The Provenance of the Pseudepigrapha James R. Davila, 2005 This book analyzes a substantial corpus of Old Testament pseudepigrapha proposing a methodology for understanding them first in the social context of their earliest Christian manuscripts and inferring still earlier Jewish or other origins only as required by positive evidence

The Apocryphal Gospels Paul Foster, 2009-02-26 This Very Short Introduction offers a clear accessible and concise account of the apocryphal gospels exploring their origins their discovery and discussing how the various texts have been interpreted both by the Church and beyond Looking at texts from the Gospels from Nag Hammadi to the Dialogues with the Risen Saviour Paul Foster shows how the apocryphal gospels reflect the diversity that existed within early Christianity and examines the extent to which they can be used to reconstruct an accurate portrait of the historical Jesus Including discussions of controversies and case studies such as the alleged hoax surrounding the discovery of Secret Mark Foster concludes that the non canonical texts considered in the correct context offer us an important window on the vibrant and multi faceted face of early Christianity

Peter, Paul, and Mary Magdalene Bart D Ehrman, 2008-04-24 From the Publisher Bart Ehrman author of the bestsellers *Misquoting Jesus* and *Truth and Fiction* in *The Da Vinci Code* here takes readers on another engaging tour of the early Christian church illuminating the lives of three of Jesus most intriguing followers Simon Peter Paul of Tarsus and Mary Magdalene

Not in His Image John Lamb Lash, 2006-11-15 Lash is capable of explaining the mind bending concepts of Gnosticism and pagan mystery cults with bracing clarity and startling insight His arguments are often lively and entertaining Los Angeles Times In *Not in His Image* John Lamb Lash explains how a little known messianic sect propelled itself into a dominant world power systematically

wiping out the great Gnostic spiritual teachers the Druid priests and the shamanistic healers of Europe and North Africa Early Christians burned libraries and destroyed temples in an attempt to silence the ancient truth tellers and keep their own secrets But as Lash reveals the truth cannot be hidden or destroyed Not in His Image delves deeply into the shadows of ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history exploring the richness of the ancient European Pagan spirituality the Pagan Mysteries the Great Goddess Gnosis the myths of Sophia and Gaia Long before the birth of Christianity monotheism was an anomaly Europe and the Near East flourished under the divine guidance of Sophia the ancient goddess of wisdom The Earth was the embodiment of Sophia and thus sacred to the people who sought fulfillment in her presence This ancient philosophy was threatening to the emerging salvation based creed of Christianity that was based on patriarchal dominion over the Earth and lauded personal suffering as a path to the afterlife As Derrick Jensen points out in the afterword in Lash s hands Jesus Christ emerges as the agent provocateur of the ruling classes Sometimes a book changes the world Not in His Image is such a book It is clear stimulating well researched and sure to outrage the experts Get it Improve not just your own life but civilization s chances for survival Roger Payne author of Among Whales

The Gnostic Discoveries Marvin W. Meyer, 2009-07-21 The Meaning of the Nag Hammadi now in paperback opens the with the thrilling adventure story of the discovery of the ancient Papyri at Nag Hammadi Muhammad Ali the fellahin discovered the sealed jar he feared that it might contain a jinni or spirit but also had heard of hidden treasures in such jars Greed overcame his fears and when he smashed open the jar gold seemed to float into the air To his disappointment it was papyrus fragmenst not gold but for scholars around the world it was invaluable Meyer then discusses the pre Christian forms of wisdom that went onto influence what Christians believe today In addition some Nag Hammadi texts are attributed to Valentinus a man who almost became Pope and whose rejection changed the church in significant ways Text by text Meyer traces the history and impact of this great find on the Church right up to our current beliefs and popular cultural fascination with this officially suppressed secret knowledge about Jesus and his followers

