusses them in a lively and often humorous manner Publisher description Making Sense of the Molly Maguires Kevin Kenny,1998 A group of 20 Irish immigrants suspected of comprising a secret terrorist organization called the Molly Maguires were executed in Pennsylvania in the 1870s for the murder of 16 men This work offers a new interpretation of their dramatic story tracing the origins of the Molly Maguires to Ireland and explaining the growth of a particular structure of meaning
