Nabokov's Garden A Guide To Ada:

Nabokov's Garden Bobbie Ann Mason,1974 **Nabokov's Garden** Bobbie Ann Mason,1974 Nabokov Garden Bobbie Ann Mason,1974 The Garland Companion to Vladimir Nabokov Vladimir E. Alexandrov,2014-05-22 First published in 1995 This companion constitutes a virtual encyclopaedia of Nabokov and occupies a unique niche in scholarship about him Articles on individual works by Nabokov including his short stories and poetry provide a brief survey of critical reactions and detailed analyses from diverse vantage points For anyone interested in Nabokov from scholars to readers who love his works this is an ideal guide Its chronology of Nabokov s life and works bibliographies of primary and secondary works and a detailed index make it easy to find reliable information any aspect of Nabokov s rich legacy **Vladimir Nabokov and the Poetics of Liberalism** Dana Dragunoiu,2011-08-31 Through a close examination of Nabokov s father s political moral and aesthetic values and more generally Russian liberalism as it existed in the first few decades of the 20th century the author provides persuasive answers to many long standing questions in this deeply researched innovative study **Understanding Bobbie Ann Mason** Joanna Price,2000 An analysis introducing Mason s nonfiction prose short stories and novels Price sheds light on the writer s distinctive style and thematic concerns in her writings about contemporary Western Kentucky

Nabokov, History and the Texture of Time Will Norman,2012 This book argues that the apparent evasion of history in Vladimir Nabokov s fiction conceals a profound engagement with social and therefore political temporalities While Nabokov scholarship has long assumed the same position as Nabokov himself that his works exist in a state of historical exceptionalism this study restores the content context and commentary to Nabokovian time by reading his American work alongside the violent upheavals of twentieth century ideological conflicts in Europe and the United States This approach explores how the author s characteristic temporal manipulations and distortions function as a defensive dialectic against history an attempt to salvage fiction for autonomous aesthetics Tracing Nabokov s understanding of the relationship between history and aesthetics from nineteenth century Russia through European modernism to the postwar American academy the book offers detailed contextualized readings of Nabokov s major writings exploring the tensions fissures and failures in Nabokov s attempts to assert aesthetic control over historical time In reading his response to the rise of totalitarianism the Holocaust and Cold War Norman redresses the commonly expressed admiration for Nabokov s heroic resistance to history by suggesting the ethical aesthetic and political costs of reading and writing in its denial This book offers a rethinking of Nabokov s location in literary history the ideological impulses which inform his fiction and the importance of temporal aesthetics in negotiating the matrices of modernism **A Study Guide for Bobbie Ann Mason's "In Country"** Gale, Cengage Learning,2016-06-29 A Study Guide for Bobbie Ann Mason s In Country excerpted from Gale s acclaimed Novels for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Novels for Students for all of your

research needs *Nabokov's Canon* Marijeta Bozovic, 2016-05-31 Nabokov's translation of Pushkin's Eugene Onegin 1964 and its accompanying Commentary along with *Invitation of a Stranger* 1969 his densely allusive late English language novel have appeared nearly inscrutable to many interpreters of his work If not outright failures they are often considered relatively unsuccessful curiosities In Bozovic's insightful study these key texts reveal Nabokov's ambitions to reimagine a canon of nineteenth and twentieth century Western masterpieces with Russian literature as a central rather than marginal strain Nabokov's scholarly work translations and lectures on literature bear resemblance to New Critical canon reformations however Nabokov's canon is pointedly translingual and transnational and serves to legitimize his own literary practice The new angles and theoretical framework offered by Nabokov's Canon help us to understand why Nabokov's provocative monuments remain powerful source texts for several generations of diverse international writers as well as richly productive material for visual cinematic musical and other artistic adaptations Authorship in Nabokov's Prefaces Jacqueline Hamrit, 2015-01-12 Whereas literary criticism has mainly oscillated between the death of the author Barthes and the return of the author Couturier this work suggests another perspective on authorship through an analysis of Nabokov's prefaces It is here argued that the author being neither dead nor tyrannical alternates between authoritative apparitions and receding disappearances in the double gesture of mastery without mastery which Derrida calls exappropriation that is a simultaneous attempt to appropriate one's work control it have it under one's power and expropriate it losing control by loosening one's grip The intention of this is to approach through one's experience of reading and interpreting the experience of self effacement and impersonality pertaining to writing cf Blanchot Prefaces are considered to be suitable places for the deconstruction of the classical image of Nabokov's arrogance through the unearthing of his reserve and vulnerability This work provides an account of the mere intuition which therefore does not pretend to be a conclusive and definitive interpretation of another image of Nabokov whose undeniable talent for deception seems in accordance with a need for discretion and secrecy
