Napkin Notes On The Art Of Living:

Napkin Notes, on the Art of Living Gary Michael Durst, 2010-01-08 The best self help book on the market is the summation for all of the five star ratings on Amazon Although countless self help books have been written none have been able to translate psychological theory into practical day to day application as well as this one does By integrating Eastern and Western philosophy with science and religion Napkin Notes provides a concise easy to read guide for living Dr Durst promotes the concept that we are 100% responsible for everything in our experience and for our reactions to life s events This focus provides not only increased knowledge but also the impetus to change In so doing it directs us to greater insight satisfaction and fulfillment

Being the Cause: A User Guide to Responsible Living Dr. G. Michael Durst, 2019-07-07 This is the best self improvement book on the market is the summation for all of the five star ratings on Amazon Although countless self help books have been written none have been able to translate psychological theory into practical day to day application as well as this one does By integrating Eastern and Western philosophy with science and religion Being the Cause provides a concise easy to read guide for living Dr Durst promotes the concept that we are 100% responsible for everything in our experience and for our reactions to life s events Assuming the Cause position I am responsible for my life and experiences rather than an Effect position They are are doing it to me is a breakthrough moment for people This focus provides not only increased knowledge but also the impetus to change In so doing it directs us to greater insight satisfaction and fulfillment

Designing Effective Organizations David K. Banner, T. Elaine Gagné, 1995 Takes a holistic approach that is often lost in more narrow minded texts Great for graduate students Robert Kramer Department of Management Science George Washington University With its distinctive voice this is a basic text for all courses on organizational theory

BUSINESS HORIZONS This book presents an avant garde approach to an important topic about which to my way of thinking no one else has written even a contemporary book The authors perspective readily allows the reader to comprehend and appreciate what is always present often hidden and almost always controversial the subjective side of organizational life The book you are about to read provides the rationalist and the veteran exactly what they each crave the most It provides synthesis and order within a structure that acknowledges the interaction between an individual s motivations and needs and the apparent order that individual perceives The use of cartoons and other right brain highlighters allow readers to look down as opposed to looking up to understand and critique a phenomenon that a theory purports to explain and to self reflect on the importance a theory holds for the field Certainly this is a book for the 1990s from the Foreword by Samuel A Culbert John E Anderson Graduate School of Management University of California Los Angeles What the authors are attempting is very difficult David K Banner and T Elaine Gagn are declaring the presence of a new paradigm of the organization before it has actually crystallized and become part of the mainstream of organization theory As such the book is an act of leadership Peter B Vaill Professor of Human Systems School of Business and Public Management The George Washington University A

valuable resource to the students and instructors of organizational design and theory courses The comprehensive coverage of traditional organization theory topics coupled with the authors contemporary orientation and transformational perspective ensure this The organizational design and theory text by Banner and Gagn addresses an important fact of organizational life that is usually ignored or given superficial treatment at best in existing organization theory texts namely that our implicit assumptions worldviews metaphors paradigms and organizational culture are important determinants of why we organize the way we do Douglas Austrom President and Cofounder Turning Point Associates Indianapolis Indiana A valuable basic text for business related undergraduate or postgraduate programmes on organization theory and practice particularly from a transformational perspectives LONG RANGE PLANNING Providing a distinctive voice Designing Effective Organizations is the new basic text for the undergraduate or MBA level course on organization theory Although it contains the same comprehensive topical coverage as the leading traditional organization theory texts Designing Effective Organizations is definitely not a clone of the others in the field David K Banner and T Elaine Gagn develop a transformational perspective which sees the world of the organization as a projection of each organizational member s consciousness as opposed to the traditional rational perspective They thoroughly cover all the basics but in a manner that reflects today s changing management paradigms Designing Effective Organizations is the perfect text for scholars researchers professionals and graduate and undergraduate students in organization studies management sociology public administration and education

Management By Responsibility Dr. G. Michael Durst, 2012-06-01 Whether you are a newly hired manager or an experienced chief executive you and your staff can use this practical why and how to guide to achieve better results Because it synthesizes all relevant management theories you won t find a more informative book anywhere which will stimulate your thinking and help you solve your most difficult day to day problems than this one While many managers realize that most managerial difficulties stem from people problems they may not have a systematic way of dealing with them The Management By Responsibility system can change that It provides extensive background material on individual growth and development and techniques to change non productive behavior so organizational goals can be reached Simple Happy Andrew Feld, Andy Feld, 2007-04 In his friendly voice and familiar words Andy affirms the path of life we knew was there but were afraid to seek Dare we be happy Dare we manifest all our desires Is it presumptuous to think our positive thoughts and emotions can influence our very existence After you read SIMPLE HAPPY you may cry out Of course It is as my heart always knew I am to live a happy life loving my unique experience The Growth Leader Scott K. Edinger, 2023-10-24 WALL STREET JOURNAL BESTSELLER USA TODAY BESTSELLER Growth is a leadership issue not a sales issue However you define business growth total revenue net income margin expansion number of products and services or customer loyalty sustained and strategic growth requires an organization to do more than sell by simply communicating the value of its products or services It must create value in the way it sells by delivering a compelling experience that adds value beyond the

product itself As a leader it s your job to build and guide that experience The Growth Leader reveals how top executives create profitable growth through the intersection of strategy leadership and sales With a clear strategy inspiring leadership and aligned sales powerful leaders understand that true competitive advantage doesn t come from innovation alone but belongs to companies that use their sales organization to add and create value In this leadership guide you ll learn how to ensure growth strategy is aligned at every level of the company from boardroom initiatives to daily customer interaction Best selling leadership author and business growth consultant Scott K Edinger helps CEOs and leaders intentionally and strategically engage with the customer experience to differentiate innovate cultivate loyalty and grow With this growth strategy mindset your teams will know what they re supposed to be doing have the skills to accomplish their work at a high level and be properly supported by systems process and environment But they can only do all this if you lead them Are you ready to be a Growth Leader
