Part-Time Perverts Lauren Rosewarne, 2011-04-19 This book offers an erudite yet highly accessible exploration of the presence of sexual perversion in popular culture and its manifestation in everyday life An interdisciplinary exploration of sexual perversion in everyday life *Part Time Perverts Sex Pop Culture and Kink Management* starts from the premise that for better or worse everyone is exposed to a continual barrage of representations of sexual perversion both subliminal and overt Our involvement Dr Lauren Rosewarne contends is universal but our management strategies cover a spectrum of behavioral

possibilities from total repression to total immersion It is those strategies that she examines here Drawing on her own experience as well as on pop culture and a multidisciplinary mix of theory Rosewarne shifts the discussion of perversion away from the traditional psychological and psychiatric focus and instead explores it through a feminist lens as a social issue that affects everyone Her book examines representations of perversion from suppression to dabbling to full body immersion and proposes a classification for perversion management and charts the diverse strategies we use to manage and perhaps enjoy exposure

Homesick and Happy Michael Thompson, 2012-05-01 An insightful and powerful look at the magic of summer camp and why it is so important for children to be away from home if only for a little while In an age when it s the rare child who walks to school on his own the thought of sending your little ones off to sleep away camp can be overwhelming for you and for them But parents first instinct to shelter their offspring above all else is actually depriving kids of the major developmental milestones that occur through letting them go and watching them come back transformed In *Homesick and Happy* renowned child psychologist Michael Thompson PhD shares a strong argument for and a vital guide to this brief loosening of ties A great champion of summer camp he explains how camp ushers your children into a thrilling world offering an environment that most of us at home cannot an electronics free zone a multigenerational community meaningful daily rituals like group meals and cabin clean up and a place where time simply slows down In the buggy woods icy swims campfire sing alongs and daring adventures children have emotionally significant and character building experiences they often grow in ways that surprise even themselves they make lifelong memories and cherished friends Thompson shows how children who are away from their parents can be both homesick and happy scared and successful anxious and exuberant When kids go to camp for a week a month or the whole summer they can experience some of the greatest maturation of their lives and return more independent strong and healthy
