Naming Unnaming On Raymond Queneau:

Naming and Unnaming Jordan Stump, 1998-01-01 Naming and Unnaming is a dazzling study that centers on the work of Raymond Queneau one of the most influential French novelists of the twentieth century Jordan Stump takes as his subject the many implications epistemological political literary sometimes even physical of naming in Queneau's remarkable novels From the idea that the names of characters offer a more immediate and perhaps even a more intimate understanding of their souls than we might glean from their words and deeds has grown the broad field of inquiry known as literary onomastics Stump argues that there is another approach to the literary proper name one that concentrates not on the meaning of names but on the meaning of the use of those names the ways in which the characters and narrator of a novel address or refer to others Naming and Unnaming considers the literary and philosophical implications of names and naming Stump examines four issues in Queneau's novels the nature of writing and of creation in general the possibility or impossibility of knowledge the relationship between the individual and the group and the uses of power and control in relation to which naming emerges as a force both powerful and utterly impotent By exploring these forces and their evocation Stump reveals the complexity of both the act of naming and the novels of Queneau Raymond Queneau's Dubliners James Patrick Gosling, 2019-09-12 This work is a broad ranging exploration of two comic erotic and well nigh feminist novels written by Raymond Queneau *On est toujours trop bon avec les femmes* 1947 and *Journal intime* 1950 Both are set in Ireland were initially published by Editions du Scorpion under the pseudonym Sally Mara and then later published together by Gallimard as *Les uvres complètes de Sally Mara* 1962 The book examines Queneau's life when he wrote these texts the pervasive Joycean influences his surreal version of the 1916 Dublin Uprising versus the real event his remarkably accurate Dublin city and his use of the Irish language The seven core chapters are explorations of prominent aspects of these works and most involve the solution of puzzles by means of investigations of contexts contemporary events and a wide variety of sources In conclusion the book makes a convincing case for the literary and entertainment value of *Les uvres complètes de Sally Mara* as a long planned and subtly integrated work

Jail Sentences Andrew Sobanet, 2008-01-01 A long list of canonical writers in Western literature have experienced incarceration and have subsequently written celebrated works about the imprisoned and the condemned The French tradition is no exception writers who produced noteworthy texts while incarcerated or who later wrote about their experiences in prison are found on the literary historical landscape from the medieval era through the twentieth century Prison writing by inmates former guards chaplains teachers and doctors is firmly established as part of the fabric of popular culture and has long attracted the attention of culture critics and scholars Nevertheless scant analysis exists of the prison novel a literary genre that as Andrew Sobanet argues in *Jail Sentences* uses fiction as a documentary tool Its narrative peculiarities which are the main subjects of Sobanet's study include the use of autobiographical and testimonial techniques to critique the penitentiary system *Jail Sentences* is the definitive study of the legacy of the Western tradition of prison

