The Shock of the Real G. Wood,2016-04-30 Already in the century before photography s emergence as a mass medium a diverse popular visual culture had risen to challenge the British literary establishment The bourgeois fashion for new visual media from prints and illustrated books to theatrical spectacles and panoramas rejected high Romantic concepts of original genius and the sublime in favor of mass produced images and the thrill of realistic effects In response the literary elite declared the new visual media an offense to Romantic idealism Simulations of nature Coleridge declared are loathsome and disgusting The Shock of the Real offers a tour of Romantic visual culture from the West End stage to the tourist filled Scottish Highlands from the panoramas of Leicester Square to the photography studios of Second Empire Paris But in presenting the relation between word and image in the late Georgian age as a form of culture war the author also proposes an alternative account of Romantic aesthetic ideology as a reaction not against the rationalism of the Enlightenment but against the visual media age being born

Snapshot Photography Catherine Zuromskis,2021-08-24 An examination of the contradictions within a form of expression that is both public and private specific and abstract conventional and countercultural Snapshots capture everyday occasions Taken by amateur photographers with simple point and shoot cameras snapshots often commemorate something that is private and personal yet they also reflect widely held cultural conventions The poses may be formulaic but a photograph of loved ones can evoke a deep affective response In Snapshot Photography

Catherine Zuromskis examines the development of a form of visual expression that is both public and private. Scholars of art and culture tend to discount snapshot photography; it is too ubiquitous, too unremarkable, too personal. Zuromskis argues for its significance. Snapshot photographers, she contends, are not so much creating spontaneous records of their lives as they are participating in a prescriptive cultural ritual. A snapshot is not only a record of interpersonal intimacy but also a means of linking private symbols of domestic harmony to public ideas of social conformity. Through a series of case studies, Zuromskis explores the social life of snapshot photography in the United States in the latter half of the twentieth century. She examines the treatment of snapshot photography in the 2002 film *One Hour Photo* and in the television crime drama *Law and Order: Special Victims Unit*; the growing interest of collectors and museum curators in vintage snapshots and the snapshot aesthetic of Andy Warhol and Nan Goldin. She finds that Warhol's photographs of the Factory community and Goldin's intense and intimate photographs of friends and family use the conventions of the snapshot to celebrate an alternate version of family values. In today's digital age, snapshot photography has become even more ubiquitous and ephemeral and significantly more public. But buried within snapshot photography's mythic construction, Zuromskis argues, is a site of democratic possibility.

Birth of the Cool Lewis MacAdams, 2012-04-10 Miles Davis and Juliette Greco, Jackson Pollock and Jack Kerouac, Marlon Brando and Bob Dylan and William Burroughs. What do all these people have in common? Fame, of course, and undeniable talent. But most of all, they were cool. *Birth of the Cool* is a stunningly illustrated, brilliantly written cultural history of the American avant-garde in the 1940s and 1950s, the decades in which cool was born. From intimate interviews with cool icons like poet Allen Ginsberg, bebop saxophonist Jackie McLean, and Living Theatre cofounder Judith Malina, award-winning journalist and poet Lewis MacAdams extracts the essence of cool. Taking us inside the most influential and experimental art movements of the twentieth century, from the Harlem jazz joints where Dizzy Gillespie and Charlie Parker invented bebop to the back room at Max's in Kansas City when Andy Warhol was holding court to backstage at the Newport Folk Festival the night Bob Dylan went electric, from Surrealism to the Black Mountain School to Zen, MacAdams traces the evolution of cool from the very fringes of society to the mainstream. Born of World War II, raised on atomic age paranoia, cast out of the culture by the realities of racism and the insanity of the Cold War, cool is now perversely as conventional as you can get. Allen Ginsberg suited up for Gap ads, Volvo appropriated a phrase from Jack Kerouac's *On the Road* for its TV commercials. How one became the other is a terrific story, and it is presented here in a gorgeous package rich with the coolest photographs of the black and white era, from Robert Doisneau, Henri Cartier-Bresson, Man Ray, and many others. Drawing a direct line between Lester Young wearing his pork pie hat and his crepe sole shoes staring out his hotel window at Birdland to the author's three-year-old daughter saying cool while watching a Scooby Doo cartoon at the cusp of a new millennium, *Birth of the Cool* is a cool book about a hot subject, maybe even the coolest book ever.

