Narrative Power And Liberal Truth Hobbes Locke Bentham And Mill

Leon P. Baradat, John A. Phillips

Narrative Power And Liberal Truth Hobbes Locke Bentham And Mill:

Narrative Power and Liberal Truth Eldon J. Eisenach, 2002 Liberal political thought from its origins in the seventeenth century through today's rights discourse is grounded in the ideal of the autonomous individual. As the theory holds, these individuals are born in freedom from religious, political, social, or economic obligations and then construct these systems through individual and collective choices. Over the past thirty years, however, this understanding of freedom has been challenged from a variety of perspectives. Eldon J. Eisenach has been at the forefront of that challenge, stressing the centrality of religious elements and assumptions in liberal writings that many scholars suppressed or ignored. In *Narrative Power and Liberal Truth*, Eisenach brings together eleven of his previously published essays to demonstrate that many postmodernist ideas of persons and freedom are already present within the tradition of liberal political philosophy and that liberalism itself is more capacious of human experience and meanings than modern critiques allow.

Sacred Discourse and American Nationality Eldon J. Eisenach, 2012-07-16 In the current political climate, it is impossible not to speculate about the correlation between American national identity and religious beliefs. *Sacred Discourse and American Nationality* analyzes the role of religious rhetoric and politics. Eldon J. Eisenach explores this relationship along with the interrelationship of political theory, political ideology, and political change in the story of American political life. By addressing sacred stories and American Progressivism, *Sacred Discourse and American Nationality* provides historical and current views on American national identity. This is the perfect book for scholars and students interested in American political development.

Mill F. Rosen, 2013-01-31 Frederick Rosen presents an original study of John Stuart Mill's moral and political philosophy. He explores a range of key themes across the breadth of Mill's works and considers Mill's complex relationships with his contemporary thinkers, the traditional sources on which he drew, and his influence on major thinkers of recent centuries.

Reading for Liberalism Stephen J. Mexal, 2020-04-01 Founded in 1868, the *Overland Monthly* was a San Francisco-based literary magazine whose mix of humor, pathos, and romantic nostalgia for a lost frontier was an immediate sensation on the East Coast. Due in part to a regional desire to attract settlers and financial investment, the essays and short fiction published in the *Overland Monthly* often portrayed the American West as a civilized evolution of, and not a savage regression from, eastern bourgeois modernity and democracy. Stories about the American West have for centuries been integral to the way we imagine freedom, the individual, and the possibility for alternate political realities. *Reading for Liberalism* examines the shifting literary and narrative construction of liberal selfhood in California in the late nineteenth century through case studies of a number of western American writers who wrote for the *Overland Monthly*, including Noah Brooks, Ina Coolbrith, Bret Harte, Jack London, John Muir, and Frank Norris, among others. *Reading for Liberalism* argues that Harte, the magazine's founding editor, and the other members of the *Overland* group critiqued and reimagined the often invisible fabric of American freedom. *Reading for Liberalism* uncovers and examines in the text of the *Overland Monthly* the relationship between wilderness literature, race,

and the production of individual freedom in late nineteenth century California

Sovereignty Jean Bethke

Elstain, 2008-06-10 Throughout the history of human intellectual endeavor sovereignty has cut across the diverse realms of theology political thought and psychology From earliest Christian worship to the revolutionary ideas of Thomas Jefferson and Karl Marx the debates about sovereignty complete independence and self government have dominated our history In this seminal work of political history and political theory leading scholar and public intellectual Jean Bethke Elstain examines the origins and meanings of as it relates to all the ways we attempt to explain our world God state and self Examining the early modern ideas of God which formed the basis for the modern sovereign state Elstain carries her research from theology and philosophy into psychology showing that political theories of state sovereignty fuel contemporary understandings of sovereignty of the self As the basis of sovereign power shifts from God to the state to the self Elstain uncovers startling realities often hidden from view Her thesis consists in nothing less than a thorough going rethinking of our intellectual history through its keystone concept The culmination of over thirty years of critically applauded work in feminism international relations political thought and religion Sovereignty opens new ground for our understanding of our own culture its past present and future *Theology, Creation, and Environmental Ethics* Whitney Bauman, 2009-04-30 Winner of the John Templeton Award for Theological Promise 2009 This book argues that the Christian doctrine of creatio ex nihilo sets up a support system for a logic of domination over others It follows a genealogical method in examining how the concept of creation out of nothing materializes in the world throughout different periods in the history of the Christian West

