**David F. Greenberg**

## **Napoleon Bisexual Emperor:**

**Napoleon** Frank Richardson,1973      [Napoleon, Bisexual Emperor](#) Frank M. Richardson,1972      **Bisexuality and the Eroticism of Everyday Life** Marjorie Garber,2013-05-13 Bisexuality is about three centuries overdue nevertheless here it is a learned witty study of how our curious culture has managed to get everything wrong about sex Gore Vidal      **Ailing, Aging, Addicted** Bert E. Park,2021-10-21 What role did drug abuse play in John F Kennedy s White House and how was it kept from the public How did general anesthetics and aging affect the presidency of Ronald Reagan Why did Winston Churchill become more egocentric Woodrow Wilson more self righteous and Josef Stalin more paranoid as they aged and how did those qualities alter the course of history Was Napoleon poisoned with arsenic or did underlying disease account for his decline at the peak of his power Does syphilis really explain Henry VIII s midlife transformation Was there more than messianism brewing in the brains of some zealots of the past among them Adolf Hitler Joan of Arc and John Brown Most important of all when does one man s illness cause millions to suffer and when is it merely a footnote to history To answer such questions requires the clinical intuition of a practicing physician and the scholarly perspective of a trained historian Bert Park who qualifies on both counts offers here fascinating second opinions basing his retrospective diagnoses on a wide range of sources from medicine and history Few books so graphically portray the impact on history of physiologically compromised leadership misdiagnosis and inappropriate medical treatment Park not only untangles medical mysteries from the past but also offers timely suggestions for dealing with such problems in the future As a welcome sequel to his first work *The Impact of Illness on World Leaders* this book offers scholars physicians and general readers an entertaining albeit sobering analysis      **Homosexuality in Modern France** Jeffrey Merrick,Bryant T. Ragan Jr.,1996-08-15 This volume explores the realities and representations of same sex sexuality in France in the eighteenth nineteenth and twentieth centuries the period that witnessed the emergence of homosexuality in the modern sense of the word Based on archival research and textual analysis the articles examine the development of homosexual subcultures and illustrate the ways in which philosophes pamphleteers police novelists scientists and politicians conceptualized same sex relations and connected them with more general concerns about order and disorder The contributors Elizabeth Colwill Michael David Sibalis Victoria Thompson William Peniston Vernon Rosario II Francesca Canade Sautman Martha Hanna Robert A Nye and the editors Bryant T Ragan Jr and Jeffrey Merrick use the methods of intellectual and cultural history the history of science literary studies legal and social history and microhistory This collection shows how the subject of homosexuality is related to important topics in French history the Enlightenment the revolutionary tradition social discipline positivism elite and popular culture nationalism feminism and the construction of identity Given the role of gays and lesbians in modern French culture and the work of French scholars on the history of sexuality this collection fills an important gap in the literature and represents the first attempt in any language to explore this subject over three centuries from a variety of perspectives

*Napoleon* Adam Zamoyski, 2018-10-16 The definitive biography of Napoleon hailed as magnificent by The Economist What a novel my life has been Napoleon once said of himself Born into a poor family the callow young man was by twenty six an army general Seduced by an older woman his marriage transformed him into a galvanizing military commander The Pope crowned him as Emperor of the French when he was only thirty five Within a few years he became the effective master of Europe his power unparalleled in modern history His downfall was no less dramatic The story of Napoleon has been written many times In some versions he is a military genius in others a war obsessed tyrant Here historian Adam Zamoyski cuts through the mythology and explains Napoleon against the background of the European Enlightenment and what he was himself seeking to achieve This most famous of men is also the most hidden of men and Zamoyski dives deeper than any previous biographer to find him Beautifully written Napoleon brilliantly sets the man in his European context **The**

**Construction of Homosexuality** David F. Greenberg, 2008-10-29 At various times homosexuality has been considered the noblest of loves a horrible sin a psychological condition or grounds for torture and execution David F Greenberg s careful encyclopedic and important new book argues that homosexuality is only deviant because society has constructed or defined it as deviant The book takes us over vast terrains of example and detail in the history of homosexuality Nicholas B Dirks New York Times Book Review

**Napoleon Against Himself** Avner Falk, 2015-08-01 Although Napoleon Bonaparte has been a favorite subject of biographers for nearly two centuries to date no full scale psychobiography of arguably the most compelling fascinating and complex leader in world history has ever been published With *Napoleon Against Himself* internationally recognized scholar Avner Falk fills this void He not only considers Napoleon s intellect but also what use he made of it how it affected his emotional life and whether he used intellectualization as one of his unconscious defensive processes Additionally he examines Napoleon s ambivalent relationship with his mother his identification with the Motherland and his fits of narcissistic rage violence and aggression Specifically Falk focuses on his numerous irrational self defeating and self destructive actions In weaving in the psychological interpretations that have previously been proposed for Napoleon s actions with his own new insights Falk has created a most stimulating and original work that sheds much needed light on Napoleon s troubled inner world **Napoleon**

Clive Emsley, 2014-10-24 Napoleon had a profound impact on the development of both France and Europe and his career had repercussions across the wider world His career had all the elements of a classical tragedy having begun with spectacular military and civil achievements it ended in exile on the tiny Atlantic island of St Helena Almost two centuries after Napoleon s death historians continue to argue about his aims his achievements and his legacy In this thoroughly revised and updated new edition Clive Emsley brings these historiographical debates up to date and broadens his study to include discussion of the cultural and social impact of the Napoleonic era This new edition offers a succinct summary of Napoleon s career examines his impact on France and Europe as well as including a new chapter on the impact of the Napoleonic adventure on the wider world considers the relationship between Napoleon and

the French Revolution outlines the difficulties in assessing his career explores the current debates surrounding Napoleon contains an expanded selection of primary source documents ranging from state papers to police reports A Chronology Glossary and Who's Who of key characters are also provided making this an indispensable textbook for students of nineteenth century French and European history      **Bisexuality** Thomas Geller, 1990
