Means Communicate LeRoy L. Lane, 2005-05-03 The perfect guide to more effective communication By All Means Communicate Second Edition presents communication concepts and skills that can be used in a variety of situations LeRoy L. Lane Ph D University of Oregon brings years of teaching experience to this hybrid approach to communication covering fundamentals interpersonal small group and public contexts The new edition explores topics such as Taking notes on the speaker s message Chapter 2 Improving your perception Chapter 3 Touching in nonverbal communication Chapter 5 Characteristics of creativity Chapter 6 Management of interpersonal conflicts Chapter 8 Strategic Interpersonal

Communication John A. Daly, John M. Wiemann, 2013-01-11 This book discusses how people go about achieving their social goals through human symbolic interaction The editors collective presumption is that there are more or less typical ways that people attempt to obtain desired outcomes be they persuasive informative conflictive or the like through communication Representing a first summary of research done by scholars primarily in the communication discipline this volume seeks to identify and understand how it is that people achieve what they want through social interaction Under the very broad label of strategies this research has sought to identify critical social goals such as gaining compliance generating affinity resolving social conflict and offering information specify for each goal the ways or strategies by which people can go about achieving these goals determine predictors of strategy selection that is why does a person opt for one strategy over others to obtain the desired end The research also reflects the attention the field of communication has given to strategy issues in the past 15 years The chapters describe research on the ways in which people achieve different goals and summarize existing research and theory on the attainment of social goals Readers will gain insight into many of the issues that exist regardless of the strategy being discussed Thus this volume may not include chapters on topics such as ways people elicit or offer disclosure

ways people demonstrate anger or ways people create guilt but the issues that appear consistently throughout the various chapters should apply equally to these Finally the essays in this volume provide not only a summary of what has been accomplished to date but also an initial theoretic map for future research concerning strategic interpersonal communication

Successful Nonverbal Communication Michael Eaves,Dale G. Leathers,2017-10-05 Successful Nonverbal Communication Principles and Applications demonstrates how knowledge of nonverbal messages can affect successful communication in the real world Now with fifteen chapters the fifth edition draws students in through applications of the latest nonverbal communication research and through current examples of celebrities sports and politicians This extensive revision describes nonverbal cues and their desirable and undesirable functions while offering original tests for measuring and developing nonverbal communication skills Updates include new attention to Donald Trump Hillary Clinton and Barack Obama and discussion of nonverbal communication within same sex partnerships