The Reality Effect Joel Black, 2013-08-21 It used to be only movies were on film; now the whole world is. The most intimate and most banal moments of our lives are

constantly recorded for public consumption In *The Reality Effect* Joel Black argues that the desire to make visible every aspect of our lives is an impulse derived from cinema one that has made life both more graphic and less real He approaches film as a documentary medium that has obscured if not obliterated the line between reality and fiction To illustrate this effect Black traces the uncanny interplay between movies and real life events through a series of comparative analyses from *Lolita* and the murder of JonBen t Ramsey to *Wag the Dog* and the Clinton scandal to *Crash* and Princess Diana s violent death

Graphic Culture Jillian Lerner, 2018-07-30 Nineteenth century Paris is often celebrated as the capital of modernity However this story is about cultural producers who were among the first to popularize and profit from that idea *Graphic Culture* investigates the graphic artists and publishers who positioned themselves as connoisseurs of Parisian modernity in order to market new print publications that would amplify their cultural authority while distributing their impressions to a broad public Jillian Lerner s exploration of print culture illuminates the changing conditions of vision and social history in July Monarchy Paris Analyzing a variety of caricatures fashion plates celebrity portraits city guides and advertising posters from the 1830s and 1840s she shows how quotidian print imagery began to transform the material and symbolic dimensions of metropolitan life The author s interdisciplinary approach situates the careers and visual strategies of illustrators such as Paul Gavarni and Achille Dev ria in a broader context of urban entertainments and social practices it brings to light a rich terrain of artistic collaboration and commercial experimentation that linked the worlds of art literature fashion publicity and the theatre A timely historical meditation on the emergence of a commercial visual culture that prefigured our own *Graphic Culture* traces the promotional power of artistic celebrities and the crucial perceptual and social transformations generated by new media

Proust/Warhol David Carrier, 2009 *Proust Warhol Analytical Philosophy of Art* employs three key intellectual tools the aesthetic theory of Arthur Danto the account of Proust by Joshua Landy and the analysis of the art of living by Alexander Nehamas *Proust Warhol* concludes with a discussion of an issue of particular importance for Warhol the relationship between art and fashion Jacket

Duchamp's Last Day Donald Shambroom, 2018-11-20 Published on the fiftieth anniversary of Marcel Duchamp's death Duchamp's Last Day offers a radical reading of the artist's final hours Just moments after Duchamp died his closest friend Man Ray took a photograph of him His face is wan his eyes are closed he appears calm Taking this image as a point of departure Donald Shambroom begins to examine the surrounding context the dinner with Man Ray and another friend Robert Lebel the night Duchamp died the conversations about his own death at that dinner and elsewhere and the larger question of whether this radical artist's death can be read as an extension of his work Shambroom's in depth research into this final night and his analysis of the photograph feeds into larger questions about the very nature of artworks and authorship which Duchamp raised in his lifetime In the case of this mysterious and once long lost photograph who is the author Man Ray or Duchamp Is it an artwork or merely a record Has the artist himself turned into one of his own readymades A fascinating essay that is both intimate and steeped in art history Duchamp's Last Day is filled with intricate details from decades of research into this peculiar encounter between art life and death Shambroom's book is a wonderful study of one of the greatest artists of the twentieth century

The Great Parade Pierre Théberge, Galeries Nationales du Grand Palais (Paris), National Gallery of Canada, 2004-01-01 A beautiful book that showcases how circus figures and artifacts have been portrayed in art over the past two centuries The circus is a dazzling world filled with acrobats and harlequins tumblers and riders monsters and celestial creatures Now this engaging book sets that world in a new light examining how painters sculptors and photographers from the eighteenth century to the present have used the circus as a springboard for their imaginative expression and have envisioned the clown as a metaphor for the modern artist The book presents more than 175 works by such artists as Degas Toulouse Lautrec Rouault Picasso Chagall and Léger Some of these are masterful works shown for the first time these range from the 18 meter stage curtain Picasso designed in 1917 for Erik Satie's ballet Parade to more intimate works such as Nadar and Tournachon's photographs of Pierrot as played by celebrated mime Charles Debureau