Bentham John Rowland Dinwiddy, William L. Twining, 2004 Jeremy Bentham the founder of utilitarianism made a powerful impact on several major areas of thought and policy ethics jurisprudence political and constitutional theory and social and administrative reform Yet from the start his ideas have been subject to misunderstanding and caricature John Dinwiddy's Bentham is regarded as the best introduction to this important jurist and reformer Dinwiddy examines the various components of Bentham's philosophy and shows how each was shaped by the radical rethinking entailed by the utilitarian approach He also discusses interpretations of Benthamism and its contemporary significance and the controversial question of Bentham's influence on reform Bentham is reproduced here in full together with three classic essays that deal with key issues in understanding Bentham his conversion to political radicalism the relations between private and public ethics and his theory of adjudication A new introduction and select bibliography by William Twining set the context and survey the developments in Bentham studies since the book's original publication in 1989 **Political Ideologies** Leon P.

Baradat, John A. Phillips, 2019-11-25 Comprehensive yet accessible this classic text now in its thirteenth edition follows the evolution of political thought over 300 years Organized chronologically this text examines each ideology within a political historical economic and social context In addition to a thorough updating of examples and data here's what you'll find in the new edition Analyses of President Trump's rollback of Obamacare trade war with China and changes to immigration taxation

and environmental policy Conservative justifications for supply side economics and liberal rationale for drug legalization and trigger word bans Brexit s effects on the Scottish independence movement Resurgence of feminist protest including the Me Too movement alongside anarchist protest following Trump s election including groups like Black Bloc and Antifa China s rising environmental and social problems including unrest among its heavily controlled Uighur population Cuba s transfer of power from the Castros to President D az Canel and their fraught rapprochement with the U S Russia s disinformation campaigns and alternating brinksmanship and détente between Trump and North Korea s Chairman Kim Jong un The ascent of the Alt right in the U S and white supremacist influence on parties in the U S and Europe The continuing salience of Islamism the teetering Iran deal and ongoing degeneration of the Arab Spring to the Islamist Winter

Fifty Major Philosophers Kathryn Plant,Diane Collinson,2007-01-24 A comprehensive update of the best selling first edition this revitalized new text presents readers with a series of clear well written entries focusing on fifty of the most influential philosophers from the last two thousand years Chosen to present the traditional mainstream of European philosophy the text also provides a critical survey that meets the needs of readers seeking a broad basic understanding as well as a foundation for further philosophical enquiry Encompassing a wide range of ancient medieval and modern philosophers features of the second edition include new entries on Dewey Collingwood Popper Quine Merleau Ponty Ayer and Rawls a thorough revision of existing entries a complete update of the further reading section an expanded glossary the addition of an alphabetical table of contents and an index for ease of use Authoritative and highly readable this book is a vital reference tool for all those wishing to improve their understanding of some of the world s most fascinating intellectual figures

Liberalism: Old and New: Volume 24, Part 1 Ellen Frankel Paul,Fred D. Miller,Jeffrey Paul,2007-02-12 In this collection thirteen prominent philosophers and political scientists address the nature of liberalism its origins and its meaning and proper interpretation Some essays examine the writings of liberalism s earliest defenders like John Locke and Adam Smith or the influence of classical liberalism on the American founders Some focus on the Progressive movement and the rise of the administrative state while others defend particular conceptions of liberalism or examine liberal theories of justice including those of John Rawls and Robert Nozick Several essays discuss the U S Constitution seeking to determine whether it is best viewed as empowering the federal government to achieve certain ends or as strictly limiting its power to ensure the broadest freedom for individuals to pursue their own ends Other essays address the limits of economic freedom or focus on the nature and extent of property rights and the government s power of eminent domain

Whispering the Techniques of Language: An Psychological Journey through **Narrative Power And Liberal Truth Hobbes Locke Bentham And Mill**

In a digitally-driven world where monitors reign supreme and instant interaction drowns out the subtleties of language, the profound techniques and psychological subtleties concealed within phrases usually move unheard. Yet, nestled within the pages of **Narrative Power And Liberal Truth Hobbes Locke Bentham And Mill** a interesting fictional treasure blinking with organic feelings, lies an extraordinary journey waiting to be undertaken. Composed by an experienced wordsmith, that wonderful opus attracts readers on an introspective trip, softly unraveling the veiled truths and profound impact resonating within the cloth of every word. Within the mental depths with this emotional evaluation, we shall embark upon a heartfelt exploration of the book is primary subjects, dissect its interesting publishing design, and fail to the effective resonance it evokes serious within the recesses of readers hearts.