Orthodoxy and Heresy in Early Christian Contexts Paul A. Hartog, 2015-01-30 Eighty years ago Walter Bauer promulgated a bold and provocative thesis about early Christianity He argued that many forms of Christianity started the race but one competitor pushed aside the others until this powerful orthodox version won the day The victors re wrote history marginalizing all other perspectives and silencing their voices even though the alternatives possessed equal right to the title of normative Christianity Bauer s influence still casts a long shadow on early Christian scholarship Were heretical movements the original forms of Christianity Did the heretics outnumber the orthodox Did orthodox heresiologists accurately portray their opponents And more fundamentally how can one make any objective distinction between heresy and orthodoxy Is such labeling merely the product of socially situated power Did numerous valid forms of Christianity exist without any validating norms of Christianity This collection of essays each written by a relevant authority tackles such questions with scholarly acumen and

careful attention to historical cultural geographical and socio rhetorical detail Although recognizing the importance of Bauer s critical insights innovative methodologies and fruitful suggestions the contributors expose numerous claims of the Bauer thesis in both original and recent manifestations that fall short of the historical evidence With contributions from Rodney Decker Carl Smith William Varner Rex Butler Bryan Litfin Brian Shelton David Alexander Edward Smither Glen Thompson

Reimagining the Magdalene Siobhán Jolley,2025-03-20 This book offers a new intersectional feminist approach to utilising and interpreting the visual reception of Mary Magdalene Through employment of Liberative Reception Criticism which develops traditional reception theory in line with liberative hermeneutics via the insights of intersectionality as critical theory Siobh n Jolley provides a novel means of analysing how women and particularly the Magdalene are imaged in Christian tradition Knowledge of both the biblical figure of Mary Magdalene and her cultural reception continue to be dominated by long discredited ideas about her life and sexuality which bear the hallmarks of their development under patriarchy Through close study of relevant biblical texts and extracanonical accounts and a comprehensive survey of the Magdalene s presentation in the Italian art of the Counter Reformation Jolley demonstrates that the patriarchal portrayal of the Magdalene as a sexualised penitent and mournful witness to the resurrection is sustained by its mythic attachment to biblical text Rather than adopting the same tropes uncritically we are invited to look again at artworks and related texts in order to explore what happens when the influence of patriarchy is actively and intersectionally resisted Ultimately the Magdalene is transformed from a reductive and patriarchally mythologised figure to a multidimensional character who is relatable and liberative as an exemplar

A Coptic Dictionary Walter E. Crum,2005-11-01 The definitive Coptic dictionary Crum s work is the result of more than thirty years of research and collaboration with numerous scholars Originally published in 1939 it immediately became and has remained the definitive dictionary of the Coptic language Each word is given with variant word forms its context in English summary the original or equivalent words in Greek and illustration of its use Indexes of English Greek and Arabic words are also provided The new Foreword by James M Robinson provides the reader with an up to date summary of the current state of Coptic studies

The Crucifixion of Mary Magdalene Richard J. Hooper,2005 A careful study of Christian origins and detailed analysis of all the canonical apocryphal and Gnostic Gospels in which Mary Magdalene appears Considered the first apostle of Christianity by early Christians the author explains why the patriarchs of the early church found it necessary instead to reinvent Mary as a wanton woman rather than Jesus most favored disciple

Christian Identity in the Jewish and Graeco-Roman World Judith Lieu,2004-05-27 I am a Christian is the confession of the martyrs of early Christian texts and no doubt of many others but what did this confession mean and how was early Christian identity constructed This innovative study sets the emergence of Christian identity in the first two centuries as it is constructed by the broad range of surviving literature within the wider context of Jewish and Graeco Roman identity It uses a number of models from contemporary constructionist views of identity formation to explore how what

comes to be seen as Christian literature creates a sense of what to be a Christian means and traces both continuities and discontinuities with the ways in which Jewish and Graeco Roman identity were also being constructed through their texts It seeks to acknowledge the centrality of texts in shaping early Christianity historically as well as in our perception of it while also exploring how we might move from those texts to the individuals and communities who preserved them Such an approach challenges more traditional emphases on the development of institutions whether structures or credal and ethical formulations which often fail to recognize the rhetorical function of the texts on which they draw and the uncertainties of how well these reflect the actual practice and experience of individuals and communities While building on recent recognition of the diversity of early Christianity the book goes on to explore the question whether it is possible to speak of a distinctive Christian identity across both the range of early texts and as a pressing historical and theological question in the contemporary world
