

Napoleon Caesar

Charles River Charles River Editors

Napoleon Caesar:

Napoleon's Commentaries on the Wars of Julius Caesar Napoleon Bonaparte, 2020-01-31 While in exile on St Helena Napoleon dictated a commentary on the wars of Julius Caesar later published in 1836 In each chapter he summarized the events of one campaign then added comments from the standpoint of his own military knowledge Over the nearly two millennia between Caesar and Napoleon some aspects of warfare had changed notably the introduction of firearms But much remained the same the rate of movement of armies at the foot pace of horse or man human muscle power as the main source of energy for construction work some military techniques notably bridge construction as well as the actual territory fought over by Caesar and later by Napoleon Napoleons commentary thus provides a fascinating and highly authoritative insight into Caesars wars as well as providing a window into Napoleons own thinking and attitudes Napoleon in places detects mistakes on the part of Caesar and his enemies and says what they should have done differently Remarkably this is thought to be the first full English translation of Napoleon s work Napoleon Bonaparte was born to an obscure Corsican family but rose through the ranks of the French army to become Emperor of France conqueror of most of Europe and acknowledged military genius He wrote this book while in exile on St Helena The translator RA Maguire is a former civil engineer with a long standing interest in military and ancient history *Caesar and the Fading of the Roman World* Peter Baehr, 2017-11-30 For many centuries Julius Caesar was a name that evoked strong feelings among educated people Some of these responses were complimentary but others came from the point of view of political republicanism which envisaged Caesar as a historical symbol for some of the most dangerous tendencies a polity could experience Caesar represented everything that republicans detested corruption demagoguery usurpation and as such provided an antimodel against which genuine political virtue could be measured Caesar and the Fading of the Roman World examines the reception of Caesar in republican thought until the late eighteenth century and his transformation in the nineteenth when he enjoyed a major rehabilitation in the literary culture and historiography of the day Critical of hereditary monarchy and emphasizing the collective political obligations citizens owed to their city or commonwealth republican thinkers sought to cultivate institutions and mores best adapted to self governing liberty The republican idiom became an integral element in the discourse of the American revolutionaries and constitution builders during the eighteenth century and of their counterparts in France In the nineteenth century Caesar enjoyed a major rehabilitation from being a pariah he was elevated in the writings of people like Byron De Quincey Mommsen Froude and Nietzsche to the greatest statesman of his age Simultaneously Caesar s name continued to function as a term of polemic in the emergence of a new debate on what came to be called Caesarism While the metamorphosis of Caesar s reputation is studied here as a process in its own right it is also meant to highlight the increasing enfeeblement of the republican tradition The transformation of Caesar s image is a sure sign of changes within the wider present day political culture and evidence of the emergence of new problems and challenges Drawing on history political theory and sociology

