**Russell F. Weigley**

## **Napoleons Soldiers In America:**

**Napoleon's Soldiers in America** Simone de La Souchère Deléry,1972      **Napoleon's Soldiers in America** Simone De La Souchère Deléry,Delery,1999-04      **Napoleon in America** Mark F. Ehlers,2025-09-26 How Napoleon s legacy infused American debates over empire in the nineteenth century No individual dominated the early nineteenth century like Napoleon Bonaparte the titanic figure who came to embody the French Revolution and nearly brought all of Europe to heel He exerted a cultural influence in his time that few figures in world history have ever attained As a result when Americans debated the merits limits and administration of their own burgeoning republican empire they continually invoked Napoleon to make their point From the presidency of Thomas Jefferson and for decades afterward the legacy of Napoleon loomed over discussions about the course their country s expansion would take As Mark Ehlers shows Americans of all persuasions rhetorically enlisted Napoleon to advocate for their competing visions of US imperialism Whether they admired his method of imperial rule or saw in him a warning against the hubris of imperial overreach Napoleon s image served as an essential cultural touchpoint in the early republic s rhetoric of empire until finally by the Mexican War most Americans had come to imagine their republican empire as a worthy successor to Napoleon s own      **Napoleon and the American Dream** Inès Murat,1999-03-01 In s Murat s readable and entertaining narrative introduces us to little known facts about the adventures and misadventures of numerous French veterans of Waterloo who migrated to the United States More often than not their visions of life in this country conflicted with the original New World dream of the peaceful pioneer For two centuries the lure of what we now call the American Dream had beckoned rich and poor from the Old World In all respects said Napoleon America was our true refuge Reported by Las Cases in the M morial de Sainte H l ne this statement signifies only one phase of the connections between the Emperor and the United States Anecdotes and incisive portraits of numerous Bonapartists who came to America vividly portray the complex intermeshing between the Emperor and the United States Anecdotes and incisive portraits of numerous Bonapartists who came to America vividly portray the complex intermeshing between the ideals of the French Revolution and the new forms of freedom that had been born in America These dramatic accounts bring to the foreground of history the impact of two world views that of the Old World sheltered in the shadow of Napoleon s belief in historical destiny and that of the New World more experimental and industrious The clash produced a resounding din in the Napoleonic epoch for which Napoleon and the American Dream traces new routes and relationships between two cultures      **The American Military Tradition** John M. Carroll,Colin F. Baxter,2007 In this completely revised and updated second edition historians John M Carroll and Colin F Baxter have gathered an esteemed group of military historians to explore the pivotal issues and themes in American warfare from the Colonial era to the present conflict in Iraq      *American Tyrannies in the Long Age of Napoleon* Elizabeth Duquette,2023-08-29 What if the American experiment is twofold encompassing both democracy and tyranny That is the question at the core of this book which traces some of ways that

Americans across the nineteenth century understood the perversions tyranny introduced into both their polity and society While some informed their thinking with reference to classical texts which comprehensively consider tyranny s dangers most drew on a more contemporary source Napoleon Bonaparte the century s most famous man and its most notorious tyrant Because Napoleon defined tyranny around the nineteenth century Atlantic world its features and emergence its relationship to democratic institutions its effects on persons and peoples he provides a way for nineteenth century Americans to explore the parameters of tyranny and their complicity in its cruelties Napoleon helps us see the decidedly plural forms of tyranny in the US bringing their fictions into focus At the same time however there are distinctly American modes of tyranny From the tyrannical style of the American imagination to the usurping potential of American individualism Elizabeth Duquette shows that tyranny is as American as democracy     The Napoleonic Exiles in America Jesse Siddall Reeves,1905     French Immigrants and Pioneers in the Making of America Marie-Pierre Le Hir,2022-03-08 Americans have long had a rich if complicated relationship with France They adore all things French especially food and fashion They visit the country and learn the language Historically Americans have also been quick to blame France at certain times of international crisis and find fault with their handling of domestic issues Despite ups and downs the friendship between the countries remains very strong The author explains the strength of Franco American relations lies in the diplomatic ties that extend back to the founding of the United States but more importantly in the French DNA that is imprinted on American culture The French were the first Europeans to settle the regions now known as Florida Illinois Minnesota Iowa Wisconsin Missouri Kansas and Arkansas and Frenchman remained in Louisiana after the land was purchased by the United States This book explores the effects that France has had on American culture and why modern Americans of French descent are so fascinated by their ancestry     Napoleon and America Robert B. Holtman,Steven G. Reinhardt,1988     **American Military History** William Thomas Allison,Jeffrey G. Grey,Janet G. Valentine,2020-04-28 Now in its third edition American Military History examines how a country shaped by race ethnicity economy regionalism and power has been equally influenced by war and the struggle to define the role of a military in a free and democratic society Organized chronologically the text begins at the point of European conflict with Native Americans and concludes with military affairs in the early 21st century providing an important overview of the military s role on an international domestic social and symbolic level The third edition is fully updated to reflect recent developments in military policy and the study of military history and war and society thus providing students a foundational understanding of the American military experience This book will be of interest to students of American history and military history It is designed to allow instructors flexibility in structuring a course     *Artillery of the Napoleonic Wars: Artillery in Siege, Fortress and Navy, 1792-1815* Kevin F. Kiley,2020-01-24 Filled with statistical information on the guns ammunition and carriages used by the armies places the reader on the ground with the gunners The Napoleon Series Napoleon was an artilleryman before he was an emperor He understood the power and effectiveness of cannon and their

