The JSEALab is part of a five-year initiative on Social Justice in Southeast Asia at the University of Wisconsin-Madison generously funded by the Henry Luce Foundation and located in the Center for Southeast Asian Studies and the Human Rights Program. A combination of intensive exchange between faculty and graduate students and public-facing events that aim to foster significant collaboration between academics and practitioners, the JSEALab reflects both the recognition that a growing number of MAs and PhDs in Southeast Asian Studies are choosing to pursue professional careers outside the university and that there is a need for academic work to be directly responsive to ongoing social justice crises in the region. Stay tuned for upcoming activities!

**Contemporary Islamic Discourse in the Malay-Indonesian World** Azhar Ibrahim, 2022-11-24 While many books have probed the role of Islam in political and social change in Southeast Asia over the past three decades few have focused on the power of the religious discourse itself in shaping this transformation Contemporary Islamic Discourse in the Malay Indonesian World captures the interplay between religion and social thought in comparative case studies from Malaysia Indonesia and Singapore Drawing on a critical sociology of knowledge and a profound understanding of historical contexts the central focus is on Muslim intellectuals who have grappled with the impact of modernity in these societies between those seeking to reform Islam's role and those who take a hardline defensive stance The discussion deals successively with the role of religious traditionalism the upsurge of dakwah revivalism and the public sphere attitudes towards democracy and pluralism and finally the ideas advanced by liberal Islam and its opponents Above all Azhar Ibrahim offers the reader a creative way of understanding the modern Islamic discourse and its relationship to the remaking of society at large Azhar Ibrahim's book cuts through the noise of much discourse on Islam and puts perspective to a vast amount of materials effectively constructing their actual social and historical meaning It should be read by all those seeking an in depth understanding of contemporary Southeast Asia even beyond the particular issues of Islam and Muslims

Shaharuddin Maaruf Academy of Malay Studies University of Malaya This book is a must read for all those interested in a critical evaluation of the force and implications of religious traditionalism conservatism and revivalism on the development of plural and democratic Muslim societies in Southeast Asia and the challenges they pose to critical voices struggling for the relevance of ethical and humanist traditions of Islam

Questioning Development in Southeast Asia Nancy Chng, 1977

Memikir-ulang Tradisi untuk Pembaharuan Azhar Ibrahim, Buku ini melewati semula agenda pembaharuan dengan menelesuri tradisi yang tercerah yang tersudut dalam sejarah serta harus dapat dikembalikan peranannya tanpa pula kita terjebak meromantikannya yang mengidamkan pulang ke tradisi semata mata sebagai jalan keluar dari segala kemelut dan permasalahan yang kita hadapi Pembaharuan akan bisa berakar sekiranya tampil di kalangan agamawan dan aktivis santri yang bukan sahaja ter yakin dari gagasan reformis tetapi juga datang dari sekelompok tradisional yang tercerah Yang terakhir ini dapat membedakan peranan tradisi yang dinamis sifatnya sebagai gerak nilai dan budaya yang mampu menawarkan nilai nilai ulung dan universal sepanjang perjalanan sejarah tanpa terikat dengan pola pemikiran sesuatu zaman Yang paling jelas pembaharuan tradisi agama akan terbantut selagi agama tidak bergerak dalam ranah yang bebas yakni dibelenggu dengan hegemoni

konservatisme yang pantang mendengar ungkapan baru yang tidak selari dengan ideologi mereka ataupun wacana itu sendiri senang dikotak katikkan oleh pihak berwewenang yang lebih cenderung untuk memaksakan fahaman dominan ke atas semua atas nama mengekalkan kemurniaan dan kepersatuan agama dan jemaahnya

Burgess, 2020-04-13 The Wiley Blackwell Companion to Religion and Social Justice brings together a team of distinguished scholars to provide a comprehensive and comparative account of social justice in the major religious traditions The first publication to offer a comparative study of social justice for each of the major world religions exploring viewpoints within Christianity Islam Judaism Hinduism Buddhism and Confucianism Offers a unique and enlightening volume for those studying religion and social justice a crucially important subject within the history of religion and a significant area of academic study in the field Brings together the beliefs of individual traditions in a comprehensive explanatory and informative style All essays are newly commissioned and written by eminent scholars in the field Benefits from a distinctive four part organization with sections on major religions religious movements and themes indigenous people and issues of social justice from colonialism to civil rights and AIDS through to environmental concerns      *Social Justice Fallacies* Thomas Sowell, 2023-09-19 In this instant New York Times bestseller renowned economist Thomas Sowell demolishes the myths that underpin the social justice movement The quest for social justice is a powerful crusade of our time with an appeal to many different people for many different reasons But those who use the same words do not always present the same meanings Clarifying those meanings is the first step toward finding out what we agree on and disagree on From there it is largely a question of what the facts are Social Justice Fallacies reveals how many things that are thought to be true simply cannot stand up to documented facts which are often the opposite of what is widely believed However attractive the social justice vision the crucial question is whether the social justice agenda will get us to the fulfillment of that vision History shows that the social justice agenda has often led in the opposite direction sometimes with catastrophic consequences More things are involved besides simply mistakes All human beings are fallible and social justice advocates may not necessarily make any more mistakes than others But crusaders with an utter certainty about their mission are often undeterred by obstacles evidence or even fatal dangers That is where much of the Western world is today The question is whether we will continue on heedlessly past the point of no return      *From Conflict Resolution to Social Justice* Alicia Pfund, 2013-03-28 This reader brings together the writings of Wallace Warfield 1938 2010 the internationally acclaimed and influential authority on conflict resolution The selected essays highlight the importance of social context in conflicts and the future and potential of the field of Conflict Resolution After introducing Warfield s thinking and background a first section highlights the role of race ethnicity and culture in conflict through case studies and step by step methods on how to deal with such issues It also addresses theoretical issues and policymaking The second section focuses on the role of conflict resolution in society and how it could become the key to building just societies Throughout the book it is clear that the subjects that concerned Warfield are becoming even more relevant today World conflicts are less between countries and more within communities confronted with socio cultural clashes as well as issues related to economic deprivation Individuals who have been victimized

by oppressors or oppressive systems are becoming aware of their rights while globalization and electronic communication are showing them what structural changes pacific or otherwise are happening around the world Ranging from the local to the international and integrating theory with ideas and practice this work will be a unique learning resource and reference for both students and practitioners of conflict resolution while highlighting the legacy and contemporary relevance of a leading thinker
