Jones,2012-04-03 In The School of Sun Tzu author David G Jones offers a voyage of discovery into the world of competition and conflict His book presents fresh thought on how issue management without conflict can be applied in today s complex world The School of Sun Tzu carefully examines how the empire of China came into being the leadership of its first emperor and the role played by his learned academics which gave us the Tao Te Ching and the Ping fa by Sun Tzu incorrectly translated as Art of War The concepts values and practices that helped found China defined the greatness of the first empire History knows of but has not articulated the revisionist conspiracy of the second empire that worked so hard to discredit all the good that the first had achieved while leaving it essentially intact Fusing history politics philosophy and motivational theory Jones challenges not only conventional wisdom regarding Sun Tzu and Lao Tzu but even some generally accepted aspects of Chinese history It offers enlightening insights into a methodology as valid today for relationship management as it was centuries ago

Barbarians to Bureaucrats: Corporate Life Cycle Strategies Lawrence M. Miller,1990-01-14 One day your sluggish company will taken to the sound of a beating drum and the sight of a competitor approaching at ramming speed On deck will be a jut jawed Barbarian He will hardly blink as his target is ripped asunder sending Aristocrats Bureaucrats and their unfortunate shipmates to their corporate death So goes Mr Miller s tale from which we can all profit The Wall Street Journal *Barbarians to Bureaucrats* presents a brilliant new solution to a stubborn old business problem how to halt a company s

descent into wasteful stifling bureaucracy Lawrence M Miller a management consultant for such corporate giants as Xerox and 3M argues that corporations like civilizations have a natural life cycle and that by identifying the stage your company is in and the leaders associated with it you can avert decline and continue to thrive Every company begins with the compelling new vision of a Prophet and the aggressive leadership of an iron willed Barbarian who implements the Prophet's ideas New techniques and expansions are pushed through by the Builder and the Explorer but the growth spawned by these managers can easily stagnate when the Administrator sacrifices innovation to order and the Bureaucrat imposes tight control And just as in civilizations the rule of the Aristocrat out of touch with those who do the real work invites rebellion from employees customers and stockholders It will take the Synergist a business leader who balances creativity with order to restore vitality and insure future growth Executives from major corporations have already put the powerful insights of Barbarians to Bureaucrats into practice to regenerate their own companies Now you can use this brilliant lucid and dazzlingly original book to put your company and your career back on track **Harvard Business School Core Collection** Baker Library,1993
