Nabokov And His Fiction New Perspectives:

Nabokov and His Fiction Julian W. Connolly, 1999-08-05 Published in 1999 to mark the centenary of Vladimir Nabokov's birth this volume brings together the work of eleven of the world's foremost Nabokov scholars offering perspectives on the writer and his fiction Their essays cover a broad range of topics and approaches from close readings of major texts including *Invitation of a Memory* and *Pale Fire* to penetrating discussions of the significant relationship between Nabokov's personal beliefs and experiences and his art Several of the essays attempt to uncover the artistic principles that underlie the author's literary creations while others seek to place Nabokov's work in a variety of literary and cultural contexts Among these essays are a first glimpse at a little known work *The Tragedy of Mr Morn* as well as a perspective on Nabokov's most famous novel *Lolita* The volume as a whole offers valuable insight into Nabokov scholarship *Figurations of Exile in Hitchcock and Nabokov* Barbara Straumann, 2008-12-16 This book makes an important contribution to cultural analysis by opening up the work of two canonical authors to issues of exile and migration Barbara Straumann's close reading of selected films and literary texts focuses on *Invitation of a Memory* *Lolita* *The Eye* *The Invincible* *The Eye* *Suspicion* *North by Northwest* and *Shadow of a Doubt* and explores the connections between language imagination and exile Invoking psychoanalysis as the principal discourse of dislocation the book not only uses concepts such as screen memory family romance fantasy and the uncanny as hermeneutic foils it also argues that in their own ways the arch parodists Hitchcock and Nabokov are remarkably in tune with the images and tropes developed by Freud **Nabokov's Women** Elena Rakhimova-Sommers, 2017-10-15 Nabokov's Women *The Silent Sisterhood of Textual Nomads* is the first book length study to focus on Nabokov's relationship with his heroines Essays by distinguished Nabokov scholars explore the multilayered and nomadic nature of Nabokov's women their voice and voicelessness their absentness the paradigm of power and sacrifice within which they are situated the paradox of their unattainability their complex relationship with textual borders the travel narrative with the author himself By design Nabokov's woman is often assigned a short term tourist visa with a firm expiration date Her departure is facilitated by death or involuntary absence which watermarks her into the male protagonist's narrative granting him an artistic release or a gift of self understanding When she leaves the stage her portrait remains ambiguous She can be powerfully enigmatic but not self actualized enough to be dynamic or for even where the terms of her existence are deeply considered or her image beheld reverently her recognition seems to be limited to the Works Cited register of the male narrator's personal life As a result Nabokov's texts often feature a nomadic woman who seems to live without a narratorial homeland papers of her own or storytelling privileges This volume explores the residency status of Nabokov's silent nomads his fleeting lovers witches muses mermaids and nymphets As Nabokov scholars analyze the power dynamic of the writer's narrative of male desire they ponder are these female characters directionless wanderers or covert operatives in the terrain of Nabokov's text Whereas each essay addresses a different aspect of Nabokov's artistic relationship with the feminine together they explore the politics of

representation authorization and voicelessness This collection offers new ways of reading and teaching Nabokov and is poised to appeal to a wide range of student and scholarly audiences Chapter 4 Nabokov's Mermaid Spring in Fialta by Elena Rakhimova Sommers is not available in the ebook format due to digital rights restrictions You can find the earlier version of the chapter in the journal Nabokov Studies *Nabokov's Theatrical Imagination* Sissy Frank, 2012-01-12 Drawing on a wealth of unpublished archival material this study offers a comprehensive assessment of the importance of theatrical performance in Vladimir Nabokov's thinking and writing Sissy Frank provides fresh insights into Nabokov's wider aesthetics and arrives at new readings of his narrative fiction As well as emphasising the importance of theatrical performance to our understanding of Nabokov's texts she demonstrates that the theme of theatricality runs through the central concerns of Nabokov's art and life the nature of fiction the relationship between the author and his fictional world textual origin and derivation authorial control and textual property literary appropriations and adaptations and finally the transformation of the writer himself from the Russian migr writer Sirin to the American novelist Nabokov *The Oxford Encyclopedia of American Literature* Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer's current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman and Beloved place the work in its historical context and offer a range of possibilities with regard to critical approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study **Nabokov's Mimicry of Freud** Teckyoung Kwon, 2017-05-30 In Nabokov's Mimicry of Freud Art as Science Teckyoung Kwon examines the manner in which Nabokov invited his readers to engage in his ongoing battle against psychoanalysis Kwon looks at Nabokov's use of literary devices that draw upon psychology and biology characters that either imitate Freud or Nabokov in behavior or thought and Jamesian concepts of time memory and consciousness in The Defense Despair Lolita Pale Fire and Ada As Kwon notes the transfiguration of biological mimicry and memory into an artistic form involves numerous components including resemblance with a difference contingency the double riddles games play theatricality transgression metamorphosis and combinational concoction Nabokov as a mimic functions as a poet who is also

