Inherited: One Nanny Emma Darcy,2011-07-15 NANNY WANTED To my heir Beau Prescott I leave my Sydney estate and place into his good care my dedicated staff housekeeper gardener and nanny Nanny Beau Prescott was highly suspicious of this interloper in the family home A fit man until his sudden death what did his grandfather need with a nanny Maybe he d taken her in out of pity Margaret Stowe did sound as if she d be the starchy spinster sort But the vision that greeted him on his arrival home called out to every male hormone Beau

had Margaret Stowe was a stunningly beautiful young woman Just what situation had he inherited *The Conservative Nanny State* Dean Baker, 2006 In his new book economist Dean Baker debunks the myth that conservatives favor the market over government intervention In fact conservatives rely on a range of nanny state policies that ensure the rich get richer while leaving most Americans worse off It s time for the rules to change Sound economic policy should harness the market in ways that produce desirable social outcomes decent wages good jobs and affordable health care Dean Baker is co director of the Center for Economic and Policy Research *New Perspectives on Mutual Dependency in Care-Giving* Adéla Souralová, 2016-03-09 Many scholars see caregiving relationships as being based on mutual dependency or interdependency Extensively cited notions of the global care chain or international division of reproductive labour have prepared the ground for analysis of global interdependencies in several domains This book goes further by taking mutual dependency as a starting point for analysing all relationships Using the example of Vietnamese families in the Czech Republic and the Czech native nannies it shows how paid caregiving is contextualized in terms of various relationships between three types of actors employer employee caring for the child and mother child All of these ties are based on ontologically different principles and each of them operates as a piece of a puzzle which is meaningful only in relation to each other Souralov considers caregiving to be a formative activity that establishes ties between the concerned actors whose subjectivities are mutually shaped in the daily practice of caregiving With its stress on mutuality in care work this ground breaking book illuminates the new forms of interpersonal interethnic and intergenerational relationships and highlights the mechanisms and processes in which kinship ties are negotiated and reproduced
