Narrative Research Voices Of Teachers And Philosophers:

Narrative Research Rauno Huttunen, Hannu L. T. Heikkinen, Leena Syrjälä, 2002 Why do we tell our life stories What is the point of studying narratives What is the truth of narratives How are narratives collected and studied by researchers In this book the voices of teachers education researchers student teachers and philosophers join to form a polyphonic voice that attempts to answer these questions They shed light on the obscure world of narrative research This book contains both theoretical articles and empirical examples of narrative research The theoretical articles introduce and develop the basic concepts of narrative research and focus attention on its philosophical foundations The empirical articles apply the narrative approach in a multi dimensional way and provide a clear illustration of narrative research in action The narrative data consists of teachers stories about teacher education and school practice

Narrative Research in Practice Rachael Dwyer, Ian Davis, Elke Emerald, 2016-09-07 This book directly addresses the multiplicity and complexity of narrative research by illustrating a variety of avenues to pursuing and publishing research that falls under the umbrella of narrative work The chapters are drawn from a wide range of disciplines including education literary studies cultural studies music and clinical studies Each chapter considers a particular methodological issue or approach illustrating how it was addressed in the course of the research Each of the chapters concludes with a set of discussion exercises and a further reading list The book offers a valuable resource for established researchers seeking to expand their methodological and theoretical repertoire and for graduate students and researchers new to narrative methods

Handbook of Narrative Inquiry D. Jean Clandinin, 2006-12-28 Composed by international researchers the Handbook of Narrative Inquiry Mapping a Methodology is the first comprehensive and interdisciplinary overview of the developing methodology of narrative inquiry The Handbook outlines the historical development and philosophical underpinnings of narrative inquiry as well as describes different forms of narrative inquiry This one of a kind volume offers an emerging map of the field and encourages further dialogue discussion and experimentation as the field continues to develop Key Features Offers coverage of various disciplines and viewpoints from around the world Leading international contributors draw upon narrative inquiry as conceptualized in Anthropology Sociology Psychology and Philosophy Illustrates the range of forms of narrative inquiry Both conceptual and practical in depth descriptions of narrative inquiry are presented Portrays how narrative inquiry is used in research in different professional fields Particular attention is paid to representational issues ethical issues and some of the complexities of narrative inquiry with indigenous and cross cultural participants as well as child participants Intended Audience The Handbook of Narrative Inquiry is a must have resource for narrative methodologists and students of narrative inquiry across the social sciences Individuals in the fields of Nursing Psychology Anthropology Education Social Work Sociology Organizational Studies and Health research will be particularly well served by this masterful work

International Teacher Education Cheryl J. Craig, Lily Orland-Barak, 2014-12-02 The book fills a gaping hole in the teacher education literature

Nowhere is there a volume that globally surveys teacher education pedagogies and invites international scholars to describe the most productive ones in their home countries *Narratives in Educational Research* Eeva Kaisa Hyry-Beihammer, Outi Ylitapio-Mäntylä, Minna Uitto, 2024-09-24 This edited volume focuses on narratives and diverse narrative approaches in the field of education It discusses the concept of narrative and its boundaries as well as illustrates in detail the many ways of producing and analyzing diverse narrative research materials Its chapters provide rich examples of oral written and visual narratives produced in peer interviews and group discussions as well as via creative writing and photographs Various narrative ways of analyses are applied The book reflects on research ethics the position of the researcher and collaboration between participants and researchers as well as between researchers also cross culturally By exploring and illustrating innovative ways to conduct research on and with narratives in the educational field the book is a great resource for researchers and students in the field of education social sciences and humanities *Advances and Current Trends in Language Teacher Identity Research* Yin Ling Cheung, Selim Ben Said, Kwanghyun Park, 2014-12-05 This book presents the latest research on understanding language teacher identity and development for both novice and experienced researchers and educators and introduces non experts in language teacher education to key topics in teacher identity research It covers a wide range of backgrounds themes and subjects pertaining to language teacher identity and development Some of these include the effects of apprenticeship in doctoral training on novice teacher identity the impacts of mid career redundancy on the professional identities of teachers challenges faced by teachers in the construction of their professional identities the emerging professional identity of pre service teachers teacher identity development of beginning teachers the role of emotions in the professional identities of non native English speaking teachers the negotiation of professional identities by female academics *Advances and Current Trends in Language Teacher Identity Research* will appeal to academics in ELT TESOL applied linguistics It will also be useful to those who are non experts in language teacher education yet still need to know about theories and recent advances in the area due to varying reasons including their affiliation to a teacher training institute needs to participate in projects on language teacher education and teaching a course for pre service and in service language teachers *Moral Professionalism in Interaction* Eija Hanhimäki, **Enabling Students' Voices and Identities** Arie Kizel, 2024-05-15 One of the challenges that educational systems are facing worldwide is enabling the voices of children from silenced marginalized and excluded groups to be heard in communities of philosophical inquiry Children from unprivileged socioeconomic sectors or minorities and whose narrative is not in accord with that of the dominant mainstream narrative often feel uncomfortable expressing their feelings experiences and mostly their authentic philosophical questions during communities of philosophical inquiry They prefer not to raise the questions from their identity perspective Even if they are friendly such communities of inquiry are governed even if implicitly by the hegemonic meta narrative This book addresses the challenges of authentic inclusion of these children and their identities narratives Arie Kizel analyzes both how

discourse about multiple identities and narratives can enrich the theoretical foundations of philosophy for with children as opposed to the sterile banking and normalizing education and the challenge of various identities and their uniqueness within childhood in order to offer theoretical and pedagogical educational solutions within philosophy for and with children This book furthers our understanding of dialogical inquiry particularly within a pluralistic environment that explicitly promotes democratic culture
