

THE GREATEST EXTENT OF THE NAPOLEONIC EMPIRE (1812)

Napoleon France And Europe

Stuart Woolf

Napoleon France And Europe:

Napoleon, France and Europe Andrina Stiles, 2004 Napoleon's Integration of Europe Stuart Woolf, 2002-11-01

Histories of the Napoleonic period are almost exclusively biographies of the man or political military accounts of his wars But such wars were only the first stage in a far more ambitious programme the establishment of a rational state which would force the pace of modernising society Through an examination of the experiences of French domination Napoleon's Integration of Europe explores the implications of such a project for France and its relationship with the rest of Europe It examines the problems of ruling a progressively expanding empire as seen through the eyes of a trained corps of bureaucrats who were convinced that their scientific methods would enable them to understand and govern the mechanisms of society However it also looks at the populations subjected to French rule at the nature of their resistance and adaptation to the principles of the Napoleonic project This book is the first overall comparative study of Europe in the Napoleonic years It is a study not only of an early exercise in imperialism but of the conflict that is aroused between the rationalising tendencies of the modern state and the spatial and cultural heterogeneity of individual societies As well as a history of France it is also a history of Italy Germany Belgium Holland Switzerland Poland and Spain at a crucial moment in the history of each nation state

Napoleon and Europe D. G. Wright, 1984 This study provides both an introduction to and an overview of Napoleon's impact on France and Europe It explores his origins and personality assesses his contribution to the crucial changes in the conduct of warfare during this period and examines the reasons for the ultimate defeat of his armies and the collapse of the Empire It concludes with a brief study of the Napoleonic legend and the historical controversies which surround it

History of Napoleon Bonaparte W. B. Heweston, 1817 *Napoleon and the Transformation of Europe* Alexander Grab, 2017-03-09 Creating a French Empire and establishing French dominance over Europe constituted Napoleon's most important and consistent aims In this fascinating book Alexander Grab explores Napoleon's European policies as well as the response of the European people to his rule and demonstrates that Napoleon was as much a part of European history as he was a part of French history

Napoleon and the Transformation of Europe Examines the formation of Napoleon's Empire the Emperor's impact throughout Europe and how the Continent responded to his policies Focuses on the principal developments and events in the ten states that comprised Napoleon's Grand Empire France itself Belgium Germany the Illyrian Provinces Italy the Netherlands Poland Portugal Spain and Switzerland Analyses Napoleon's exploitation of occupied Europe Discusses the broad reform policies Napoleon launched in Europe assesses their success and argues that the French leader was a major reformer and a catalyst of modernity on a European scale

The Bee and the Eagle Alan Forrest, Peter H. Wilson, 2008-12-18 This volume's juxtaposition of the empires of Germany and France in 1806 at the dissolution of The Holy Roman Empire allows a comparison of their transition towards modernity explored through the themes of Empire monarchy political cultures feudalism war and military institutions nationalism and identity and everyday experience

Napoleon and Europe Philip G. Dwyer, 2014-07-22 Two hundred years ago Napoleon was at the apogee of his power in Europe This broad ranging reassessment explores the key themes presented by his extraordinary career from his rise to power and the foundation of the imperial state to the final defeat of his grand vision following the doomed invasion of Russia It was a period of almost uninterrupted war in Europe the consequences of victory or failure repeatedly transforming the political map But Napoleon s impact reached much deeper than this achieving the ultimate destruction of the ancien regime and feudalism in Europe and leaving a political and juridical legacy that persists today Napoleon and Europe Philip G. Dwyer, 2001 200 years ago Napoleon was at the height of his power in Europe This broad ranging reassessment explores the key themes presented by his extraordinary career Napoleonic Europe Clive Emsley, 2014-09-19 The impact of Napoleon on France and on Europe was immediate and enduring He dominated his age as his armies dominated the continent and no European country was untouched or unchanged by the events of these turbulent years Keeping one s bearings geographically militarily politically and chronologically in the prevailing turmoil is no easy matter even for the specialist and Clive Emsley s concise but authoritative guide to the Napoleonic age will be a boon to students scholars and general readers alike **A**
