The Nag Hammadi Story (2 vols.) James M. Robinson, 2014-06-05 The Nag Hammadi Story is not a history of research in the usual sense of a Forschungsbericht which would report on the massive amount of scholarship that has been devoted to the content of the Nag Hammadi Codices for more than a half century Rather it is a socio historical narration of just what went on during the thirty two years from their discovery late in 1945 via their initial trafficking and then the attempts to monopolize them until finally through the intervention of UNESCO the whole collection of thirteen Codices was published in facsimiles and in English translation both completed late in 1977

What Happened to the Ancient Library of Alexandria? Mostafa El-Abbadi, Omnia Fathallah, Ismail Serageldin, 2008-02-28 In adopting the theme of What Happened to the Ancient Library of Alexandria this book aims at presenting afresh a highly specialized discussion of primary sources related to the diverse aspects and episodes of that long disputed question The book covers a wide range of topics beginning with an initial presentation of different Ancient Egyptian types of library institutions with a special focus on the later Coptic Nag Hamadi Library It then deals with

Essays on the Nag Hammadi Texts in Honour of Alexander Böhlig Martin Krause, 2020-10-26

Snapshots of Evolving Traditions Liv Ingeborg Lied, Hugo Lundhaug, 2017-01-23 Scholars of early Christian and Jewish literature have for many years focused on interpreting texts in their hypothetical original forms and contexts while largely overlooking important aspects of the surviving manuscript evidence and the culture that produced it This volume of essays seeks to remedy this situation by focusing on the material aspects of the manuscripts themselves and the fluidity of textual transmission in a manuscript culture With an emphasis on method and looking at texts as they have been used and transmitted in manuscripts this book discusses how we may deal with textual evidence that can often be described as mere snapshots of fluid textual traditions that have been intentionally adapted to fit ever shifting contexts The emphasis of the book is on the contexts and interests of users and producers of texts as they appear in our surviving manuscripts rather than on original authors and their intentions and the essays provide both important correctives to former textual interpretations as well as new insights into the societies and individuals that copied and read the texts in the manuscripts that have actually been preserved to us

K. Elliott,2005-10-27 This collection of apocryphal writings supersedes the best selling edition by M R James first published in 1924 Since then several new works have come to light and the textual base for some of the works previously translated by James is now more secure In this volume J K Elliott presents new translations of the texts into modern English together with a short introduction and bibliography for each of them The collection is designed to give readers the most important and famous non canonical Christian writings many of them popular legends with an enormous influence on later particularly medieval art and literature as well as on later beliefs and practices of the Church *Linguistic Manifestations in the Trimorphic Protennoia and the Thunder: Perfect Mind* Tilde Bak Halvgaard,2016-05-02 Both the Thunder Perfect Mind NHC VI 2 and the Trimorphic Protennoia NHC XIII 1 present their readers with goddesses who descend in such auditive terms as sound voice and word In *Linguistic Manifestations in the Trimorphic Protennoia and the Thunder Perfect Mind* Tilde Bak Halvgaard argues that these presentations reflect a philosophical discussion about the nature of words and names utterances and language as well as the relationship between language and reality inspired especially by Platonic and Stoic dialectics Her analysis of these linguistic manifestations against the background of ancient philosophy of language offers many new insights into the structure of the two texts and the paradoxical sayings of the Thunder Perfect Mind Metamorphoses Turid Karlsen Seim,Jorunn Økland,2009-05-05 How
