Collins,Renée W. Craig-Odders,Marcella L. Paul,2018-07-26 At the heart of crime fiction is an investigation into an act of violence Studies of the genre have generally centered on the relationship between the criminal and the investigator Focusing on contemporary crime fiction from the Spanish speaking world this collection of new essays explores the role of the victim Contributors discuss how the definition of victim the nature of the crime the identification of the body and its treatment by authorities reflect shifting social landscapes changing demographics economic crises and political corruption and instability **The Routledge Companion to Crime Fiction** Janice Allan,Jesper Gulddal,Stewart King,Andrew Pepper,2020-04-07 The Routledge Companion to Crime Fiction is a comprehensive introduction to crime fiction and crime fiction scholarship today Across 45 original chapters specialists in the field offer innovative approaches to the classics of the genre as well as ground breaking mappings of emerging themes and trends The volume is divided into three parts Part I Approaches rearticulates the key theoretical questions posed by the crime genre Part II Devices examines the textual characteristics of crime fiction Part III Interfaces investigates the complex ways in which crime fiction engages with the defining issues of its context from policing and forensic science through war migration and narcotics to digital media and the environment Rigorously argued and engagingly written the volume is indispensable both to students and scholars of crime fiction Investigating Identities Marieke Krajenbrink,Kate M. Quinn,2009 Investigating Identities Questions of Identity in Contemporary International Crime Fiction is one of the relatively few books to date which adopts a comparative approach to the study of the genre This collection of twenty essays by international scholars examining crime fiction production from over a dozen countries confirms that a comparative approach can both shed light on processes of adaptation and appropriation of the genre within specific national regional or local

contexts and also uncover similarities between the works of authors from very different areas Contributors explore discourse concerning national and historical memory language race ethnicity culture and gender and examine how identity is affirmed and challenged in the crime genre today They reveal a growing tendency towards hybridization and postmodern experimentation and increasing engagement with philosophical enquiry into the epistemological dimensions of investigation Throughout the notion of stable identities is subject to scrutiny While each essay in itself is a valuable addition to existing criticism on the genre all the chapters mutually inform and complement each other in fascinating and often unexpected ways This volume makes an important contribution to the growing field of crime fiction studies and to ongoing debates on questions of identity It will therefore be of special interest to students and scholars of the crime genre identity studies and comparative literature It will also appeal to all who enjoy reading contemporary crime fiction

Media, Memory, and Human Rights in Chile K. Sorensen, 2009-06-08 Sorensen investigates the manner in which Chilean media and public culture discuss human rights violations committed during the dictatorship of General Augusto Pinochet 1973 1990 as well as human rights problems which still exist

Radical Justice Luis Martín-Cabrera, 2011-08-16 Radical Justice investigates the convoluted relationship between memory and justice as it is portrayed in political documentaries and detective fiction from Spain and the Southern Cone It argues that the possibility of achieving justice in these regions lies beyond market and state and is yet to come Rather than focusing on high literature Radical Justice uses popular culture as a site from which to question both the inability of the State and the transnational market to come to terms with the dictatorial past and to deliver justice This book will interest a wide range of scholars from national literature and film specialists of Argentina Chile and Spain to philosophers and students of ethics human rights and questions of justice

The Cry of the Renegade Raymond B. Craib, 2016-07-06 On October 1 1920 the city of Santiago Chile came to a halt as tens of thousands stopped work and their daily activities to join the funeral procession of Jos Domingo G mez Rojas a 24 year old university student and acclaimed poet Nicknamed the firecracker poet for his incendiary poems such as *The Cry of the Renegade* G mez Rojas was a member of the University of Chile's student federation the FECh which had come under repeated attack for its critiques of Chile's political system and ruling parties Government officials accused the FECh's leaders of being advocates for the destruction of the social order subversives who had the temerity to question national policy making and insolent youths who did not know their place Arrested for alleged sedition as part of a five month long prosecution of subversives G mez Rojas joined other students and workers in Santiago's prison system He never left After two months in police custody he died in Santiago's asylum quickly to be reborn as a political martyr for students and workers alike This microhistory recovers the context within which G mez Rojas's arrest imprisonment and death unfolded and the experiences of men he counted as friends comrades colleagues mentors and pupils Fifty years before the much heralded student movements of 1968 Raymond Craib shows university students and workers were active political collaborators and radicalized political subjects In interwar Chile

members of Chile's sizeable working class marched side by side with students from the FECh. At the same time increasingly radicalized university students as well as former students workers and worker intellectuals gathered together to talk read and find common cause. Members of what Craib calls a capacious Left they shared a wide ranging interest in works of sociology and political theory a penchant for poetry and an eclectic embrace of anarchist socialist and communist principles and practices. They also shared the experience of repression an experience that ultimately cost Gómez Rojas his life and marked an entire generation of political organizers and agitators including future president Salvador Allende and poet Pablo Neruda.

