Nancy Reagan:

Nancy Reagan Kitty Kelley, 2011-10-18 A shocking portrait of the 1980s America and the woman whose position helped shape the values and policies of the Reagan administration Through over 1 000 interviews collected during four years of exhaustive research and reporting Kelley reveals Nancy Reagan as a superb public performer a vain materialistic social climber a bitter foe and formidable strategist an American phenomenon The Triumph of Nancy Reagan Karen Tumulty, 2021-04-13 The definitive biography of the fiercely vigilant and politically astute First Lady who shaped one of the most consequential presidencies of the 20th century Nancy Reagan **My Turn** Nancy Reagan, 2011-09-14 The former First Lady discusses her life the Reagan administration her shaky relationship with her children and key White House personnel her husband's involvement in the Iran Contra affair and her bout with cancer During our White House years I said almost nothing about how I really felt regarding the controversies that swirled around me But now those years are over and it's my turn to describe what happened About Ronald Reagan Although Ronnie loves people he often seems remote and he doesn't let anybody get too close There's a wall around him He lets me come closer than anyone else but there are times when even I feel that barrier About being a mother What I wanted most in all the world was to be a good wife and mother As things turned out I guess I've been more successful at the first than at the second About her influence I make no apologies for telling Ronnie what I thought Just because you're married doesn't mean you have no right to express your opinions For eight years I was sleeping with the president and if that doesn't give you special access I don't know what does About astrology What it boils down to is that each person has his or her own ways of coping with trauma and grief with the pain of life and astrology was one of mine Don't criticize me I wanted to say until you have stood in my place This helped me Nobody was hurt by it except possibly me About Don Regan His very first day on the job Don said that he saw himself as the chief operating officer of the country But he was hired to be chief of staff Although I believed for a long time that Donald Regan was in the wrong job my power in getting him to leave has been greatly exaggerated Believe me if I really were the dragon lady that he described in his book he would have been out the door many months earlier *Nancy Reagan* James G. Benze, 2005 Many thought of her as Queen Nancy Others as the Dragon Lady But for millions of Americans Nancy Reagan was the always smiling and deeply admiring presidential spouse who stood by her man that image lingers still in the touching picture of a bereaved widow at her husband's casket Nancy Reagan has stirred passionate defenders and acerbic critics in many books and the media James Benze however is the first biographer to discuss the effect of her acting background on her tenure as first lady Unlike earlier biographers he focuses on the way she applied her acting skills to meet the demands of her greatest supporting role As part of a movie troupe Nancy Davis often had the job of flattering the lead actor or helping a star create an outstanding performance As first lady Nancy Reagan did all of this and more whether supplying the president with a missing line at Bitburg or steering him away from the abortion controversy Always outspoken and a target for feminists and

others she remained the consummate supporting actor always helping the star Benze portrays Nancy Reagan as a forceful presence behind the Oval Office s closed doors unafraid to take on Donald Regan or Oliver North He documents her clear influence on presidential appointments links her quirky penchant for astrology to her show business past and traces the creation of the Just Say No program to her years in Sacramento showing that it far exceeded the public relations motivation that her detractors claimed Benze reveals how living on a public stage exacerbated the problems in the Reagans relationship with their children which went from bad to worse during the White House years He also covers Nancy Reagan s post Washington life including her vigilant care of the president as he struggled with Alzheimer s disease and her subsequent advocacy of stem cell research that put her at odds with the GOP While Ronald Reagan was the star performer of his presidency his wife glided elegantly at his side as an accomplished co star Benze s book strikes a balance between the images of adoring helpmate and manipulative manager showing us the woman behind the stereotypes and offering a more objective understanding of her place in the history of presidential wives