Caesar and the Fading of the Roman World uses the image of Caesar as a way of interpreting broader political and cultural tendencies Peter Baehr discusses the significance of living not in a postmodern society but in a postclassical one in which ideas of political obligation have become increasingly emaciated and in which the theoretical resources for the care of our public world have become correspondingly scarce This volume is an important study that will be of value to sociologists political theorists and historians *Napoleon* Steven Englund, 2004 A political biography of Napoleon Bonaparte charts his rise and fall detailing his devotion to the French Revolution and his seminal influence on the face of nineteenth century European history The Conquerors of Europe Charles River Charles River Editors, 2018-02-09 Includes pictures of the two men and important people places and events in their lives Discusses and answers common myths and misconceptions about Caesar and Napoleon Includes a bibliography on Napoleon's life for further study Over the last 2 500 years many would be kings and conquerors have marched armies across Europe in the hopes of establishing a dominant empire on the continent But though many have tried almost all of them have failed The two greatest exceptions to that rule were Julius Caesar and Napoleon Bonaparte and their accomplishments ensured that they will forever be enshrined among the ranks of history's greatest generals Possibly the most important man of antiquity and even all of history was Julius Caesar Alexander Hamilton the famous American patriot once remarked that the greatest man who ever lived was Julius Caesar Such a tribute coming from one of the Founding Fathers of the quintessential modern democracy in reference to a man who destroyed the Roman Republic is testament to the enduring mark that Caesar left upon the world The ultimate conqueror statesman dictator visionary and opportunist during his time in power Caesar expanded the borders of Rome to almost twice their previous size revolutionized the infrastructure of the Roman state and destroyed the Roman Republic for good leaving a line of emperors in its place His legacy is so strong that his name has become in many languages synonymous with power the Emperors of Austria and Germany bore the title Kaiser and the Czars of Russia also owe the etymology of their title to Caesar His name also crept further eastward out of Europe even cropping up in Hindi and Urdu where the term for Emperor is Kaisar When historians are asked to list the most influential people of the last 200 years a handful of names might vary but there is no question that the list will include Napoleon Bonaparte 1769 1821 the most successful French leader since Charlemagne and widely acknowledged as one of the greatest generals ever Indeed in his quest to emulate Caesar Napoleon was likely the most influential man of the 19th century leaving an indelible mark on everything from the strategy and tactics of warfare to the Napoleonic Code that drafted laws across the continent To defeat Napoleon the Europeans had to form large coalitions multiple times which helped bring about the entangling alliances that sparked World War I after Europe was rebuilt following Waterloo and the Congress of Vienna Napoleon's influence on the United States was also palpable To finance his endeavors he struck a deal with President Thomas Jefferson that became the Louisiana Purchase and it was Napoleonic warfare that was used throughout the Civil War leading to massive casualties because the weaponry of the 1860s was now more advanced

than the tactics of 1815 When Napoleon died at St Helena he still engendered fear and distaste among the Europeans but the man and his legacy continued to be held in awe across the world In Napoleon s time emperors and leaders still hoped to become the next Julius Caesar After the Napoleonic Era emperors and generals hoped to become the next Napoleon For the next century military leaders and even civilians struck Napoleonic poses when having their pictures taken and phrases like Napoleonic complex and meeting one s Waterloo are now common phrases in the English lexicon It would be truly impossible to envision or understand geopolitics in the West over the last two centuries without Napoleon Whether Napoleon eclipsed Caesar remains a subject of endless debate but the two men will be forever linked Along with pictures of the two men and important people places and events in their lives you will learn about Caesar and Napoleon like you never have before in no time at all

Julius Caesar in Western Culture Maria Wyke, 2008-04-15 This book explores the significance of Julius Caesar to different periods societies and people from the 50s BC through to the twenty first century This interdisciplinary volume explores the significance of Julius Caesar to different periods societies and people Ranges over the fields of religious military and political history archaeology architecture and urban planning the visual arts and literary film theatre and cultural studies Examines representations of Caesar in Italy France Germany Britain and the United States in particular Objects of analysis range from Caesar s own commentaries on the Gallic wars through Shakespeare s Julius Caesar and images of Caesar in Italian fascist popular culture to contemporary cinema and current debates about American empire Edited by a leading expert on the reception of ancient Rome Includes original contributions by international experts on Caesar and his reception

The Conquerors of Europe Charles River Editors, 2025-05-04 I would rather be the first man in a humble village than the second man in Rome Caesar Possibly the most important man of antiquity and even all of history was Julius Caesar Alexander Hamilton the famous American patriot once remarked that the greatest man who ever lived was Julius Caesar Such a tribute coming from one of the Founding Fathers of the quintessential modern democracy in reference to a man who destroyed the Roman Republic is testament to the enduring mark that Caesar left upon the world The ultimate conqueror statesman dictator visionary and opportunist during his time in power Caesar expanded the borders of Rome to almost twice their previous size revolutionized the infrastructure of the Roman state and destroyed the Roman Republic for good leaving a line of emperors in its place His legacy is so strong that his name has become in many languages synonymous with power the Emperors of Austria and Germany bore the title Kaiser and the Czars of Russia also owe the etymology of their title to Caesar His name also crept further eastward out of Europe even cropping up in Hindi and Urdu where the term for Emperor is Kaisar Even in his time Caesar was in many ways larger than life and because of his legacy as virtual founder of the Roman Empire much of what was written about and by him during his life and immediately after his assassination was politically motivated His successor Octavian Augustus had a strong interest in ensuring that Caesar s life be painted in a favorable light while Caesar s political enemies attempted to paint him as a corrupt undemocratic dictator who was destroying the old order

