Nepal Between China and India Gaurav Bhattarai, 2022-06-17 Nepal has a non neutral history As an imperial and expansionist power in the Himalayas from the days of its unification in 1769 AD to the Anglo Nepal war of 1815 Nepal never remained neutral Also during the period of Colonialism in South Asia and particularly after losing the war with the British in 1816 Nepal never exercised the policy of neutrality Rather Nepal was raiding Tibet assisting British India in Sepoy Mutiny and stood by Britain in the two world wars Besides Nepal militarily backed independent India in 1948 over Hyderabad question But why Nepal suddenly had to take a refuge in neutrality after the political change of 1950 Was it because of Nepal s internal politics or an attempt to cope with new arrangements in regional security Nepal s fascination with neutrality was so swifter and inadvertent that Kathmandu hitherto has never initiated any policy debates over the all weather choice Power elites in Nepal still misperceive neutrality as non alignment The aim of the book however is not only limited to distinguishing neutrality with non alignment in the Nepali context but weighs Nepal s claim to neutrality through the Indian and Chinese perceptions to underline the presence of ambiguity and uncertainty in Nepal s claim to neutrality Illustrating Nepal s attempt to neutrality as a mere survival strategy this study is less hopeful about Nepal s foreign policy institutions abandoning their Cold War worldview by embracing the strategy of sustenance in today s interdependent and globalized world Because as the book suggests power elites in Kathmandu are customarily lured by the ephemeral yet sporadic geopolitical ambitions either through discourses or deeds