ability to pulverize defenses reduce fortresses and destroy attacks In return the guns won Napoleon battles This impressive study chronicles the story of the guns and men during the twenty three years of almost continuous warfare from 1792 1815 from the battlefields of continental Europe to the almost primitive terrain of North America and of the seas lakes and rivers that connected them Detailed technical information is accompanied by vivid descriptions which allow the reader to imagine what it must have been like to maneuver and man the guns in a variety of situations whether on the march or on the battlefield Based on years of research into regulations of the period eyewitness accounts of artillerymen and material culled from official reports the scope and depth of material will satisfy the serious researcher while the lively narrative will appeal to the casual reader Kiley s research is impeccable and deserves the highest praise Moreover he writes in so entertaining a manner that he informs and educates without effort For the enthusiastic student of the attack and defense of fortified places this is an essential book of reference Fortress Study Group      What Every American Should Know About Europe Melissa Rossi,2006-11-28 With the creation of the European Union and the introduction of the Euro Europe has undergone a dizzying transformation recently so much so that even Europeans are scratching their heads Melissa Rossi brings US readers up to date on what has changed and what makes each country tick Which European nation most adores nuclear energy Which country s residents are by far the richest Which prominent leader was once a taxi driver Why are the typically calm Dutch getting twitchy What happened to Czechoslovakia With her trademark investigative flair and wry humor Rossi gives the inside scoop on every nation in the European Union with vital facts about local culture politics tourist attractions and recent events From Portugal to Poland What Every American Should Know About Europe is a no holds barred humorous and comprehensive guide for anyone interested in what our transatlantic cousins are up to these days      Napoleon's Maxims of War Napoleon Bonaparte,2023-12-22 In Napoleon s Maxims of War the storied military leader distills his vast experiences into a compelling collection of aphoristic principles and strategies that underscore both the art and the science of warfare Employing a concise direct literary style Bonaparte s maxims reflect his pragmatic approach to military command emphasizing the importance of speed flexibility and decisive action in the face of uncertainty The context of this work lies in the Napoleonic Wars a period marked by profound transformation in military tactics and the strategic use of mass conscription making these maxims not just philosophies but practical tools applicable to the rapidly evolving landscape of warfare in his era and beyond Napoleon Bonaparte one of history s most formidable leaders was deeply influenced by his tumultuous upbringing and illustrious military career His insights are informed by the myriad battles he commanded alongside a vast study of classical texts on warfare This intellectual rigor transformed Napoleon into not only a tactical innovator but also a thinker whose reflections on war resonate in the annals of military education His unique perspective as both a participant and theorist gives this collection significant weight For students historians and military enthusiasts alike Napoleon s Maxims of War is an essential read that provides not only a glimpse into the mind of a military genius but also

timeless lessons on leadership and strategy Bonaparte's keen insights are as relevant today as they were in his time making this work a valuable addition to any library dedicated to military history and theory      **Under the Shadow of Napoleon**

Michael Bonura, 2012-05-07 The way an army thinks about and understands warfare has a tremendous impact on its organization training and operations The central ideas of that understanding form a nation's way of warfare that influences decisions on and off the battlefield From the disasters of the War of 1812 Winfield Scott ensured that America adopted a series of ideas formed in the crucible of the Wars of the French Revolution and epitomized by Napoleon Reflecting American cultural changes these French ideas dominated American warfare on the battlefields of the Mexican American War the American Civil War the Spanish American War and World War I America remained committed to these ideas until cultural pressures and the successes of German Blitzkrieg from 1939-1940 led George C Marshall to orchestrate the adoption of a different understanding of warfare Michael A Bonura examines concrete battlefield tactics army regulations and theoretical works on war as they were presented in American army education manuals professional journals and the popular press to demonstrate that as a cultural construction warfare and ways of warfare can be transnational and influence other nations

