Namibias Liberation Struggle:

The Gender Politics of the Namibian Liberation Struggle Martha Akawa, 2014-05-03 Womens contributions against apartheid under the auspices of the Namibian liberation movement SWAPO and their personal experiences in exile take center stage in this study Male and female leadership structures in exile are analysed whilst the sexual politics in the refugee camps and the public imagery of female representation in SWAPOs nationalism receive special attention The partys public pronouncements of women empowerment and gender equality are compared to the actual implementations of gender politics during and after the liberation struggle Namibia's Liberation Struggle Colin Leys, John S. Saul, 1995 It took 23 years of armed struggle before Namibia could gain its independence from South Africa in March 1990 SWAPO s victory was remarkable in the face of an overwhelmingly superior enemy How this came about and at what cost is the subject of this study which is based on unpublished documents and extensive interviews with a large range of the key activists in the struggle The study should be of interest to everyone concerned with southern Africa North America Ohio U Press

The Gender Politics of the Namibian Liberation Struggle Martha Akawa, 2014 Women s contributions against apartheid under the auspices of the Namibian liberation movement SWAPO and their personal experiences in exile take center stage in this study Male and female leadership structures in exile are analysed whilst the sexual politics in the refugee camps and the public imagery of female representation in SWAPO s nationalism receive special attention The party s public pronouncements of women empowerment and gender equality are compared to the actual implementations of gender politics during and after the liberation struggle

The Inevitable Pipeline into Exile Alexander Mller, 2012-12-29 The role played by Botswana in various southern African liberation struggles has previously been neglected in historical studies The countrys politics of support and mobilisation early on in Namibias struggle for independence from South Africa proved crucial for the formative period of both nation states Botswanas difficult and contradictory position as neighbour of the South African apartheid state and colonial power in Namibia are carefully dealt with as are the challenges faced by the fragile Namibian refugee networks and liberation movements SWANU and SWAPO operating in Botswana for decades The Inevitable Pipeline into Exile deals with a crucial phase of nationalism and transnational politics during the period of southern African decolonisation at the height of South Africas diplomatic and military aggression throughout the region

Women Journalists in Namibia's Liberation Struggle, 1985-1990 Maria Mboono Nghidinwa, 2008 Cover Title page Copyright page Contents Struggles within the Struggle An Introduction by Henning Melber Dedication Instruction 1 The Sotho Tswana Peoples before 1800 The Dispersal of the Kwenana and Kgatla Lineage Clusters The Rolong the Tlhaping and the Kora 1700 1800 3 Namibia s Media History SWAPO media in exile Pre colonial and colonial media in Africa History of the press in Namibia

Tell Them of Namibia, 1989 **To Be Born a Nation**, 1987 The book provides the Namibian liberation movements own analysis of its country and the struggle to liberate it This movement the South West Africa Peoples Organization SWAPO of Namibia is