of the Republic This makes it exceedingly difficult to separate historical fact from apocryphal interjection as the writings of Cicero a rival of Caesar s and the later biographies of Suetonius and Plutarch can be misleading Nonetheless along with Caesar s De Bello Gallico his famous notes on his campaign against the Gauls they remain our chief sources for Caesar s life a life everyone agreed was nothing short of remarkable and changed the course of history forever When historians are asked to list the most influential people of the last 200 years a handful of names might vary but there is no question that the list will include Napoleon Bonaparte 1769 1821 the most successful French leader since Charlemagne and widely acknowledged as one of the greatest generals ever Indeed Napoleon was likely the most influential man of the 19th century leaving an indelible mark on everything from the strategy and tactics of warfare to the Napoleonic Code that drafted laws across the continent To defeat Napoleon the Europeans had to form large coalitions multiple times which helped bring about the entangling alliances that sparked World War I after Europe was rebuilt following Waterloo and the Congress of Vienna Napoleon s influence on the United States was also palpable To finance his endeavors he struck a deal with President Thomas Jefferson that became the Louisiana Purchase and it was Napoleonic warfare that was used throughout the Civil War leading to massive casualties because the weaponry of the 1860s was now more advanced than the tactics of 1815 When Napoleon died at St Helena he still engendered fear and distaste among the Europeans but the man and his legacy continued to be held in awe across the world In Napoleon s time emperors and leaders still hoped to become the next Julius Caesar After the Napoleonic Era emperors and generals hoped to become the next Napoleon For the next century military leaders and even civilians struck Napoleonic poses when having their pictures taken and phrases like Napoleonic complex and meeting one s Waterloo are now common phrases in the English lexicon **Nietzsche and Napoleon** Don

Dombowsky,2014-09-15 Among Nietzsche s favourite authors were Bonapartists who largely formed Nietzsche s view of Napoleon open the pages of the Nietzschean corpus and you will find a Napoleonic landscape and Nietzsche s promotion of Napoleon serves to support the Bonapartist movement of the late nineteenth century This book contains an innovative treatment of Nietzsche s political thought far exceeding in scope and insight any previous writings on the subject

Graeco-Roman Antiquity and the Idea of Nationalism in the 19th Century Thorsten Fögen,Richard Warren,2016-05-24 This interdisciplinary volume explains the phenomenon of nationalism in nineteenth century Europe through the prism of Graeco Roman antiquity Through a series of case studies covering a broad range of source material it demonstrates the different purposes the heritage of the classical world was put to during a turbulent period in European history Contributors include classicists historians archaeologists art historians and others *The Mantle of Caesar* Friedrich Gundolf,1928

Napoleon Andrew Roberts,2014-11-04 The definitive biography of the great soldier statesman by the acclaimed author of Churchill and The Last King of America winner of the LA Times Book prize finalist for the Plutarch prize winner of the Fondation Napoleon prize and a New York Times bestseller A thrilling tale of military and political genius Roberts is an

uncommonly gifted writer The Washington Post Austerlitz Borodino Waterloo his battles are among the greatest in history but Napoleon Bonaparte was far more than a military genius and astute leader of men Like George Washington and his own hero Julius Caesar he was one of the greatest soldier statesmen of all times Andrew Roberts's Napoleon is the first one volume biography to take advantage of the recent publication of Napoleon's thirty three thousand letters which radically transform our understanding of his character and motivation At last we see him as he was protean multitasker decisive surprisingly willing to forgive his enemies and his errant wife Josephine Like Churchill he understood the strategic importance of telling his own story and his memoirs dictated from exile on St Helena became the single bestselling book of the nineteenth century An award winning historian Roberts traveled to fifty three of Napoleon's sixty battle sites discovered crucial new documents in archives and even made the long trip by boat to St Helena He is as acute in his understanding of politics as he is of military history Here at last is a biography worthy of its subject magisterial insightful beautifully written by one of our foremost historians