*Wisconsin Magazine of History* Milo Milton Quaife, Joseph Schafer, Edward Porter Alexander, 1921      **The American Way of War** Russell F. Weigley, 1977 a strong and stimulating book It has no rival in either scope or quality For libraries history buffs and armchair warriors it is a must For political science students career diplomats and officers in the armed services its reading should be required History A particularly timely account Kansas City Times It reads easily but is not a popularized history nor does the book become a history of battles Weigley's analyses and interpretations are searching competent and useful Perspective      Great Military Leaders William T. Worthington, 2002 Great Military Leaders A Bibliography with Vignettes      **British Liberators in the Age of Napoleon** Graciela Iglesias Rogers, 2013-02-14 This is the first book length examination of the involvement of British volunteers in the Spanish forces during the Napoleonic Wars

**America's Road to Empire** Piero Gleijeses, 2021-09-09 America's Road to Empire surveys and analyses United States foreign relations from the country's independence in 1776 until its entry into World War One in 1917 using primary source materials and case studies The book covers key themes including the role that notions of white superiority played in US foreign policy the search for absolute security that repeatedly led the United States to trample on the liberties of other countries and the idea of American exceptionalism the clash between the idealism of US rhetoric and its actions which has led to a persistent failure to understand how European US policy actually was Whilst providing analytical overview Piero Gleijeses also uses case studies which examine overlooked aspects of US foreign policy particularly concerning marginalized populations He draws on archival US and European primary sources and incorporates the latest research from the US British French and Spanish archives as well as newspapers from the United States Britain France Germany Spain and Mexico A highly original account of the United States rise to power drawing on multilingual scholarship this is an important book for

all students and scholars of United States foreign relations up to the First World War     America-The Last Best Hope Volumes I and II William J. Bennett, 2007-10-14 William J Bennett reacquaints America with its heritage in two volumes of America The Last Best Hope While national test scores reveal that American students know startlingly little about their history former U S Education Secretary William J Bennett offers one of the most gripping and memorable versions of the American story in print The two volumes of Bennett s New York Times bestselling epic America The Last Best Hope cover Columbus s discovery of the New World in the fifteenth century to the fall of world communism in the twentieth Now both volumes are available in a convenient and attractive slip case complete with a bonus audio CD Remembering Ronald Reagan featuring recollections and commentary by Jeane Kirkpatrick Edwin Meese and others Bill Bennett brings American history to life with stories such as the coup d etat quelled by a pair of reading glasses the U S senator nearly caned to death on the Senate floor the presidential pardon for hundreds of Sioux warriors one ex president s race to finish his memoirs and the famous humorist who helped him when Time magazine named Hitler man of the year Eisenhower s bold actions documenting the horrors of the Holocaust Nixon s comic opera uniforms for White House guards Reagan s most famous example of just saying No From heroism of the Revolution to the dire hours of the Civil War from the progressive reforms of the early 1900s to the civil rights reforms of the 1960s from the high drama of the Space Race to the gut wrenching tension of the Cold War Bennett slices through the cobwebs of time memory and prevailing cynicism to reinvigorate America with an informed patriotism Praise for America The Last Best Hope This is the American history that Abraham Lincoln has long awaited Harry V Jaffa Crisis of the House Divided Bennett has a gift for choosing the pithy revealing anecdote and for providing fresh character sketches and critical analyses of the leading figures This is an American history that adults will find refreshing and enlightening and that younger readers will find a darn good read Michael Barone US News World Report A worthy and necessary book for our time Michael J Lewis Commentary Bennett has a strong sense of narrative a flair for anecdote and a lively style And the American story really is a remarkable one filled with its share of brilliant leaders and tragic mistakes Bennett brings that story to life Alan Wolfe The Washington Post The role of history is to inform inspire and sometimes provoke us which is why Bill Bennett s wonderfully readable book is so important He puts our nation s triumphs along with its lapses into the context of a narrative about the progress of freedom Every now and then it s useful to be reminded that we are a fortunate people blessed with generations of leaders who repeatedly renewed the meaning of America Walter Isaacson Benjamin Franklin An American Life The importance of America The Last Best Hope probably exceeds anything Dr Bennett has ever written and it is more elegantly crafted and eminently readable than any comprehensive work of history I ve read in a very long time It s silly to compare great works of history to great novels but this book truly is a page turner Brad Miner American Compass This lively book acknowledges mistakes and shortcomings yet patriotically asserts that the American experiment in democracy is still a success story School Library Journal