recognised by the United Nations as the sole authentic representative of the Namibian people For 20 years SWAPO has led the Namibian people in an unrelenting struggle to rid the country of South African occupation *Re-Viewing Resistance in Namibian History* Silvester, Jeremy, 2015-07-13 *Re-Viewing Resistance in Namibian History* brings together the work of experienced academics and a new wave of young Namibian historians architects of the past who are working on a range of public history and heritage projects from late nineteenth century resistance to the use of songs from the role of gender in SWAPO's camps to memorialisation and from international solidarity to aspects of the history of Kavango and Caprivi In a culturally and politically diverse democracy such as Namibia there are bound to be different perspectives on the past and history will be as plural as the history tellers The chapters in this book reflect this diversity and combine to create a remarkable collection of divergent voices providing alternative perspectives on the past *Re-Viewing Resistance in Namibian History* writes forgotten people into history provides a reading of the past that reflects the tensions and competing identities that pervaded the struggle and deals with heritage that hurts *The Namibian War of Independence, 1966-1989* Richard Dale, 2014-10-21 The decolonization of Namibia was delayed from 1966 to 1989 the period of the war of independence pitting the Namibian nationalists against the South African minority ruled regime This book describes the diplomatic economic and military campaigns of the Namibian and South African belligerents and draws a comparison with several other decolonization wars Using data from parliamentary debates the aftermath is examined of the Namibian war and the newly independent nation The book provides a basis for further investigation of the decolonization process *Exploring Economic Reintegration in Namibia. Individual Trajectories of PLAN Ex-Fighters and SWAPO Exiles, 1989-2018* Tichaona Mazarire, 2023-01-18 *Exploring Economic Reintegration in Namibia Individual Trajectories of PLAN Ex-Fighters and SWAPO Exiles 1989-2018* draws from life histories to present constraints and possibilities that have shaped former SWAPO exiles economic reintegration in post colonial Namibia from 1989 through 2018 The book advances three arguments each of which pushes beyond existing scholarship on Namibia and or economic reintegration broadly Collectively these arguments challenge dominant narratives that have generalized former SWAPO exiles economic reintegration experiences highlighting that there is no single narrative that can describe their unique life stories of reintegration in the post colony **Namibia & Southern Africa** Ronald Dreyer, 2016-04-29 First published in 1994 This volume includes an examination the regional dynamics of Namibia's decolonization since early 1985 and the author's interest in southwestern Africa since he witnessed the South African invasion of Angola in 1975-76 as a delegate of the International Committee of the Red Cross The research was undertaken as part of a post doctoral project supported by the Swiss National Science Foundation It also includes extensive research in the region notably in the Frontline states *Namibian Czechs* LIT Verlag, 2020-01-01 The book focuses on the history and identity of Namibian Czechs originally a group of prominent child war refugees admitted by the Czechoslovak government in 1985 for education as an expression of international solidarity assistance to SWAPO liberation

movement The educational project with elements of social engineering was interrupted in 1991 due to political changes in both countries The relocation of the children to Namibia had a dramatic impact on their future lives Namibian Czechs never fully integrated into Namibian society moreover they proudly proclaim their belonging to Czechness

A Global History of Anti-Apartheid Anna Konieczna, Rob Skinner, 2019-04-15 This book explores the global history of anti apartheid and international solidarity with southern African freedom struggles from the 1960s It examines the institutions campaigns and ideological frameworks that defined the globalization of anti apartheid the ways in which the concept of solidarity was mediated by individuals organizations and states and considers the multiplicity of actors and interactions involved in generating and sustaining anti apartheid around the world It includes detailed accounts of key case studies from Europe Asia and Latin America which illustrate the complex relationships between local and global agendas as well as the diverse political cultures embodied in anti apartheid Taken together these examples reveal the tensions and synergies transnational webs and local contingencies that helped to create the sense of being global that united worldwide anti apartheid campaigns

The Ju/'hoan San of Nyae Nyae and Namibian Independence Megan Bieseke, Robert K. Hitchcock, 2010-11-01 The Ju hoan San or Ju hoansi of Namibia and Botswana are perhaps the most fully described indigenous people in all of anthropology This is the story of how this group of former hunter gatherers speaking an exotic click language formed a grassroots movement that led them to become a dynamic part of the new nation that grew from the ashes of apartheid South West Africa While coverage of this group in the writings of Richard Lee Lorna Marshall Elizabeth Marshall Thomas and films by John Marshall includes extensive information on their traditional ways of life this book continues the story as it has unfolded since 1990 Peopled with accounts of and from contemporary Ju hoan people the book gives newly literate Ju hoansi the chance to address the world with their own voices In doing so the images and myths of the Ju hoan and other San previously called Bushmen as either noble savages or helpless victims are discredited This important book demonstrates the responsiveness of current anthropological advocacy to the aspirations of one of the best known indigenous societies

West Germany and Namibia's Path to Independence, 1969-1990 Thorsten Kern, 2019-05-22 Namibia's main liberation movement the South West Africa People's Organisation SWAPO relied heavily on outside support for its armed struggle against South Africa's occupation of what it called South West Africa While East Germany's solidarity with Namibia's struggle for national self determination has received attention little research has been done on West Germany's policy towards Namibia which must be seen against the backdrop of inter German rivalry The impact of the wider realities of the Cold War on Namibia's rocky path to independence leaves ample room for research and new interpretations In *West Germany and Namibia's Path to Independence 1969-1990 Foreign Policy and Rivalry with East Germany* Thorsten Kern shows that German division played a vital role in West Germany's position towards Namibia during the Cold War West German foreign policy towards Namibia at the height of the Namibian liberation struggle is investigated and discussed against the backdrop of rivalry with East