a scientist while his model Freud operates as a scientist who is also a poet Both writers were gifted humorists regarding art as a formidable vehicle for the repudiation of all forms of totality This book is recommended for scholars of psychology literary studies film studies and philosophy

Red Britain Matthew Taunton, 2019-04-04 Red Britain sets out a provocative rethinking of the cultural politics of mid century Britain by drawing attention to the extent diversity and longevity of the cultural effects of the Russian Revolution Drawing on new archival research and historical scholarship this book explores the conceptual discursive and formal reverberations of the Bolshevik Revolution in British literature and culture It provides new insight into canonical writers including Doris Lessing George Orwell Dorothy Richardson H G Wells and Raymond Williams as well bringing to attention a cast of less studied writers intellectuals journalists and visitors to the Soviet Union Red Britain shows that the cultural resonances of the Russian Revolution are more far reaching and various than has previously been acknowledged Each of the five chapters takes as its subject one particular problem or debate and investigates the ways in which it was politicised as a result of the Russian Revolution and the subsequent development of the Soviet state The chapters focus on the idea of the future numbers and arithmetic law and justice debates around agriculture and landowning and finally orality literacy and religion In all of these spheres Red Britain shows how the medievalist romantic oral pastoral anarchic and ethical emphases of English socialism clashed with and were sometimes overwritten by futurist utilitarian literate urban statist and economic ideas associated with the Bolshevik Revolution

The Five Senses in Nabokov's Works Marie Bouchet, Julie Loison-Charles, Isabelle Poulin, 2020-06-19 This collection of essays focuses on a subject largely neglected in Nabokovian criticism the importance and significance of the five senses in Vladimir Nabokov's work poetics politics and aesthetics This text analyzes the crucial role of the author's synesthesia and multilingualism in relation to the five senses as well as the sensual and erotic dimensions of sensoriality in his works Each chapter provides a highly focused and sometimes provocative approach to the unique role that sensory perceptions play in the shaping and narrating of Nabokov's memories and in his creative process

Ambiguous Selves Barbara Braid, 2019-11-21 This collection of essays on selected texts in literature film and the media is driven by a shared theme of contesting the binary thinking in respect of gender and sexuality The three parts of this book contesting norms performing selves and blurring the lines delineate the queer celebration of difference and deviance They pinpoint the limitation of assumed norms and subverting them revel in the fluid and ambiguous self that springs from the contestation of those norms and then repeatedly transgress and as a result obscure the limits that separate the normal from the abnormal The variety of texts included in the collection ranges from a discussion of queer subjects represented in film television and literature to that of the representations of other non normative figures including a madwoman a freak or a prostitute and to gender role contestation and gender bending practicing evidenced in the press theatre film literature and popular culture

Russian Literature, Modernism and the Visual Arts Catriona Kelly, Stephen Lovell, 2000-03-09 In the Russian modernist era literature threw itself open to influences from

other art forms most particularly the visual arts Collaborations between writers artists designers and theatre and cinema directors took place more intensively and productively than ever before or since Equally striking was the incursion of spatial and visual motifs and structures into verbal texts Verbal and visual principles of creation joined forces in an attempt to transform and surpass life through art Yet willed transcendence of the boundaries between art forms gave rise to confrontation and creative tension as well as to harmonious co operation This collection of essays by leading British American and Russian scholars first published in 2000 draws on a rich variety of material from Dostoevskii to Siniavskii from writers doodles to cabarets from well known modernists such as Akhmatova Malevich Platonov and Olesha to less well known figures to demonstrate the creative power and dynamism of Russian culture on the boundaries