writing in twentieth century French literature Although Sobanet focuses primarily on French writers Victor Serge Jean Genet Albertine Sarrazin and François Bon his keen sense of literary dialogue pulls into the orbit of his study an international corpus of work from Dostoyevsky to Malcolm X Jail Sentences arrives at a coherent definition of the genre whose unique conventions stem from the innermost regions of our understanding of stories truth fiction and belief **Judge Not** André Gide, 2003 André Gide's lifelong fascination with the conventions of society led naturally to a strong interest in France's judicial system At the age of sixty Gide published Judge Not a collection of writings detailing his own experiences with the law as well as his thoughts on truth justice and judgment Gide's obsession with crime and punishment was not just a morbid hobby rather it struck at the heart of his themes as a writer In the literary tradition of Dostoyevsky and Conrad Gide frequently used criminals as central characters to explore human nature and the individual's place in society In the first essay in Judge Not A Memoir of the Assize Court Gide writes about his experience as a juror in several trials including that of an arsonist Gide actively sought jury duty so great was his interest in legal matters In The Redureau Case and The Confined Woman of Poitiers Gide analyzes two famous crimes of his day an inexplicable slaughter by Marcel Redureau a docile fifteen year old vineyard laborer who violently murdered his employer's family and the respected Monnier family's confinement of their daughter Blanche Both cases fascinated Gide elements of each would appear in his later fiction and he looks closely at the facts of each as they came out in court In addition in News Items Gide analyzes the way newspapers present crime narratives drawing from the hundreds of press clippings he collected throughout his life Andr Gide 1869 1951 wrote The Counterfeiters several brief works of fiction including Strait Is the Gate and The Immoralist a number of plays and several works of literary criticism He won the Nobel Prize for literature in 1947 and in 1950 was made an honorary corresponding member of the American Academy of Arts and Letters Benjamin Ivry has translated from the French Vanished Splendors The Memoirs of Balthus Raoul Dufy's My Doctor Wine and Jules Verne's Magellania among other books He is the author of the poetry collection Paradise for the Portuguese Queen as well as the biographies Francis Poulenc Arthur Rimbaud and Maurice Ravel A Life *Give the Word: Responses to Werner Hamacher's "95 Theses on Philology"* Werner Hamacher, 2019-06-19 Werner Hamacher's witty and elliptical 95 Theses on Philology challenges the humanities and particularly academic philology that assume language to be a given entity rather than an event In Give the Word eleven scholars of literature and philosophy Susan Bernstein Michèle Cohen Halimi Peter Fenves Sean Gurd Daniel Heller Roazen Jan Plug Gerhard Richter Avital Ronell Thomas Schestag Ann Smock and Vincent van Gerven Oei take up the challenge presented by Hamacher's theses At the close Hamacher responds to them in a spirited text that elaborates on the context of his 95 Theses and its rich theoretical and philosophical ramifications The 95 Theses included in this volume makes this collection a rich resource for the study and practice of radical philology Hamacher's philology interrupts and transforms parting with tradition precisely in order to remain faithful to its radical but increasingly occluded core The contributors test Hamacher's break with philology in

a variety of ways attempting a philological practice that does not take language as an object of knowledge study or even love. Thus in responding to Hamacher's Theses the authors approach language that because it can never be an object of any kind awakens an unfamiliar desire. Taken together these essays problematize philological ontology in a movement toward radical reconceptualizations of labor action and historical time.

Decolonizing Our Names in the 21st Century Lauren Beck, Grace A. Gomashie, 2025-09-10 This book combines different decolonial approaches from around the world to offer a roadmap for updating names and naming practices restoring and protecting precolonial ones and reimagining or recontextualizing the relationship between place identity and names. In a postcolonial context naming often serves as a bitter reminder of past harms through commemorative naming practices whether through a system of baptismal names or a former colony's approach to dealing with the names that the colonizer left behind. This volume assembles authors who hail from formerly colonized regions of the Americas Europe Africa and Asia to engage with this problem of decolonizing names in the twenty first century from a global perspective. The book also points to what strategies have had more success than others while envisioning the tools needed for progress in the future. Offering a useful framework with approaches that can easily be used across other geographical contexts this volume is suitable for scholars and students interested in decolonization identity and naming practices.

Change All the Names Jeremy Parrott, 2004 *The Facts on File Companion to the French Novel* Karen L. Taylor, 2006 French novels such as Madame Bovary and The Stranger are staples of high school and college literature courses. This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization.

The Wrong Side of Paris Honoré De Balzac, 2005-04-12 The Wrong Side of Paris the final novel in Balzac's The Human Comedy is the compelling story of Godefroid an abject failure at thirty who seeks refuge from materialism by moving into a monastery like lodging house in the shadows of Notre Dame Presided over by Madame de La Chanterie a noblewoman with a tragic past the house is inhabited by a remarkable band of men all scarred by the tumultuous aftermath of the French Revolution who have devoted their lives to performing anonymous acts of charity. Intrigued by the Order of the Brotherhood of Consolation and their uplifting dedication to virtuous living Godefroid strives to follow their example. He agrees to travel incognito to a Parisian slum to save a noble family from ruin. There he meets a beautiful ailing Polish woman who lives in great luxury unaware that just outside her bedroom door her own father and son are suffering in dire poverty. By proving himself worthy of the Brotherhood Godefroid finds his own spiritual redemption. This vivid portrait of the underbelly of nineteenth century Paris exuberantly rendered by Jordan Stump is the first major translation in more than a century of Balzac's forgotten masterpiece L'Envers de l'histoire contemporaine. Featuring an illuminating Introduction by Adam Gopnik this original Modern Library edition also includes explanatory notes.
