Napoleon And Hitler:

Napoleon and Hitler Desmond Seward, 1988 **How British Intelligence Plotted to Read Hitler's Mind** James Parris, 2021-06-01 In the darkest days of the Second World War as Europe fell under Nazi domination and Britain faced invasion Louis de Wohl a 36 year old refugee from Germany made a curious offer to British Intelligence Based on the widely held belief that Hitler's every action was guided by his horoscope de Wohl claimed he could reveal precisely what advice the Führer's astrologers were giving him Rather than dismissing de Wohl out of hand as a crank senior intelligence officers and chiefs of staff of the three armed services took him at his word De Wohl was made an army captain and quartered in the Grosvenor House Hotel from where his one man Psychological Research Bureau passed astrological readings and assessments to the War Office before his deployment to the United States by the highly secret Special Operations Executive on a propaganda mission Was it possible that Military and Naval intelligence officers could take the ancient and arcane practice of astrology seriously Was de Wohl genuine or merely a charlatan Did his astrological readings contribute to the downfall of Hitler and Nazi Germany In *How British Intelligence Plotted to Read Hitler's Mind* the first fulllength study of Louis de Wohl James Parris examines the evidence including material from MI5 Military and Naval Intelligence files at the National Archives and reaches remarkable conclusions about this bizarre aspect of the Second World War **Is Tomorrow Hitler's? 200 Questions on the Battle of Mankind** H. R. Knickerbocker, 2022-01-17 H R Knickerbocker's *Is Tomorrow Hitler's 200 Questions on the Battle of Mankind* serves as a profound exploration of the tumultuous geopolitical landscape during World War II Structured around 200 probing questions the book employs a scholarly yet accessible literary style blending incisive inquiry with historical context to challenge readers understanding of the ideologies and events that shaped the era Knickerbocker's work is not just a historical account it is an urgent plea for vigilance against totalitarianism reflecting the anxiety and moral questions prevalent during the war as well as its aftermath H R Knickerbocker was an esteemed journalist and foreign correspondent whose experiences shaped his critical perspectives on global politics Reporting firsthand from the front lines his connections with key figures of the period provided him with unique insights fueling his drive to illuminate the threats posed by fascism This book emerges from his fervent belief that understanding history is essential to preventing its darkest chapters from repeating For anyone seeking to grasp the complexities of World War II and the ideological battles that define modern society *Is Tomorrow Hitler's* is an indispensable resource It not only engages the reader in deep reflection but also invites a broader dialogue on the responsibilities of citizens in safeguarding democracy against looming threats **Napoleon's Hemorrhoids** Phil Mason, 2009-10-01 Hilarious fascinating and a roller coaster of dizzying historical what ifs *Napoleon's Hemorrhoids* is a potpourri for serious historians and casual history buffs In one of Phil Mason's many revelations you'll learn that Communist jets were two minutes away from opening fire on American planes during the Cuban missile crisis when they had to turn back as they were running out of fuel You'll discover that before