Hispanic and Luso-Brazilian Detective Fiction Renée W. Craig-Odders, Jacky Collins, Glen S. Close, 2006-03-20 The image of the hard boiled private investigator from gritty pulp fiction a terse and mysterious figure has become increasingly universal as the detective novel crosses more and more borders. A booming genre in Latin America Spain and other Hispanic cultures detective fiction has transcended the limitations of its influences. Hispanic authors relatively new to the genre have published novels and series popular with the public while a number of well known writers have adapted the genre to reflect the concurrent globalization of modern society and the crimes within it. This volume presents a compilation of 11 critical essays on negro contemporary detective fiction in the Hispanic and Luso Brazilian canon. Surveying the last twenty years the text analyzes emerging trends in this rapidly evolving genre as well as the mutations and innovations taking place within the style. The first section of the book is dedicated to the detective fiction of Spain and Portugal. The second section surveys works from Latin America and the United States where topics touch on universal subjects like crime identity and feminism.

A World Torn Apart Victoria Carpenter, 2007 This collection of essays derives from a conference on Violence Culture and Identity held in St Andrews in June 2003. It is a contribution to the understanding of representations of violence in Latin American narrative. The collected essays are dedicated to the study of the problematic history of violence as a means of civilizing the region violence used by dictatorial regimes to eradicate the collective memory of their actions violence as a result of the history of marginalizing segments of the population sexual violence as an attempt at complete control of the victim. The essays establish a clear link between historical political and literary constructs spanning the past five hundred years of Latin American history. Close readings of political texts historical

documents prose poetry and films employ identity theories postcolonial discourse and the principles of mimetic and sacrificial violence The volume adds to the ongoing critical investigation of the relationship between Latin American history and narrative and to the key role of representations of violence within that narrative tradition Latin American Mystery Writers Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention The body of Latin American mystery writing is especially vast and diverse Because it is part of Latin American popular culture it also reflects many of the social and cultural concerns of that region This reference provides an overview of mystery fiction of Latin America While many of the authors profiled have received critical attention others have been relatively neglected Included are alphabetically arranged entries on 54 writers most of whom are from Argentina Mexico and Cuba Every effort has been made to include balanced coverage of the few female mystery writers Each entry is written by an expert contributor and includes a brief biography a critical discussion of the writer's works and primary and secondary bibliographies The volume closes with a general bibliography of anthologies and criticism Imageries of deception in Chilean novels of the 1990s Cecilia Ojeda, Guillermo García-Corales, 2004 This book focuses on the New Chilean Narrative published in the historically significant decade of the 90s by a group of writers belonging to the Generation of the 80s The analysis of selected texts by Ana Maria del Rio Diamela Eltit Guadalupe Santa Cruz Jaime Collyer Ramon Diaz Eterovic Gonzalo Contreras and Alberto Fuguet explores the literary strategies by which these writers present literary imageries of deception that question the post dictatorial order in Chile The concept of imageries of deception alludes to literary motifs that represent a critical view of a Chilean contemporary reality whose source can be traced to the Pinochet dictatorship and its ideological aftermath The imageries of deception question the dominant myths that sustain Chilean post dictatorial society and remember the nation's ideological conflicts of the past three decades As cultural spaces where memory resists the dominant will to deceptively erase the past the narrative of the 90s reveals the enduring and debilitating impact of a dictatorship successfully disguised as the current neo liberal democracy *Beyond Postmodernism in Hispanic Literature*, 2001 **20 años de crítica literaria** Mariano Aguirre, 2010 La figura de Mariano Aguirre es fundamental para entender la evolución de la literatura chilena de los últimos treinta años Crítico de excepción promotor de escritores incipientes a principios de los noventa se gan un lugar destacado en el ejercicio del periodismo cultural escrito y televisivo que todavía hoy a más de una década de su muerte sigue evidenciando sus marcas y trascendencia **Chile en el siglo XXI** Benoît Santini, Laetitia Boussard, 2013 En Chile los cambios profundos que se han producido desde finales del siglo XX junto con la elección de Ricardo Lagos en 2000 se insertan en un amplio marco de cambios artísticos políticos sociales y económicos mayores en el continente iberoamericano Esta evolución actual incita a los diversos autores del presente volumen coordinado por Laetitia Boussard y Benoît Santini a proponer una reflexión global sobre el contexto chileno entendido en un sentido múltiple y considerándose obviamente el contexto histórico pero también los contextos sociales así como artísticos o creativos Los t
