Spinoza's Overcoat Subhash Jaireth, 2020-02-01 It starts to rain as I step out of my hotel So begins Subhash Jaireth's striking collection of essays on the writers and their writing that have enriched his own life The works of Franz Kafka Marina Tsvetaeva Mikhail Bulgakov Paul Celan Hiromi Ito Dutch philosopher Baruch Spinoza and others ignite in him the urge to travel both physically and in spirit almost like a pilgrim to the places where such writers were born or died or wrote In each essay a new emotional plane is reached revealing enticing connections As a novelist poet essayist and translator born into a multilingual environment Jaireth truly understands the power of words across languages and their integral connections to life of the body and the spirit Drawing on years of research translation and travel Spinoza's *Overcoat* and its illuminations of loss mortality and the reverie of writing will linger with readers Eloquent and original Jaireth's meditations on the lives of poets are full of astonishing details tender connections and the magnificent melancholy of devotion to words Encompassing matters of translation love mortality and homage this is a rare model of what might be called literary philosophy and an utter joy and surprise for anyone interested in the reading and writing life **GAIL JONES** author of *The Death of Noah Glass* Subhash Jaireth was born in India Between 1969 and 1978 he spent nine years in Russia studying geology and Russian literature In 1986 he migrated to Australia He has published writing in Hindi English and Russian and his novel *After Love Transit Lounge* 2012 was published in Spain in 2018 *Drafting and Assessing Poetry* Sue Dymoke, 2003-04-14 Based on theory but with a

practical dimension the book engages readers in current critical debates about poetry teaching and its place in an assessment driven curriculum **The Poet's Craft** A. F. Scott, 2012-03-29 This volume was first published in 1957 and was intended as an appreciation of poetry based on the study of authors corrected manuscripts revised published versions transpositions of prose into verse and contrasted translations A F Scott divides his study into five sections the first section has photographs of manuscript poems by twenty four poets The second section presents for comparison the first published version of eight well known poems with the revisions published later A brief history of the changes is given so that the making of some of the poems can be followed over the years The third section gives six poems with the source used by the poet for his poem The fourth section gives 34 poetical versions of twelve originals The fifth and final section contains 120 poems paired for contrast and comparison unsigned and with a specific critical subject suggested for each pair

Interpreting Texts Kim Ballard, 2013-04-15 Part of the Routledge A Level English Guides series this title focuses on developing the skills needed to successfully interpret texts and covers key aspects of the area including discourse intertextuality and theoretical approaches [The Atlantic Index Supplement. Contributions Arranged in Chronological Order ,1889 *The Poetry of James Wright* Andrew Elkins,1991 In *The Poetry of James Wright* the author traces Wright's formal evolution and concentrates on his consistent themes: the artist's role in society, the artist's search for poetic and personal identities, the power of poetry as fortification against the onslaughts of time, and the definition of a good and humane action. Charting the poet's evolution from his first book *The Green Wall* to the last collections *This Journey*, Elkins discusses one major book in each chapter, explicating the more important poems in detail and explaining how each volume is part of a progression from youthful imitator to mature innovator. Wright's individual struggle taking place as it did in the last half of the 20th century in America dramatizes the central problems of the creative individual in a late industrial society who is trying to turn a life into art. Wright worked in the great tradition of the adamant individualists in our literary heritage and like all of his formidable ancestors he refused to trust the socialized self he found attached to his soul, refused to be diminished or circumscribed by any society's definition of himself. The effect of reading and studying his complete work is the recognition that Wright is a major 20th century American poet whose apparent simplicity and occasional sentimentality can obscure the complexity and maturity of his courageous confrontation with the problems of living and writhing in contemporary America. Call Me By My True Names Thich Nhat Hanh,2022-11-08

THE THICH NHAT HANH POETRY COLLECTION Over 50 inspiring poems from the world renowned Zen monk, peace activist, and author of *The Miracle of Mindfulness*, the antidote to our modern pain and sorrows. His books help me be more human, more me than I was before. Ocean Vuong, author of *On Earth We're Briefly Gorgeous*. Though he is best known for his groundbreaking and accessible works on applying mindfulness to everyday life, Thich Nhat Hanh is also a distinguished poet and Nobel Peace Prize nominee. This stunning poetry collection explores these lesser-known facets of Nhat Hanh's life, revealing not only his path to becoming a Zen meditation teacher but his skill as a poet, his achievements as a peace activist, and his experiences as a young refugee. Through more than 50 poems spanning several decades, Nhat Hanh reveals the stories of his past, from his childhood in war-torn Vietnam to the beginnings of his own spiritual journey, and shares his ideas on how we can come together to create a more peaceful, compassionate world. Uplifting, insightful, and profound, *Call Me By My True Names* is at once an exquisite work of poetry and a portrait of one of the world's greatest Zen masters and peacemakers. **The**

Living Name Mark Halliday,2025-03-20 *Living Name* is a collection of essays on American poetry written by an expert practitioner of that art Poet and critic Mark Halliday turns his attention to the work of poets who interest him because they create convincing voices of people dealing with the everyday

Instead of trying to survey the vast variety of modern poetry Halliday considers an idiosyncratic selection of poets he finds compelling for their originality of style and exploration of human possibilities including Walt Whitman Kenneth Fearing Kenneth Koch Robert Pinsky Rachel Wetzsteon Tony Hoagland Claire Bateman and Dean Young Each essay includes thorough close readings of individual poems reflecting a commitment to the idea that a poem as a work of art needs to be appreciated as a unified whole Halliday's writing is judicious and meditative but not overly scholarly or academic A long piece at the beginning of the book Poetry and the Rescue of Particulars argues that poems often attempt to reclaim the details of our usual routines from the chaotic confusion and noise of daily existence The impulse to write a poem Halliday believes often stems from the notion that representing in poetry a sliver of human life keeps it in the world as a trace of the vanishing moment is retained and endowed with some form of lasting reality Throughout Living Name Halliday enacts the allegiances that have driven his criticism for many years to listen for genuine voices in poetry to study whole poems not merely passages and to look for intelligent efforts to illuminate truths of human experience PN Review ,1980