the Battle of Waterloo Napoleon's painful hemorrhoids prevented him from mounting his horse to survey the battlefield You'll learn that an irate blacksmith threw his hammer at a fox and missed hitting a rock and revealing the largest vein of silver ever discovered thus changing the finances of Canada forever Interestingly Charlton Heston was cast as Moses in The Ten Commandments because his broken nose made him look like Michelangelo's famous sculpture of Moses Finally no one knows Einstein's last words They were in German a language his nurse did not speak A treasure trove filled with fascinating anecdotes about the tiny ripples that created big waves in history Napoleon's Hemorrhoids is much more than just a trivial fact book it is an astonishing historical fate book revealing how our most famous incidents best loved works of art and most accepted historical outcomes are simply twists of fate *Hitler's Gift to France* Georges Poisson, 2013-10-18 A mystery of the Nazi occupation of France is at last explained by new research **Hitler's Table Talk 1941-1944** Trevor-Roper Trevor-Roper, 2007-12-15 New material adds value to this classic edition with an introduction by historian Gerhard L Weinberg **Hitler's Gift to France** Georges Poisson, 2007-11-01 A mystery of the Nazi occupation of France is at last explained by new research **Rethinking History, Dictatorship and War** Claus-Christian Szejmman, 2011-11-03 The main focus of this book is to analyse and explain rather than merely narrate developments of modern war The volume will present up to date and genuinely original scholarship that has not been previously published This collection deals with three of the most important themes of historical studies the way history is or ought to be written the nature of dictatorships and the nature of wars The primary focus is on modern Europe and two defining experiences in the first half of the twentieth century namely the First and Second World Wars and totalitarian dictatorships Both remain issues of intense debates and with ever widening ramifications It provides a unique overview of the current state of research on three important themes that are of great interest to scholars and students Each essay and a substantial introduction summarises complex findings approaching the topic from a variety of perspectives 19th and 20th century history national and regional history comparative history cartography and biographical intellectual structural social and military history thus challenging traditional interpretations and methodologies and addressing unresolved questions The book brings together a mix of established and younger experts thinking critically about these major themes and writing accessible and stimulating pieces that challenge existing interpretations and suggest ways the subjects are changing The contributors tackle big issues and dare to come up with bold explanations Essays in Biography Carl Rollyson, 2005 Essays in Biography is a play on words conveying Carl Rollyson's attempt to explore the nature of biography in pieces about the history of the genre and in portrayals of biographers Plutarch Leon Edel and W A Swanberg literary figures Lillian Hellman Jack London philosophers and critics Leo Strauss and Hippolyte Taine political figures Winston Churchill and Napoleon and artists Rembrandt and Rubens An essay in biography Rollyson argues is an effort to comprehend a life that is inherently incomplete and subject to revision Many of the facts about a biographical subject's life that are blandly presented in reference books have been discovered by biographers at

great cost to their reputations With the history of biography as a censored genre in mind he encourages readers of biography to look critically at the biographies they read no matter whether those biographies are book length narratives or short encyclopedia entries Many of the pairings in *Essays in Biography* are meant to evoke Plutarch's presentation of parallel lives The biographical essay Rollyson concludes is a unique form of knowledge one that modern critics have devalued by trying to separate the creator from his creation

Romeo and Juliet Variations Yohanan Dark, The play takes us back to the middle of the twentieth century Hitler comes to power and the Second World War is brewing A young Jewish man from Ukraine hiding from the Stalinist repressions finds refuge with a church minister in the outback of Russia He puts on a cassock and works in the church There he falls in love with a country girl but the outbreak of fighting separates them and he goes to war Unable to bear the separation the girl goes to look for him *Variations 1 2 3 4 5 and 6* can be read as stand alone stories but for a full understanding of the novel philosophy the connecting thread that runs through the entire novel the interweaving of characters and their situations it's better to read the *Variations* in numbered sequence

Hitler's Cross Erwin W. Lutzer, 2015-12-15 The story of Nazi Germany is one of conflict between two saviors and two crosses *Deine Reich komme* Hitler prayed publicly Thy Kingdom come But to whose kingdom was he referring When Germany truly needed a savior Adolf Hitler falsely assumed the role He directed his countrymen to a cross but he bent and hammered the true cross into a horrific substitute a swastika Where was the church through all of this With a few exceptions the German church looked away while Hitler inflicted his Final Solution upon the Jews *Hitler's Cross* is a chilling historical account of what happens when evil meets a silent shrinking church and an intriguing and convicting exposé of modern America's own hidden crosses Erwin W. Lutzer extracts a number of lessons from this dark chapter in world history such as The dangers of confusing church and state The role of God in human tragedy The parameters of Satan's freedom *Hitler's Cross* is the story of a nation whose church forgot its call and discovered its failure way too late It is a cautionary tale for every church and Christian to remember who the true King is

Hitler's Wartime Conversations Bob Carruthers, 2018-07-30 A rare glimpse into the mind of the Nazi leader as recorded by his personal secretary Much of the documentation surrounding Adolf Hitler was lost or deliberately destroyed in the chaos of World War II's end Yet some records were preserved for history After dinner at the Wolf's Lair it was Hitler's custom to retire to his private quarters where he and his entourage often listened to gramophone records of Beethoven symphonies or selections from Wagner as Hitler would hold forth with lengthy and rambling monologues touching on a wide variety of subjects It was Martin Bormann who decided to commission a recording of Hitler's words for posterity Ranging from 1941 to 1944 these conversations touch upon a wide range of subjects with statements both shocking and mundane providing a unique up close look at the mind and personality of this still enigmatic twentieth century figure
