

TYPES OF IRONY

Verbal Irony

It is used when a person wants to express something using speech which says the opposite of what they mean.

- E.g. If it were a very cold day, a person using verbal irony might say something like ; "Isn't it warm today!"

Situational Irony

This is used when a situation does not have the outcome which was expected in the first instance.

- E.g. If a fire station were to burn down, this would be situational irony as this is the building which is meant to protect from fire.

Dramatic Irony

In a real life situation, it is applied when something happens and the person within the situation is unaware of the true reality.

- E.g. If a person were to say "I am so glad that I wasn't in that car accident", only to be involved in a car accident moments later, this would be dramatic irony.