Germany The two states deeply diverging policies characterised in this context by competition for influence over SWAPO were strongly affected by the Cold War rivalry between the capitalist West and the communist East Yet ultimately the dynamics of rapprochement helped to bring about Namibia's independence This book is based upon a doctoral dissertation presented to the University of Cape Town in 2016 Kern conducted research in the National Archives of Namibia and in German archives and his work draws on interviews with contemporary witnesses *History of Namibia* Marion Wallace, 2014-01-16 In 1990 Namibia gained its independence after a decades long struggle against South African rule and before that against German colonialism This book the first new scholarly general history of Namibia in two decades provides a fresh synthesis of these events and of the much longer pre colonial period A History of Namibia opens with a chapter by John Kinahan covering the evidence of human activity in Namibia from the earliest times to the nineteenth century and for the first time making a synthesis of current archaeological research widely available to non specialists In subsequent chapters Marion Wallace weaves together the most up to date academic research in English and German on Namibian history from the mid eighteenth century to the present She explores histories of migration production and power in the pre colonial period the changes triggered by European expansion and the dynamics of the period of formal colonialism The coverage of German rule includes a full chapter on the genocide of 1904-8 Here Wallace outlines the history and historiography of the wars fought in central and southern Namibia and the subsequent mass imprisonment of defeated Africans in concentration camps The final two chapters analyse the period of African nationalism apartheid and war between 1946 and 1990 The book's conclusion looks briefly at the development of Namibia in the two decades since independence A History of Namibia provides an invaluable introduction and reference source to the past of a country that is often neglected despite its significance in the history of the region and indeed for that of European colonialism and international relations It makes accessible the latest research on the country illuminates current controversies puts forward new insights and suggests future directions for research The book's extensive bibliography adds to its usefulness for scholar and general reader alike

Writing Namibia: Literature in Transition Krishnamurthy, Sarala, Vale, Helen, 2018-04-30 Writing Namibia Literature in Transition is a cornucopia of extraordinary and fascinating material which will be a rich resource for students teachers and readers interested in Namibia The text is wide ranging defining literature in its broadest terms In its multifaceted approach the book covers many genres traditionally outside academic literary discourse and debate The 22 chapters cover literature of all categories in Namibia since independence written and performance poetry praise poetry Oshiwambo orature drama novels autobiography women's writing subaltern studies literature in German Ju hoansi and Otjiherero children's literature Afrikaans fiction story telling through film publishing and the interface between literature and society The inclusive approach is the book's strength as it allows a wide range of subjects to be addressed including those around gender race and orature which have been conventionally silenced The Political Economy of Namibia Tore Linné Eriksen, Richard Moorsom, 1989

Research institutes and documentation centres *Ruling Nature, Controlling People* Luregn Lenggenhager, 2018 Recent nature conservation initiatives in Southern Africa such as communal conservancies and peace parks are often embedded in narratives of economic development and ecological research They are also increasingly marked by militarisation and violence In *Ruling Nature Controlling People* Luregn Lenggenhager shows that these features were also characteristic of South African rule over the Caprivi Strip region in North Eastern Namibia especially in the fields of forestry fisheries and ultimately wildlife conservation In the process the increasingly internationalised war in the region from the late 1960s until Namibia's independence in 1990 became intricately interlinked with contemporary nature conservation ecology and economic development projects By retracing such interdependencies Lenggenhager provides a novel perspective from which to examine the history of a region which has until now barely entered the focus of historical research He thereby highlights the enduring relevance of the supposedly peripheral Caprivi and its military scientific and environmental histories for efforts to develop a deeper understanding of the ways in which apartheid South Africa exerted state power Translations on Sub-Saharan Africa United States. Joint Publications Research Service, 1978

Right here, we have countless book **Namibias Liberation Struggle** and collections to check out. We additionally pay for variant types and next type of the books to browse. The up to standard book, fiction, history, novel, scientific research, as well as various further sorts of books are readily understandable here.