Nancy Reagan Joanne Mattern,2007-08-15 This book introduces young readers to the life of Nancy Reagan beginning with her childhood on the East Coast and later in Chicago Illinois Readers will become familiar with her dreams as they learn about her time at Smith College her experiences acting both on Broadway and in Hollywood and her marriage to Ronald Reagan Details of Mrs Reagan s years as First Lady when she volunteered with the Foster Grandparent Program and began the Just Say No campaign for drug awareness are also discussed The book also covers her later years when she dedicated her life to promoting awareness of Alzheimer s disease Informative sidebars and full color photos accompany easy to read engaging text Includes timeline fun facts index and glossary

Nancy Michael K. Deaver,2004-02-03 Candid moving and insightful Nancy is the most personal look at Nancy Davis Reagan ever published She was the daughter of a single mother She was a Hollywood movie star She is the wife of one of the greatest presidents of the twentieth century She is a cancer survivor And she now wages her greatest unwinnable battle against her husband s Alzheimer s disease Nancy Davis Reagan has led an extraordinary life it has also been an extraordinarily private one Now Mike Deaver whose relationship with Mrs Reagan dates back to the 1960s shares the side of Nancy that only her intimates know Most people don t know the real Nancy Reagan or their impression of her has been shaped by consistently negative press coverage If you believe the mainstream press all you would really know about Nancy is that she likes fancy clothes or that she has rich and powerful friends or that she was obsessed with trivialities like the White House s china Pundits were equally tough on her crowning her with ugly nicknames the tamer ones being Queen Nancy Iron Lady Ice Lady and Dragon Lady But the Nancy Reagan Mike Deaver has come to know over thirty five years the woman portrayed in Nancy is far more complicated than the stereotype No cardboard cutout she is pure flesh and blood a woman of immense will and fortitude And in the Reagans fifty year marriage Ron always received top billing and she would have it no other way She is convinced that her husband was one of the great men of the twentieth century a rare world

leader who changed the tide of history Still Nancy has been no bit player in the story Deaver believes that Reagan would not have risen to such distinction without Nancy at his side Reluctantly drawn into politics the retired actress and housewife was at first intimidated but then gradually embraced her role To the president who was incapable of protecting himself from those who served him poorly and even wished him harm Nancy Reagan would bring discipline When it would come time for a momentous life decision to wage a campaign for the White House she would ask the tough questions When his image might be tainted she would fervently guard it even at the expense of her own To Ronald Reagan the man who always had trouble expressing intimacy Nancy gave the gift of her unrestricted love She was his respite his comfort his reward at the end of the day Whenever she left him to travel the leader of the free world was anxious as a schoolboy until she was safely home again Now to a man no longer capable of looking after himself Nancy is everything there is left to be care taker guardian nurturer of the Reagan legacy

I Love You, Ronnie Nancy Reagan, 2002-02-26 No matter what else was going on in his life or where he was traveling to make movies at the White House or sometimes just across the room Ronald Reagan wrote letters to Nancy Reagan to express his love thoughts and feelings and to stay in touch Through these extraordinary letters and reflections the private character and life of an American president and his first lady are revealed Nancy Reagan reflects with love and insight on the letters on her husband and on the many phases of their life together A love story spanning half a century and the private life of this classic American couple come vividly alive in this rare and inspiring book

Nancy Reagan Pierre-Marie Loizeau, 2004 The public perception of the First Lady has evolved through the years and the press and scholars are beginning to take note of the essential role presidents wives have played in the Administration and in the nation as a whole Their participation in the country's historical philosophical and sociological experience has made them First Women and First Partners They have been identified as standard bearers of the whole female community as they have both pioneered and reflected women's role in American society The twentieth century in particular has seen the construction of their image in the media and highlighted the evolution of their political role at the heart of presidential power Has Nancy Reagan been underrated misunderstood unfairly criticised Have her qualities clear sightedness rigour moral rectitude empathy her positive image abroad etc been too often ignored To what extent has she expanded or limited the undefined institution of the First Lady The book seeks to explore the ambiguity that underlies this First Lady's multiple facets It intends to shed light on the particularities of one of the most controversial yet exceptional women of the twentieth century and get a deeper insight into the complex role of the first lady they called the woman behind the man
